

# ROMANIAN REBEL LEADERS ASKED TO KILL SELVES

## HALIFAX STATES BRITAIN'S CHIEF NEED IS SUPPLIES

Calls Upon U. S. For Quick  
Mobilization Of Industrial  
Strength

THINKS HITLER LOST WAR  
BY SLOWNESS LAST JUNE

Says 'We Know They Will Not  
Succeed' In Defeating  
Britain

WASHINGTON, Jan. 25.—(AP)—Vice-  
Premier Halifax, Britain's new ambas-  
sador to the United States, said today that the  
United States could provide  
the embattled homeland with the speed  
mobilization of our great industrial  
strength and its transition into action  
to supply us with ships and supplies  
we need.

The vice-premier's statement was made  
after he had talked for  
more than an hour with Cordell Hull,  
secretary of state, a talk which Hal-  
ifax said covered the whole range of  
international affairs of vital interest  
to the two nations.

Halifax had an opportunity  
for an even longer discussion of the  
same subject with President Roose-  
velt when the chief executive shared  
all precedent by meeting the in-  
coming envoy last night on the pre-  
sidential yacht *Peterson* in Chesapeake  
bay.

The King George V. England's latest  
cruiser, brought Lord Halifax to the  
United States. It was discussed  
high American naval officials  
were given opportunity to report the  
latest British developments in detail.  
Halifax said that the British navy  
had fought a battle with the German  
U-boat fleet in the North Atlantic.  
The British navy, he said, was  
now in a position to meet the  
German navy on any terms.

The George V. stopped at Norfolk  
today and headed for the open sea, having  
spent only a little more than 24 hours  
in the United States.

## Bullitt Says U. S. Is Endangered

### Forging New Link In U. S. Lifeline

A new link, considered vital to hemisphere defense, is rapidly being formed in "America's lifeline"—the Panama canal. It is a third set of locks, offering an alternate route in war time in case of damage to existing locks. Photo above shows Atlantic approach of new locks, with Gatun lake at left. At right, huge suction dredge is digging out a channel. In many areas army engineers had to level tropical jungle such as appears on far shore.

## FOES IN LIBYA OUTRUN BRITISH

### Invaders Reported To Have Reached Derna; Town Apparently Deserted

CAIRO, Egypt, Jan. 25.—(AP)—British  
armies, after having fallen upon and  
broken an Italian tank column, were  
reported tonight to have reached  
Derna, Libya, 100 miles beyond the  
Egyptian frontier, under circumstances  
suggesting that it had been abandoned  
by the Fascists.

During the day, they met no resistance  
as far as could be learned.

While tanks and guns were being  
advanced along the coast road west of  
Tobruk as fast as trucks could carry  
them, armored cars and light mechan-  
ized units were sent out to meet the  
armies, which the Italians had been  
expecting to meet there tonight.

British officials said that the British  
armies, after having fallen upon and

## BOMBER SLIDES INTO DITCH HERE

### Plans Made For Immediate Enlargement Of Selmam Airport

Plans for immediate enlargement  
and improvement of Selmam field were  
announced here yesterday afternoon  
following a landing accident to an  
army bomber at the field yesterday  
morning.

At the end of a runway  
west of the field, a twin-engine  
Martin B-26 bomber ran into a ditch  
bordering the south side of the field  
yesterday morning, landing both propellers  
and a wing and damaging the  
landing gear. The lone occupant of  
the plane, a Barksdale field pilot, was  
unhurt. The cargo, according to Delta  
Airline officials, suffered about \$5000  
damage.

The bomber, on flight from Barksdale  
field, landed on the northwest-  
southeast runway, the longest of the  
two runways at the field.

The ship, about the size of the com-  
mercial Lockheed Electras which land  
at the field daily, and with a maximum  
landing speed approximating that of  
the Electra, came in at a little more  
than normal landing speed, but could  
have landed without accident had the  
runway been longer, airport officials  
said.

Two other army ships of the same  
model, which accompanied the bomber,  
from Barksdale field, landed on the  
same runway without mishap and  
took off again for the Shreveport  
field after the accident.

Commenting on the accident, Delta  
Airline officials said the partially-  
completed northwest-southeast run-  
way, running diagonally across the  
field, was the cause of the accident.

## CRUTCHER BLUNT TO LABOR UNIONS

### Asks Them Whether They Will Cooperate In Or Hinder Defense

NEW ORLEANS, Jan. 25.—(AP)—  
James H. Crutcher, Louisiana WPA  
administrator, today bluntly called  
upon labor unions here responsible  
for delay on a defense project to de-  
cide whether they are going to co-  
operate in the defense program or  
stand out and hinder it.

A deadlock which had delayed con-  
struction of a national guard obser-  
vation squadron project more than three  
weeks developed when the building  
trades refused skilled union  
labor, which was provided on the  
\$500,000 WPA project.

Never before in the history of the  
Louisiana WPA have the unions re-  
fused permission for their members  
to work on WPA projects, Crutcher  
said in a statement. "This problem  
does not exist in any other state."

"I understand," he continued, "that  
the national guard bureau in Wash-  
ington has wanted the Louisiana na-  
tional guard that it will withdraw its  
appropriation for the observation base  
and allocate the funds to some other  
project unless this deadlock is broken  
immediately."

The national guard has made it  
clear that it cannot construct this  
base without the assistance of the  
WPA. It seems to me that the next  
move is up to the unions to decide  
whether they are going to cooperate.

## TWELVE DEATHS BLAMED ON SNOW

### Storm Sweeps Over Most Of Nation East Of Rockies. Delays Vessel

By Associated Press

Twelve deaths were attributed last  
night to a snowstorm which blew  
up over the north Atlantic coast  
of the British Isles and continued in some  
parts yesterday.

New England, where as much as 14  
inches of snow were laid, Post  
office mail in Pennsylvania and one  
train in New York were delayed.

Where snow fell in Nebraska, Kansas  
and Iowa during the night, California  
reported snow for the first time out  
of the past 40. No serious flood dan-  
gers were present, though the  
flooded to last year's record at this  
time.

The north central states (Ohio and  
Michigan) and Maine, New York, New  
Jersey, and Rhode Island were forecast  
to have snow. Lower tempera-  
tures were forecast for New England.  
A predicted 10 below zero wave for  
Washington apparently delayed to the  
northwest.

These storms were reported over the  
Pacific coast today. The storm  
storm, which began over the north At-  
lantic, had been the coast guard cutter  
Argo as she headed to a point 50  
miles northeast of Seal Island, Nova  
Scotia, to assist the disabled and drift-  
ing Gloucester schooner Old Glory.

The coldest spot in the nation ap-  
parently was Watford, Minn., on the  
Canadian border, with 36 below zero  
by tonight; the temperature in Flor-  
ida hovered between 50 and 60.

Some snowfall recordings in the na-  
tion were: Upstate New York, 12  
inches; Pennsylvania, 5 to 8; Nebraska,  
10; Kansas, 2.

More than 7,000 workers were mar-  
shaled to rid New York City of three  
inches of snow.

## ESCAPED GERMAN SEES 'KNOCKOUT'

### OGDENSBURG, N. Y., Jan. 25.—(AP)— A 26-year-old German pursuit pilot, who escaped from a Soviet prison camp in England in September, left for New York City tonight after escaping two days ago from a Canadian prison train.

## LOUISIANA WOMAN SLAYER 'INSANE'

### BATON ROUGE, La., Jan. 25.—(AP)— Mrs. W. P. Strenger, 30, charged with killing her four-year-old adopted daughter, was committed to the East Louisiana Hospital for the Insane to- day.

## INTERPRETING THE WAR NEWS: Captured Italian Arms Are Given To Ethiopians

By Kirk L. Simpson  
(Associated Press Foreign Affairs Writer)

Italian arms, poured into North  
Africa to further Fascist dreams of a  
last-stand-Mediterranean empire, are  
being turned against their erstwhile  
owners.

Captured in undisclosed quantity in  
Egypt and Libya in defeats which cost  
Italy 100,000 or more prisoners taken  
by the British, those made-in-Italy  
rifles, machine guns, grenades and  
field guns have already appeared in  
East Africa, where Ethiopian tribes-  
men are in revolt against their Italian  
conquerors.

Emperor Haile Selassie, the Lion of  
Judah, has again raised his green and  
yellow banner over Ethiopia and  
arms wrested by the British from

## EX-ENVOY SEES GREAT 'URGENCY' FOR BRITISH AID

### Believes Invasion Of Western Hemisphere Certain If Nazis Win

### FORMER AMBASSADOR TO FRANCE LOUDLY CHEERED

### Testifies Before House Com- mittee On His Fiftieth Birthday

WASHINGTON, Jan. 25.—(AP)—De-  
claring that the United States is faced  
with a "terrible, terrible urgency,"  
William C. Bullitt told the House for-  
eign affairs committee today that if  
this country stepped up its production  
of military equipment to war-time  
levels Great Britain could defeat Ger-  
many.

But if Britain falls, the famed, bald-  
ing former ambassador to France said,  
invasion of the western hemisphere is  
"almost certain" and encirclement of  
the United States by totalitarian pow-  
ers is assured.

The foremost of a half dozen wit-  
nesses to testify today in behalf of the  
administration's British aid bill, Bul-  
litt read a prepared statement and  
then settled himself in a chair for  
nearly four hours to answer search-  
ing questions covering almost every  
aspect of the diplomatic world.

As his testimony ended, Bullitt  
poked up the leather brief case from  
which he had drawn innumerable pa-  
pers—including a letter from former  
Premier Roosevelt—arose, faced the com-  
mittee and declared solemnly:

"I feel this is a terrible, terrible  
urgency. I feel that the shipper has  
set the course of our ship. All of you  
gentlemen are officers and those of us  
who are out of office are the crew—and  
the cargo is America."

Chairman Bloom, Democrat, New  
York, standing with his arms crossed  
and a pronounced burst of ap-  
plause rolled from the spectators  
packed in the large hearing room.  
Committee members joined in the ap-  
plause, and Bloom, observing that it  
was continued on Fifth Page.

## Report 3 Killed, Hundreds Injured In Italian Riots

### Fascist Generals Listed Among Death Vic- tims; German Troops Intervene; Disorders Termed Grave And Far-Reaching

NEW YORK, Jan. 25.—(AP)—Winston Burdett, CBS  
correspondent in Belgrade, Yugoslavia, reported tonight that  
reports from Italy said three Italian generals were killed and  
several hundred persons were wounded today in rioting in  
Milan and Turin and smaller cities in the Italian Po valley.

Burdett's information was cabled to New York and  
broadcast here by CBS. He said foreign diplomatic sources in  
Belgrade were informed the three Italian officers were slain  
by intervening German troops during street riots in Milan.

Burdett said the reports stated the disorders, grave and  
far-reaching, began 24 hours ago and were continuing tonight.

The information reaching Belgrade, Burdett reported,  
said German forces took the main hand in fighting the dis-  
orders, Italian soldiers were said to have taken part in the  
street fighting, though it was not clear, Burdett added,  
whether they were on the side of the regime or the insur-  
gents or both.

German troops, Burdett said he had been informed, have  
occupied Milan's railroad station, telephone central office and  
postoffice. He said they are reported also on sentry duty at  
major Milan factories.

Burdett also relayed the report in  
Yugoslavia that German troops in  
northern Italy were aided in Milan  
by Italian Fascist Blackshirts. He said  
it was not clear whether Italian mili-  
tary casualties in the reported rioting  
also were aiding or were with the  
alleged insurgents.

Nazi troops, according to these  
reports, also have been given con-  
trol of all communications on the  
Italian island of Sicily and in the  
southern Italian region of Brindisi,  
Burdett said.

Another CBS correspondent, Harry  
W. Flannery in Berlin, reported in a  
broadcast that "endless trains with  
units of the German air force have  
been going over the Brenner pass into  
Italy carrying materials for air fields,  
signal facilities and ammunition sup-  
plies." Flannery said he quoted from  
the newspaper *Berliner Boersen Zei-  
tung*.

And Governor Sam Jones at Baton  
Rouge declared that there would be  
much more industry and said there  
was no reason why every business  
interest in Louisiana capable of pro-  
ducing, however small, should not  
step out and get its share.

The estimated \$100,000,000 com-  
parisons with the annual gross value of  
the Louisiana sugar, rice and cotton  
crops—around \$80,000,000.

Of the national defense sum \$45-  
400,000, not been invested in the major  
army camps, Beauregard, Livingston,  
Claborn, Polk and Shelby, which  
show personal payrolls of a total of  
125,000 men.

Other investments of \$58,525,750 in-  
cluded military investments at New  
Orleans outside of bombing squadron,  
\$30,000,000, bombing squadrons at New  
Orleans, Baton Rouge and probably  
Lake Charles, \$2,000,000, shipyards in-  
vestment on the industrial canal at  
New Orleans, \$2,000,000, construction at  
Barksdale field, Shreveport, to De-  
cember 31, \$47,150.

Other items included:

Total estimated payrolls New Or-  
leans, Baton Rouge and Lake Charles  
aviation fields \$20,000,000, military pay-  
rolls at New Orleans outside of bomb-  
ing squad, \$3,750,000, payroll Barksdale  
field, \$2,800,000, contract for boats, \$5-  
72,000, estimated expenditure indus-  
trial canal shipyards, one year,  
\$12,500,000; federal funds defense edu-  
cation, to December 31, \$267,200; mis-  
cellaneous expenditures, small con-  
tracts, etc., \$1,000,000; military acqui-  
sitions at New Orleans up to January  
1, 1941, new annual payroll \$8,000,000  
and new approximate investment \$4-  
675,000.

Payrolls for the 125,000 men em-  
ployed at the major camps were es-  
timated on the basis of \$30 per man per  
month, \$12 per man per month for  
food and \$2 per man per month for  
maintenance.

Someland. It cannot be large and it  
has been cut off from Italy for seven  
months, even more than the Libyan  
canal.

Italian retirement from the Anglo-  
Egyptian Sudan some 60 miles into  
Ethiopia under British pressure is an  
attempt not only to protect rail heads,  
but to shorten over-extended lines.  
There was grave menace of an Ethio-  
pian flanking attack if that force had  
not been quickly withdrawn.

Italian evacuation of British Somali-  
land and much of Ethiopia to concen-  
trate forces in a few defensible centers  
in East Africa would cause little sur-  
prise, Italian Ethiopia, flanking the Red  
sea approach to the Suez canal, seems  
a certain next British major objective  
in Africa.

## PUNISHMENT ON MASS BASIS IS 1 ALTERNATIVE

### Vice-Premier Horia Sima May Be In Flight Across Russia

### NEW POLITICAL PARTY TO BE FORMED BY ANTONESCU

### Dictator's New Government Expected To Be Largely Military

By Robert St. John  
(Associated Press Foreign Affairs Writer)

BUCHAREST, Rumania, Jan. 25.—  
(AP)—General Ion Antonescu, Ruman-  
ia's victorious dictator, offered the  
leaders of the Iron Guard rebellion  
today the bleak alternative of suicide  
or "mass punishment" at the hands  
of the state.

Their chief, Vice-Premier Horia  
Sima, was reported variously as under  
arrest or in flight across Soviet Rus-  
sia, but he and his associates were  
summoned to the premier to this  
strange self-judgment.

"You rebels! If you are true  
Iron Guards, punish yourself with  
true legionary punishment (and that  
by tradition is suicide) or otherwise  
you may be sure that I shall apply  
mass punishment myself."

(First it was understood in Buch-  
arest that Sima had been taken into  
custody. The subsequent suggestion  
that he might have found refuge in  
Russia was interesting in the light of  
Antonescu's earlier assertion that hold-  
out rebels had been under "communist  
influence.")

General Antonescu conferred during  
the day with the German minister,  
Baron Manfred von Killinger, and put  
every dock, airport and railroad depot  
under military control. All save in-  
ternational railroad traffic was halted;  
a 10 p.m. curfew was imposed; sol-  
diers were ordered to shoot instantly  
any person failing to halt in response  
to challenge.

Long lines of Jews filed all day into  
the morgues to identify relatives  
killed in the rebellion. Jewish quar-  
ters were sacked, Jewish homes soaked  
in oil and set afire, synagogues pil-  
laged, wrecked and burned.

In one Jewish home, it developed  
today, four and a half million lei (the  
lei is worth a fraction of a cent) were  
stolen. Soldiers in mopping up dis-  
covered quantities of money, furs,  
clothing, furniture looted from homes  
and shops by the rebels.

General Antonescu, still at the head  
of the state after four days of terror,  
announced that he was forming a new  
political party which would include  
Iron Guardsmen who had remained  
loyal to him and would promote "the  
common good" with Germany, and  
Italy. The new government is ex-  
pected to be largely military.

Tonight, rumors still flew as to  
Sima's whereabouts. A photograph  
sent to newspapers here for publica-  
tion represented that he had been ar-  
rested while on a secret tour of guard-  
posts in a sleeping car in the provinces  
in possession of 3,500,000 lei.

The picture showed him with other  
guardsmen. Newspaper editors received  
statements from several guardsmen ac-  
cording Sima of having appropriated  
for his own use \$300,000,000 lei of the  
Iron Guard's war relief fund.

"I raise it a duty and an honor  
to declare to the nation in these days  
of greatest sadness that I have behind  
(Continued on Fifth Page)

## \$190,000,000 TO FLOW INTO STATE

### Will Reach Louisiana Because Of National Defense Program

NEW ORLEANS, Jan. 25.—(AP)—  
Rough estimates today unofficially  
placed the amount of federal money  
now flowing into Louisiana, including the  
Camp Shelby (Hattiesburg, Miss.)  
area in the national defense program  
by the end of 1941 at nearly \$190-  
000,000.

And Governor Sam Jones at Baton  
Rouge declared that there would be  
much more industry and said there  
was no reason why every business  
interest in Louisiana capable of pro-  
ducing, however small, should not  
step out and get its share.

The estimated \$100,000,000 com-  
parisons with the annual gross value of  
the Louisiana sugar, rice and cotton  
crops—around \$80,000,000.

400,000, not been invested in the major  
army camps, Beauregard, Livingston,  
Claborn, Polk and Shelby, which  
show personal payrolls of a total of  
125,000 men.

Other investments of \$58,525,750 in-  
cluded military investments at New  
Orleans outside of bombing squadron,  
\$30,000,000, bombing squadrons at New  
Orleans, Baton Rouge and probably  
Lake Charles, \$2,000,000, shipyards in-  
vestment on the industrial canal at  
New Orleans, \$2,000,000, construction at  
Barksdale field, Shreveport, to De-  
cember 31, \$47,150.

Other items included:

Total estimated payrolls New Or-  
leans, Baton Rouge and Lake Charles  
aviation fields \$20,000,000, military pay-  
rolls at New Orleans outside of bomb-  
ing squad, \$3,750,000, payroll Barksdale  
field, \$2,800,000, contract for boats, \$5-  
72,000, estimated expenditure indus-  
trial canal shipyards, one year,  
\$12,500,000; federal funds defense edu-  
cation, to December 31, \$267,200; mis-  
cellaneous expenditures, small con-  
tracts, etc., \$1,000,000; military acqui-  
sitions at New Orleans up to January  
1, 1941, new annual payroll \$8,000,000  
and new approximate investment \$4-  
675,000.

Payrolls for the 125,000 men em-  
ployed at the major camps were es-  
timated on the basis of \$30 per man per  
month, \$12 per man per month for  
food and \$2 per man per month for  
maintenance.

## R. A. SHOTWELL DIES SUDDENLY

### Prominent Retired Business Man Succumbs Early Saturday

Robert A. Shotwell, 58, one of the  
most prominent retired businessmen  
of Monroe, died unexpectedly at the  
home of his son-in-law and daughter,  
Mr. and Mrs. M. S. Bloomer, 1801  
Petersburg boulevard, early Saturday.

There will be a Christian Science  
service at the residence, Sunday at 2  
p.m., and interment will be made in  
Riverside Rural Park, Metairie, La.

Mr. Shotwell was the son of George  
H. Shotwell, a native of Rahway, N. J.  
His mother was Sarah Lawrence,  
a native of Galveston, Tex. Shortly  
after their marriage, his parents made  
their home in New Orleans where  
Robert was born July 4, 1884.

Mr. Shotwell had resided in Mon-  
roe for about 30 years and had been  
prominently identified with its busi-  
ness and civic life. Back in the  
eighties, eighties, Mr. Shotwell be-  
came secretary-treasurer of the  
Society of Good Citizens, of which  
W. B. Rouse was president and D. W.  
Piper, vice-president. In 1904, Mr.  
Shotwell became president of the  
company, and D. G. Truitt, secre-  
tary-treasurer. This company became  
one of the largest wholesale grocers  
concerned in north Louisiana. Later  
Mr. Shotwell retired from the com-  
(Continued on Fifth Page)

## MENENDEZ LAUDS BRITISH AID BILL

FRANKFORT, Ky., Jan. 25.—(AP)—  
"Patience or compromise" with Hitler  
is "appeasement with a thin veneer of  
cynicism," Dr. Joseph C. Menendez  
of New Orleans, a vocal commander  
of the Veterans of Foreign Wars, said  
in an address to the state V. F. W.  
today.

Urging support of President Roose-  
velt he called for all-out aid to  
England. Menendez said victory for  
the axis powers "would mean the  
ultimate attack on western hemi-  
spherical civilization with a possible  
complete loss of human liberties and  
freedom" with "oppression and slav-  
ery" substituted.

Menendez spoke at the annual mid-  
winter conference of the state V. F.  
W., which is to be concluded tomor-  
row. Approximately 200 veterans and  
their wives attended.

"With our own skins in danger, this  
is no time to quarrel with Great Brit-  
ain over unpaid debts incurred during  
the World war," the commander said.  
"It will cost us much less to forget  
temporarily at least that five billion  
dollar World war debt than to invite  
a new war."

## MONROE SELECTED FOR BAND MEETING

LITTLE ROCK, Ark., Jan. 25.—(AP)—  
James Sims, Shreveport, La., was elect-  
ed chairman of regional seven of the  
National School Band Association here  
today and Monroe, La., chosen for the  
1941 meeting of the group.

Other officers elected were Roy  
Martin, Greenwood, Miss., vice-chair-  
man; Roger Dohrhardt, Grenada, Miss.,  
secretary-treasurer, and Addison Wal-  
ter, Fort Smith, Ark., and Dr. Hamil  
Casper, New Orleans, La., representa-  
tives on the national board of control.  
Bruce Jones, Little Rock, was elect-  
ed coordinator of competition festivals  
for the region.

THE WEATHER  
LOUISIANA: Cloudy, showers, colder over north and west portions Sunday; Monday partly cloudy, colder in southeast portion. Moderate southeasterly winds on the coast.  
ARKANSAS: Cloudy, occasional rains over extreme east portion, colder Sunday; Monday partly cloudy, continued cold.  
MONROE: Maximum 55; minimum 40.8.

## RUMANIAN REBEL LEADERS ASKED TO KILL SELVES

### HALIFAX STATES BRITAIN'S CHIEF NEED IS SUPPLIES

alls Upon U. S. For Quick  
Mobilization Of Industrial  
Strength  
HINKS HITLER LOST WAR  
Y SLOWNESS LAST JUNE  
ays 'We Know They Will Not  
Succeed' In Defeating  
Britain

WASHINGTON, Jan. 25.—(AP)—Viscount Halifax, Britain's new ambassador and member of the British war cabinet, said today that the greatest aid the United States could provide is embattled homeland was speedy mobilization of your great industrial strength and its translation into action to supply us with ships and supplies he said.

The tall envoy's statement was made in a report after he had talked for more than an hour with Cordell Hull, secretary of state, a talk which Halifax said covered the whole range of international affairs of vital interest to the two nations.

Viscount Halifax had an opportunity for an even longer discussion of the same subject with President Roosevelt when the chief executive shuttled from the White House to the incoming envoy last night on the presidential yacht Potomac in Chesapeake Bay.

The King George V, England's latest battleship, brought Lord Halifax to the United States. It was disclosed today that high American naval officials were given opportunity to inspect the newest British development in dreadnaughts. Those who went over the ship last night were Secretary of the Navy Knox, Admiral Harold R. Stark, chief of naval operations, and Captain Daniel J. Callaghan, the president's naval aide. Major-General Edwin M. Watson, presidential secretary, also visited the ship.

The George V upped anchor today and headed for the open sea, having spent only a little more than 21 hours of the 24 it might have remained in.

### TWELVE DEATHS BLAMED ON SNOW

Storm Sweeps Over Most Of  
Nation East Of Rockies,  
Delays Vessel

(By Associated Press)  
Twelve deaths were attributed last night to a snowstorm which late Friday swept over most of the nation east of the Rockies and continued in some sections yesterday.

New England, where as much as 14 inches fell, listed seven dead. Four persons died in Pennsylvania and one in Iowa.

While snow fell in Nebraska, Kansas and Iowa during the day, California reported rain for the third day out of the past 40. No serious flood conditions prevailed there although the rainfall to date exceeded the normal average and last year's record at this time.

The north central states, Ohio and Missouri and upstate New York expected more snow. Lower temperatures were forecast for New England. A predicted 10 below zero wave for Wisconsin apparently detoured to the northeast.

The storms were reported over the Pacific coast route to California. The storm still raging over the north Atlantic held back the coast guard cutter Argo as she headed to a point 50 miles northeast of Seal Island, Nova Scotia, to aid the disabled and drifting Gloucester schooner Old Glory.

The coldest spot in the nation apparently was Warroad, Minn., on the Canadian border, with 36 below zero. By contrast, the temperature in Florida hovered between 50 and 67.

Some snowfall recordings in the nation were: Upstate New York, 12 inches; Pennsylvania, 5 to 8; Nebraska, 10; Kansas, 2.

More than 7,000 workers were marshaled to rid New York City of three inches of snow.

### MONROE SELECTED FOR BAND MEETING

LITTLE ROCK, Ark., Jan. 25.—(AP)—Hines Sims, Shreveport, La., was elected chairman of region seven of the National School Band Association here today and Monroe, La., chosen for the 1941 meeting of the group.

Other officers elected were Roy Martin, Greenwood, Miss., vice-chairman; Roger Dollard, Grenada, Miss., secretary-treasurer; and Addison Wall, Fort Smith, Ark., and Dr. Hamill Upeno, New Orleans, La., representatives on the national board of control.

Bruce Jones, Little Rock, was elected coordinator of competition festivals for the region.

## Bullitt Says U. S. Is Endangered

Forging New Link In U. S. Lifeline

A new link, considered vital to hemisphere defense, is rapidly being formed in "America's lifeline"—the Panama canal. It is a third set of locks, offering an alternate route in war time in case of damage to existing locks. Photo above shows Atlantic approach of new locks, with Gatun lake at left. At right, huge suction dredge is digging out a channel. In many areas army engineers had to level tropical jungle such as appears on far shore.

### FOES IN LIBYA OUTRUN BRITISH

Invasers Reported To Have  
Reached Derna; Town  
Apparently Deserted

CAIRO, Egypt, Jan. 25.—(AP)—British armored cars, having fallen upon and broken an Italian tank column, were reported tonight to have reached Derna, Libya, 115 miles beyond the Egyptian frontier, under circumstances suggesting that it had been abandoned by the Fascists.

During the day they met no resistance so far as could be learned. The Italian tanks were dispersed yesterday. While troops and guns were being advanced along the coast road west of Tobruk as fast as trucks could carry them, armored cars and light mechanized units swept past Martuba air-drome, which the Italians had been occupying only three nights ago.

Beyond stating that operations were "proceeding satisfactorily" the British command gave little information of what had happened at Derna, but the fact that R. A. F. reconnaissance planes reported spotting eight Italian planes burning on the landing ground there was considered significant.

It appeared that the Italians had fired the planes before retreating.

New British and allied successes across half the continent of Africa, to the south, also were reported.

In aerial support of both spurts of the British offensive, the R. A. F. reported damaging aircraft on a field at Magrum, 45 miles south of Bengasi. In East Africa, it was said, hits were scored on rail lines at Bishia, Agordat and Kerem. Italian posts, airplanes and motor transports also were reported bombed.

"Many bombs" were said to have been dropped in a raid Thursday night on the airbase at Maritza, Rhodes, a fortified Italian base in the Dodecanese.

In Italian Eritrea, which faces the Anglo-Egyptian Sudan, advancing

### CRUTCHER BLUNT TO LABOR UNIONS

Asks Them Whether They Will  
Cooperate In Or Hinder  
Defense

NEW ORLEANS, Jan. 25.—(AP)—James H. Crutcher, Louisiana WPA administrator, today bluntly called upon labor unions here responsible for delay on a defense project "to decide whether they are going to cooperate in the defense program or stand out and hinder it."

A deadlock which had delayed construction of a national guard observation squadron project more than three weeks developed when the building trades council decided skilled union labor would not be provided on the \$360,000 WPA project.

"Never before in the history of the Louisiana WPA have the unions refused permission for their members to work on WPA projects," Crutcher said in a statement. "This problem does not exist in any other state."

"I understand," he continued, "that the national guard bureau in Washington has warned the Louisiana national guard that it will withdraw its appropriation for the observation base and allocate the funds to some other city unless this deadlock is broken immediately."

"The national guard has made it clear that it cannot construct this base without the assistance of the WPA. It seems to me that the next move is up to the unions to decide whether they are going to cooperate

### LOUISIANA WOMAN SLAYER 'INSANE'

BATON ROUGE, La., Jan. 25.—(AP)—Mrs. W. P. Strenger, 30, charged with killing her four-year-old adopted daughter, was committed to the East Louisiana Hospital for the Insane yesterday.

The district attorney's office filed a murder charge and a request for a detainer in the event she should be released from the hospital.

Coroner Harry Johnston said the child's badly bruised body indicated it had been held by the feet and dashed against furniture and walls.

### Interpreting The War News: Captured Italian Arms Are Given To Ethiopians

(Associated Press Foreign Affairs Writers)  
Fascist foes in North Africa are quickly equipping Ethiopian natives for an effort, with British help, to sweep Italian forces out of all East Africa.

There are no official figures for the extent of British armament captures at Sidi Barrani, at Bardia or at Tobruk. It is unquestionably very large. Cairo has reported great ammunition and supply dumps taken intact.

In those victories in North Africa the British have acquired Italian arms and ammunition suited to the use of Haile Selassie's warriors without tapping Italian reserves in Africa or in England. Like Greek armament, captured in the Albanian campaign, those lost weapons deal Italy a double blow. They not only decrease her own powers of defense, but augment the offensive operations of her foes.

It is reasonable to suppose that the British in Africa now have available from Italian sources fighting equipment for 50,000 to 100,000 or even more Ethiopian tribesmen. Had the Lion of Judah's forces possessed such armament in 1936, the Italian conquest of Ethiopia might have been averted.

British captures of usable Italian tanks and other motorized equipment in North Africa have been stressed. Mechanized equipment will play a less important part in East African guerrilla campaigning than in North Africa except as to transportation of weapons and ammunition from west to east.

There are no certain estimates of the total Italian force thinly spread through Eritrea, Ethiopia, British and Italian

### EX-ENVOY SEES GREAT 'URGENCY' FOR BRITISH AID

Believes Invasion Of Western  
Hemisphere Certain If  
Nazis Win  
FORMER AMBASSADOR TO  
FRANCE LOUDLY CHEERED  
Testifies Before House Com-  
mittee On His Fiftieth  
Birthday

WASHINGTON, Jan. 25.—(AP)—Declaring that the United States is faced with a "terrible, terrible urgency," William C. Bullitt told the house foreign affairs committee today that if this country stepped up its production of military equipment to war-time levels Great Britain could defeat Germany.

But if Britain fails, the tanned, baldish former ambassador to France said, invasion of the western hemisphere is "almost certain" and encirclement of the United States by totalitarian powers is assured.

The foremost of a half dozen witnesses to testify today in behalf of the administration's British aid bill, Bullitt read a prepared statement and then settled himself in a chair for nearly four hours to answer searching questions covering almost every aspect of the diplomatic world.

As his testimony ended, Bullitt picked up the leather brief case from which he had drawn innumerable papers—including a letter from former Premier of France Daladier to President Roosevelt—across, faced the committee and declared solemnly:

"I feel this is a terrible, terrible urgency. I feel that the skipper has set the course of our ship. All of you gentlemen are officers and those of us who are out of office are the crew—and the cargo is America."

Chairman Bloom, Democrat, New York, standing with gavel raised beamed as a prolonged burst of applause rolled from the spectators packed in the large hearing room. Committee members joined in the applause, and Bloom, observing that it

### THINK BYRNES TO GET COURT POST

Senator Reported Selected To  
Succeed Justice Mc-  
Reynolds

WASHINGTON, Jan. 25.—(AP)—Well-informed Senate sources said today that President Roosevelt had selected Senator James F. Byrnes of South Carolina to succeed Justice C. McReynolds as an associate justice of the supreme court.

Mr. Roosevelt said yesterday he had selected an appointee, but added that the name would not be announced for many weeks. McReynolds will retire February 1.

The chief executive only laughed when asked whether the nomination would be delayed until after congress acts on his aid-to-Britain legislation.

Byrnes has been designated one of the floor managers for the bill and Senate informants said that announcement of his appointment to the supreme court would be withheld until the measure had been disposed of.

Byrnes himself was uncommunicative, but it was reported reliably that he was receptive to a court appointment. Senators Barkley, Democrat, Kentucky, the majority leader; Glass, Democrat, Virginia, and Harrison, Democrat, Mississippi, called at the White House earlier this week to urge

### Report 3 Killed, Hundreds Injured In Italian Riots

Fascist Generals Listed Among Death Victims; German Troops Intervene; Disorders  
Termed Grave And Far-Reaching

NEW YORK, Jan. 25.—(AP)—Winston Burdett, CBS correspondent in Belgrade, Yugoslavia, reported tonight that reports from Italy said three Italian generals were killed and several hundred persons were wounded today in rioting in Milan and Turin and smaller cities in the Italian Po valley.

Burdett's information was cabled to New York and broadcast here by CBS. He said foreign diplomatic sources in Belgrade were informed the three Italian officers were slain by intervening German troops during street riots in Milan.

Burdett said the reports stated the disorders, grave and far-reaching, began 24 hours ago and were continuing tonight.

The information reaching Belgrade, Burdett reported, said German forces took the main hand in fighting the disorders. Italian soldiers were said to have taken part in the street fighting, though it was not clear, Burdett added, whether they were on the side of the regime or the insurgents or both.

German troops, Burdett said he had been informed, have occupied Milan's railroad station, telephone central office and postoffice. He said they are reported also on sentry duty at major Milan factories.

Burdett also relayed the report in Yugoslavia that German troops in northern Italy were aided in Milan by Italian Fascist Blackshirts. He said it was not clear whether Italian military casualties in the reported rioting also were aiding or were with the alleged insurgents.

Nazi troops, according to these reports, also have been given control of all communications on the Italian island of Sicily and in the southern Italian region of Brindisi, Burdett said.

Another CBS correspondent, Harry W. Flannery in Berlin, reported in a broadcast that "endless trains with units of the German air force have been going over the Brenner pass (into Italy) carrying materials for air fields, signal facilities and ammunition supplies." Flannery said he quoted from the newspaper Berliner Boersen Zeitung.

And Governor Sam Jones at Baton Rouge declared that there would be much more industry and said there was no reason why every business interest in Louisiana capable of producing, however small, should not step out and get its share.

The contemplated \$190,000,000 compares with the annual gross value of the Louisiana sugar, rice and cotton crops—around \$80,000,000.

Of the national defense sum \$48,400,000 has been invested in the major army camps, Beauregard, Livingston, Claiborne, Polk and Shelby, which show personnel payrolls of a total of 125,000 men.

Other investments of \$38,852,750 included military investments at New Orleans outside of bombing squadron, \$3,075,000; bombing squadrons at New Orleans, Baton Rouge and probably Lake Charles, \$3,000,000; shipyards investment on the industrial canal at New Orleans, \$3,500,000; construction at Barksdale field, Shreveport, to December 31, \$877,750.

Other items included:

Total estimated payrolls New Orleans aviation fields, \$9,000,000; military payrolls at New Orleans outside of bombing field, \$2,780,000; contract for boats, \$3,722,000; estimated expenditure industrial canal shipyards, one year, \$12,500,000; federal funds defense education to December 31, \$207,200; miscellaneous expenditures, small contracts, etc., \$1,000,000; military acquisitions at New Orleans up to January 1, 1941, new annual payroll \$8,095,000 and new approximate investment \$4,075,000.

Payrolls for the 125,000 men employed at the major camps were estimated on the basis of \$50 per man per month, \$12 per man per month for food and \$2 per man per month for maintenance.

## PUNISHMENT ON MASS BASIS IS 1 ALTERNATIVE

Vice-Premier Horia Sima May  
Be In Flight Across  
Russia  
NEW POLITICAL PARTY TO  
BE FORMED BY ANTONESCU  
Dictator's New Government  
Expected To Be Largely  
Military

By Robert St. John  
(Associated Press Foreign Affairs Writers)  
BUCHAREST, Rumania, Jan. 25.—(AP)—General Ion Antonescu, Rumania's victorious dictator, offered the leaders of the Iron Guard rebellion today the bleak alternative of suicide or "mass punishment" at the hands of the state.

Their chief, Vice-Premier Horia Sima, was reported variously as under arrest or in flight across Soviet Russia, but he and his associates were summoned by the premier to this strange self-judgment.

"... You rebels! If you are true Iron Guards, punish yourself with true legionary punishment (and that by tradition is suicide) or otherwise you may be sure that I shall apply mass punishment myself."

(First it was understood in Bucharest that Sima had been taken into custody. The subsequent suggestion that he might have found refuge in Russia was interesting in the light of Antonescu's earlier assertion that hold-out rebels had been under "communist influence.")

General Antonescu conferred during the day with the German minister, Baron Manfred von Killinger, and put every dock, airport and railroad depot under military control. All save international railroad traffic was halted; a 10 p.m. curfew was imposed; soldiers were ordered to shoot instantly any person failing to halt in response to a challenge.

Long lines of Jews filed all day into the morgues to identify relatives killed in the rebellion. A Jewish quarters were sacked, Jewish homes soaked in oil and set afire, synagogues pillaged, wrecked and burned.

In one Jewish home, it developed tonight, four and a half million lei (the lei is worth a fraction of a cent) were stolen. Soldiers in mopping up disordered quantities of money, furs, clothing, furniture looted from homes and shops by the rebels.

General Antonescu, still at the head of the state after four days of terror, announced that he was forming a new political party which would include Iron Guardsmen who had remained loyal to him and would promote "the common spirit with Germany and Italy." The new government is expected to be largely military.

Tonight's rumors still flew as to Sima's whereabouts. A photograph sent to newspapers here for publication represented that he had been arrested with several other Iron Guards in a sleeping car in the provinces in possession of 3,500,000 lei.

The picture showed him with other guards. Newspaper editors received statements from several guardsmen accusing Sima of having appropriated for his own use 800,000 lei of the Iron Guard poor relief fund.

"I make it a duty and an honor to declare to the nation in these days of greatest sadness that I have behind

(Continued on Fifth Page)

## \$190,000,000 TO FLOW INTO STATE

Will Reach Louisiana Because  
Of National Defense  
Program

NEW ORLEANS, Jan. 25.—(AP)—Rough estimates today unofficially placed the amount of federal money to flow into Louisiana, including the Camp Shelby (Hattiesburg, Miss.) area, in the national defense program by the end of 1941 at nearly \$190,000,000.

And Governor Sam Jones at Baton Rouge declared that there would be much more industry and said there was no reason why every business interest in Louisiana capable of producing, however small, should not step out and get its share.

The contemplated \$190,000,000 compares with the annual gross value of the Louisiana sugar, rice and cotton crops—around \$80,000,000.

Of the national defense sum \$48,400,000 has been invested in the major army camps, Beauregard, Livingston, Claiborne, Polk and Shelby, which show personnel payrolls of a total of 125,000 men.

## R. A. SHOTWELL DIES SUDDENLY

Prominent Retired Business  
Man Succumbs Early  
Saturday

Robert A. Shotwell, 76, one of the most prominent retired businessmen of Monroe, died unexpectedly at the home of his son-in-law and daughter, Mr. and Mrs. M. S. Biederman, 1801 Pargoud boulevard, early Saturday.

There will be a Christian Science service at the residence, Sunday at 3 p.m., and interment will be made in Riverview Burial Park. Mulhearn Funeral Home will be in charge.

Mr. Shotwell was the son of George H. Shotwell, a native of Rahway, N. J. His mother was Sarah Livermore, a native of Galveston, Tex. Shortly after their marriage, his parents made their home in New Orleans, where Robert was born, July 4, 1864.

Mr. Shotwell had resided in Monroe for nearly 50 years and had been prominently identified with its business and civic life. Back in the eighteen eighties, Mr. Shotwell became secretary-treasurer of the Southern Grocer company, of which W. B. Rely was president and D. W. Pipes, vice-president. In 1904, Mr. Shotwell became president of the company, and D. G. Trousdale, secretary-treasurer. This company became one of the largest wholesale grocer concerns in north Louisiana. Later Mr. Shotwell retired from the com-

## MENENDEZ LAUDS BRITISH AID BILL

FRANKFORT, Ky., Jan. 25.—(AP)—"Patience or compromise" with Hitler is "appeasement with a thin veneer of camouflage," Dr. Joseph C. Menendez of New Orleans, national commander of the Veterans of Foreign Wars, said in an address to the state V. F. W. tonight.

Urging support of President Roosevelt "as he calls for all-out aid to England," Menendez said victory for the axis powers "would mean the ultimate attack on western hemisphere civilization with a possible complete loss of human liberties and freedom" with "oppression and slavery" substituted.

Menendez spoke at the annual mid-winter conference of the state V. F. W., which is to be concluded tomorrow. Approximately 200 veterans and their wives attended.

"With our own skins in danger, this is no time to quarrel with Great Britain over unpaid debts incurred during the World War," the commander said. "It will cost us much less to forget temporarily at least that five billion dollar World War debt than to invite a new war."

MRS. HARRIMAN RESIGNS  
WASHINGTON, Jan. 25.—(AP)—Mrs. J. Borden Harriman said today that she had tendered her resignation as minister to Norway about six weeks ago, and that while she had received no official word she felt sure it was accepted January 21. Mrs. Harriman, the first woman to represent the United States officially in a war zone, told of her resignation while testifying before the house foreign affairs committee in support of the British aid bill.

## \$750,000 DAMAGES ASKED IN OIL SUIT

NEW ORLEANS, Jan. 25.—(AP)—Suits asking \$750,000 alleged damages to Golden Meadows oil land from a wild well last January was filed in federal court here today against the Texas company by Philoctes C. Autement of Lafourche parish, who alleged negligence in drilling.

The petition alleged that the Texas company held a lease on the property and had subleased a portion of it to another company.

Damage of not less than \$500,000 was claimed on the sublease and \$250,000 on an adjoining tract.

Autement asked the court to determine the actual waste and damage and award judgment.

## GLAMOUR BOY

'LIVE-AT-HOME' DRIVE PLANNED

Agriculture Department Will Launch Campaign At Atlanta, Ga.

WASHINGTON, Jan. 25.—(AP)—The agriculture department will launch a campaign at Atlanta, Ga., next week which is designed, officials said, to put into operation a farm "live-at-home" program along the line advocated by many southern newspapers for many years.

The campaign will have as its goal the diversion of between 2,000,000 and 3,000,000 acres of cotton land into the production of gardens, fruits, other food and feed crops for farm-home consumption.

Details of the campaign will be drafted at a conference of state and federal agriculture department officials at Atlanta Monday and Tuesday and at a south-wide agricultural administration conference at New Orleans February 10-12.

As a special inducement, the AAA plans to make available \$3,000,000 for benefit payments to farmers for purchase of garden seed. These payments would be in addition to the AAA's regular offer of \$1.50 for each farm garden.

Officials explain that their decision to place special emphasis on greater home production of food was brought about by the facts that many southern low-income farm families subsist on diets far below health levels and that the bulk of this country's foreign markets for cotton had been shut off by the war.

Many tenants and sharecroppers buy food that could be produced at home, officials said. Such families, it was said, could raise their level of living by producing more of the products which they need for consumption. Their income from commercial farming could be used then, it was explained, for purchase of products which would raise their living standards.

The department estimated recently that the south needed 30 per cent larger acreages of food and feed crops, 500,000 more head of milk cows, 50,000,000 more chickens, and 1,000,000 head of beef cattle to provide home-raised food for farm families on a "minimum adequate diet."

M. L. Wilson, director of the department's extension service, will attend the Atlanta conference. Others to attend include state extension service and experiment station officials from Arkansas, Alabama, Florida, Georgia, Louisiana, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee and Texas.

Wilson said that if the south was to adequately feed its people it must produce more milk, poultry and eggs, meats, fruits and vegetables as well as livestock feed crops.

He said that in nine southeastern cotton producing states more than one farm in every four does not have a milk cow, one in every three does not raise hogs, one in every 10 does not keep chickens, and one in every four does not have home gardens.

"Increased home food production for home use," Wilson said, "is not only more important to southern farmers now than ever before, but adequate nutrition for the entire population is one of the most vital necessities of a nation if its people are to be strong, of high morale, and feel that they have a stake in their country worth defending."

This program will be coordinated with plans for distributing \$25,000,000 worth of stamps among farmers for purchase of cotton goods at regular stores. To obtain a share of these stamps farmers would have to reduce 1941 cotton plantings below their AAA acreage allotments.

Uncle Sam's Top Glamour Boy Hails From Monroe

GLAMOUR BOY

'Grease Monkeys' Like Corp. Langston Guide The Course Of Generals

Uncle Sam's No. 1 glamour boy hails from Monroe.

A "grease monkey" at the United States army camp at Fort Jay, N. Y., he is Corporal Jack Langston, 207 South Third street.

The young corporal is the step-son of Virgil Garlock, Monroe. A former student of Ouachita Parish High school, the 19-year-old soldier is stationed with Company A, 518 M. P. Battalion, at Fort Jay.

Corporal Langston first joined the National Guard here, resigned and then was recruited by Sergeant H. B. McNemar into the regular army. He left Monroe March 15, 1940.

Always interested in mechanics, young Langston picked up a lot of information along that line from his step-father, who is a refrigeration mechanic. When he joined the army he entered the mechanized division and became a glamour boy.

The "grease monkey" is the army's glamour boy, and Corporal Langston was chosen by the New York Mirror as the typical modern doughboy, who, through mechanization, has come into his own. He is to today's army what Lafayette was to the Revolution, what dashing Jeb Stewart and Phil Sheridan were to the War between the States, what Teddy Roosevelt epitomized in his day with his rough and ready glamour, and what members of the volunteer Lafayette Escadrille were to World War I.

Corporal Langston, the doughboy of today, rides in the finest motorized equipment. The United States army now has nine mechanized divisions in the field in addition to two armored combat divisions. Difference between the two is that the combat divisions are composed entirely of combat machinery, while the mechanized divisions are composed primarily and exclusively of transport machinery.

The modern "grease monkey" is no sissy, and his glamour does not derive from his handsome profile—though Corporal Langston even passes that test of glamour—or from his efficiency while driving one of the army's new motorized juggernauts. His glamour comes from the fact that he is the indispensable man about the maintenance and repair shops. The last word in handy men, he it is who sees to it that the complicated motorized equipment is in first-class condition and ready to move at a moment's notice. He it is who must see to it that the delicate machinery of the army's new guns is ready for instant action when the call comes.

What grease monkeys like Corporal Langston say about the state of the mechanized divisions goes; their opinions guide the course of generals.

"Grease monkeys" in the artillery and coast defense claim their share of glamour, too. Gone are the days when they stood by, and watched the glory go to men in the more adventurous branches of the service. Even in the air service these days it is the "grease monkey" who is top man. He it is who tells the pilots when and if not, why not. It is on the say-so of the "grease monkey" that any plane can be grounded—and no quibbling, general.

GETS 'SAFER' JOB, WILL FLY BOMBERS

CHICAGO, Jan. 25.—(AP)—Paul T. Miller, veteran Chicago flier who has been ferrying combat airplanes in England, is looking forward to a job he considers less dangerous—flying American-made bombers across the Atlantic from Canada to Britain.

Miller has just put in six months in the air transport auxiliary, a civil branch of the Royal Air Force, engaged in ferrying planes from factories and assembly points to fighting squadrons.

Many of the 50 American pilots in the A. T. A., he said in an interview last night, are turning to the job of ferrying bombers across the Atlantic because of the flying hazards in England.

Miller, who has been flying for 21 years, said that the danger came not from German air raiders but from British balloon barrages, anti-aircraft gunners unable to see well in the haze and fog, and almost continual bad weather.

"It would be a cinch to fly in England if the weather were like it is here," he said. "But they have clouds and haze all the time. The balloon barrages are terrific. We have to fly down corridors a mile wide. These corridors are shifted, and they vary from the maps when the wind blows."

Miller, who has made two transatlantic ferrying trips, said he hopes "to get settled down in a quiet routine flying bombers over the Atlantic."

HIGH COURT HALTS BALLOT RE-COUNT

JEFFERSON CITY, Mo., Jan. 25.—(AP)—The supreme court took jurisdiction of Missouri's tangled governorship fight tonight, halting a proposed re-count of ballots cast in last November's election.

The court issued a temporary prohibition against a 10-member legislative committee which planned to open its first boxes Monday. The order gave the committee until Thursday to argue against making the writ permanent.

Republican Forrest C. Donnell—kept out of the governor's chair by Democratic legislators determined to "investigate" his 3,612-vote majority over Lawrence McDaniel—appeared before the supreme court clerk in person to file the application for the writ.

TAKE PART IN 'FIGHT INFANTILE PARALYSIS' CAMPAIGN

DEATHS

**JONES FUNERAL**  
The funeral of William Ivy Jones, 51, Beekman, La., who was fatally injured by a rail car near Bastrop, Thursday, was held at Hickory Grove Church, near Beekman, Saturday morning. Rev. I. A. Patton, West Monroe, officiated. Interment in a nearby cemetery was supervised by the Dixie Funeral Home.

Mr. Jones leaves his widow; a son, Herbert Jones, Monroe; a daughter, Miss Birdie Lee Jones, Shreveport; and two sisters, Mrs. Ada J. Chancellor, Shreveport; and Mrs. W. J. Day, Bastrop.

ZACK L. LEWIS

Zack L. Lewis, 70, residing near Darnell, died at his residence Friday at 6 p.m. The funeral was held at Frantom Chapel Church, near Eros, Saturday at 2 p.m., with Rev. James Spillar, Congregational pastor, officiating. Interment in the church cemetery was supervised by the Mulhearn Funeral Home, Rayville.

Mr. Lewis leaves three sons, J. E. Lewis, Calhoun; J. A. Lewis and J. F. Lewis, both of Pioneer; and two daughters, Mrs. H. L. Rawls, Monroe; and Mrs. D. C. Wright, Oak Grove.

WILLIAM IVY JONES

Funeral services for William Ivy Jones, 51, Beekman, La., who was fatally injured by a rail car near Bastrop Thursday afternoon, were held Saturday at Hickory Grove church near Beekman, with Rev. I. A. Patton of West Monroe conducting. Burial was in Hickory Grove cemetery.

The funeral cortege left the chapel of the Dixie Funeral home at 9 a. m. Saturday for Hickory Grove church. Mr. Jones is survived by his widow, Eula G. Jones; a son, Herbert Jones, Monroe; a daughter, Birdie Lee Jones, Shreveport; two sisters, Mrs. Ada J. Chancellor, Shreveport, and Mrs. W. J. Day, Bastrop.

J. C. BARRETT

J. C. Barrett, 67, of Waverly, La., died at his residence at 10 p.m. Saturday.

Funeral arrangements to be under direction of the Dixie Funeral home were incomplete last night.

REPORTS DUTCH SCHULTZ WANTED DEWEY KILLED

NEW YORK, Jan. 25.—(AP)—Dutch Schultz, big shot of prohibition era racketeers, was slain in 1935, the New York Sun said today, because he had told his henchmen that unless they obeyed his orders to kill Thomas E. Dewey, he personally would open fire on the then special prosecutor.

ASKS INDUSTRIAL HELP FOR BRITAIN

LONDON, Jan. 25.—(AP)—Shipping Minister Ronald Cross, in a transatlantic broadcast to the United States, declared tonight that Britain can beat the "U-boat threat" but "we must have your industrial support."

Cross, whose job it is to assure British ships for her urgently needed supplies, dwelt at length on Britain's reliance on sea-borne commerce for survival and her fight to keep the sea lanes open and filled with her ships.

"We face serious danger," Cross said. "Ever since the fall of France our shipping losses have been heavy, and at the present rate of sinkings, the day might come when our power to import would not equal our military needs. We are putting out all our energy, using every resource to meet this threat, for if the output of your factories could not reach these shores, our plans to defeat Hitlerism must yield to a mere passive defense."

"The war might drag for long years, before we could wear down the enemy's spirit."

"So it is vital to maintain our shipping. British shipyards are working at full stretch to replace losses of cargo ships and reduce them by augmenting warships to protect convoys."

"But the need for ships exceeds the unaided capacity of our yards."

MORTON DOWNEYS REACH AGREEMENT

BEVERLY HILLS, Calif., Jan. 25.—(AP)—Attorneys for the estranged Morton Downeys said today the couple had reached a property and child custody agreement. They added they could not say whether there ever would be a reconciliation.

The singer flew here recently from New Orleans in an attempt to dissuade his wife, the former Barbara Bennett, from her announced intention of prosecuting a separate maintenance suit. Friends reported she decided on the action because of Downey's long absences from home on tours. The Downeys have five children.

QUINTUPLETS use MUSTEROLE for CHEST COLDS

Mother! Give YOUR Child The Same Expert Care

At the first sign of a chest cold—the Dione Quintuplets' chests and throats are rubbed with Children's Mild Musterole—a product made especially to promptly relieve the DISTRESS of children's colds and resulting bronchial and croupy coughs.

Relief usually comes quickly because Musterole is MORE than an ordinary "salve." It helps break up local congestion. As Musterole is used on the Quints you may be sure you are using just about the BEST product made. Also in Regular and Extra Strength for those preferring a stronger product.

BIRTHS

Mr. and Mrs. J. F. Evans, 3304 Lee avenue, announce the birth Friday of a son at St. Francis Sanitarium.

Mr. and Mrs. G. R. Bonnette, 308 Clayton avenue, announce the birth of a daughter, Patricia Ann, Thursday at the Vaughan-Wright-Bendall Clinic.

Mr. and Mrs. Louis Brown, 812 Natchitoches street, West Monroe, announce the birth, Saturday, of a daughter, Sue Irene. Mrs. Brown is the former Miss Sadie Smith, Calhoun.

Announcement has been made of an order by the navy for 200 alligator amphibian tanks. These tanks are capable of 25 miles an hour on land and 8 1-2 miles an hour in water.

ELLENDER BUSY ON SUGAR BILL

Wants To Increase Continental Quotas To Ultimate 40 Per Cent

WASHINGTON, Jan. 25.—(AP)—Senator Ellender, Democrat, Louisiana, said today he was preparing a bill to increase continental sugar quotas from the present 28 per cent to an ultimate 40 per cent of the nation's sugar requirements.

The increases would be on an annual graduated percentage basis, with the quota system and benefit payments to growers continued along present lines.

Production increases in continental United States would of necessity be made at the expense of offshore producers in Cuba, Hawaii, Puerto Rico and the Philippines, the senator explained.

He suggested that those sources could turn more to world markets and curtail their sugar production somewhat to enable more extensive planting of "self-sustaining" general crops on what has been sugar acreage.

The bill is to be ready for introduction next week, Ellender said. He believes it will have the support of senators from both cane and beet sugar-producing areas in the United States, who long have sought increases.

Senator Clark, Democrat, Idaho, said he was heartily in favor of "saving the domestic market for the domestic grower."

"There is no reason," the Idaho senator said, "that sugar should be in a different category from other commodities, on which the payment of tariff is required."

"There is no reason we should permit Cuba, for instance, to share in the continental market, which ultimately should be reserved for continental growers."

He added that he would favor the principle of such a bill as Ellender was preparing.

Senator Johnson, Democrat, Colorado, declared that "western senators are anxious to do something in the next sugar bill to protect the sugar people." The need for increased continental quotas, he said, had been expressed repeatedly to the secretary of agriculture.

In explaining the measure he is drafting, Ellender said the present sugar act permits continental growers to produce 28 per cent of the nation's sugar requirements.

He will propose, he said, that the amount be increased from 28 to 40 per cent a year—at least to a point where in three years the nation will be producing 34 per cent of its own consumption.

Further legislation may be necessary, he explained, coincidental with Philippine independence in 1945, to increase the proportion another 6 per cent.

Ellender said his measure would attempt to meet protests that have been made that benefit payments to large operators had been too late.

He will propose a reduction, he said, on a graduated scale, making payments possible to producers of less than the present minimum, but reducing payments proportionately for larger producers.

Lemon Juice Recipe Checks Rheumatic Pain Quickly

If you suffer from rheumatic, arthritic or neuritic pain, try this simple inexpensive home recipe that thousands are using. Get a package of Ru-Ex Compound, a two-week supply, today. Mix it with a quart of water, add the juice of 4 lemons. It's easy. No trouble at all and pleasant. You need only 4 tablespoonful two times a day. Often, within 48 hours—sometimes overnight—splendid results are obtained. If the pain does not quickly leave and if you do not feel better, return the empty package and Ru-Ex will cost you nothing to try as it is sold by your druggist under an absolute money-back guarantee. Ru-Ex Compound is for sale and recommended by drug stores everywhere.

## EDUCATION SEEN AS BIG TB NEED

Essentials Will Be Stressed  
At State Meet In  
Orleans

G. B. Cooley, president of the Ouachita Tuberculosis and Public Health association, together with other members, will attend the 17th annual meeting of the state tuberculosis association held in New Orleans on Tuesday and Wednesday.

In recognition of the fact that the public must be aroused to the immediate need of legislative action if the problem of tuberculosis control in the state is to be achieved, the association's announced theme for the annual meeting is "Education for Legislation."

The association stresses the need of a coordinated plan for tuberculosis control throughout the state. Such a plan, worked out in 1939 by a committee of physicians at the request of one of the state agencies, was presented to the state medical society in the last year by Dr. Julius Lane Wilson, associate professor of medicine, Tulane university, and was also the subject of an address by Dr. Wilson at the annual meeting of the Ouachita Tuberculosis and Public Health association, in Monroe, January 14. It dealt with the importance of direction as well as of beds, clinics, nurses, records and relief.

"The necessity for a coordinated plan for tuberculosis control in Louisiana is obvious," Dr. Wilson said. "The problem cannot be met by simply constructing larger hospitals. Certain states that have taken this costly but thought-sparing course, have discovered that tuberculosis is a chronic disease. For example, with a waiting list of 500 for the state sanatoria, the provision of 750 more beds did not eliminate the waiting list for more than a year or two."

"They neglected to provide clinics and nursing services to allow the beds to be used more efficiently as patients were sent home earlier for ambulatory care and followup. We have no desire to repeat the mistakes of other states and to be saddled with the maintenance of increasing numbers of patients in expensive hospital buildings," he stated.

## FUGITIVE IS HELD FOR LOCAL OFFICERS

Wanted by Ouachita parish officers, Carter Bell, 40, will be removed immediately from the Shreveport jail to the parish jail here, Sheriff Milton Coverdale indicated yesterday.

## Piles---Get Relief Now

Millions of sufferers in the last 30 years have found a way to get quick relief from the itching and smarting of piles. They use a delightful cooling, soothing and astringent formula—Peterson's Ointment. No wonder one sufferer writes, "The itching and smarting stopped, and I slept all night. Peterson's Ointment is marvelous." 35c a box, all drugists. 60c in tube with applicator. Money back if not delighted.—Adv.

## IT ISN'T ALL WORK FOR CCC BOYS

The 200 boys of the Civilian Conservation Corps at their camp near Ruston spend a large part of the day away from "home," engaged in soil erosion projects and other conservation activities, but the late afternoons and nights they usually have to themselves. All orders, however, are issued from headquarters, upper left, showing the camp bulletin to the left of the building. After retreat call at 5 p.m. the boys are mighty hungry and eager to put away the good wholesome food, upper right. Following mess many of the boys spend some time playing pool or ping-pong in the recreation building lower left, while the more literary-minded retire to the education center, lower right.

## National Defense Ready To Put Youth To Work

Ouachita Parish Youths Have  
Opportunity To Learn  
Many Trades

The national defense program for Ouachita parish, under the direction of the Ouachita parish school board, is getting ready to provide employment and preparatory jobs for youth between the ages of 17 and 25 years, stated Walter M. Crofton, who is in charge of the work, with offices at 701 St. John street.

Youths whose ages are such as to fall within the limits prescribed, and who are not in school, can have opportunity to learn valuable trades. Mr. Crofton said, the work in this parish being similar to that in all other parishes of the state which are carrying out a state-wide program of the Louisiana state department of agriculture. Already 175 applications have been received, and others are asked to send

in their blanks filled out properly. The blanks can be had at the office of T. O. Brown, parish school superintendent, or from principals of any school in the parish, Mr. Crofton said.

The courses to be given are as follows: Automobile mechanics, electric and acetylene welding, sheet metal repair work, radio service and repair, electrical repair and maintenance, machine shop.

Mr. Crofton stated that the course in electric and acetylene welding has thus far seemed to be the most popular, with a large number of applicants seeking instruction therein.

Many of the courses will comprise from 30 to 40 hours of work a week, mostly at night.

The places where the work will be given for each course will be announced later through the press. Also transportation will be afforded to and from classes, according to present plans. Another stipulation is to the effect that at least 50 per cent of the enrollees must come from outside the Twin Cities, thus giving rural youths a special opportunity to learn trades.

"For the past decade, high schools have turned out a large number of graduates who have had no experience along various lines of work. They have not been able to find jobs, as practical experience was required by most employers. Now this proposed program will afford experience so that the basis of a life's work can be obtained. It is regarded as vitally required as a foundation for national defense," Mr. Crofton said.

This work also will later be more closely affiliated with the NYA movement, it was stated, the one being able to dovetail in and supplement the workings of the other.

Monroe and West Monroe business and industrial concerns have already voiced their intention of cooperating with the new plan, and this attitude on their part will go a long way toward making the project a complete success here, Mr. Crofton indicated.

From time to time, more definite information will be given as plans develop, Mr. Crofton said. He urged youths who are interested to obtain their blanks at once and also to watch the daily press for further information.

## LOUISIANA DRAFT QUOTA IS GIVEN

ATLANTA, Ga., Jan. 25.—(P)—Louisiana and Mississippi will furnish 4,969 men for selective military service in a quota of 14,771 to be drafted from the Fourth corps area between February 17 and March 11.

The quotas, announced here today, were 12,000 white men and 2,771 negroes.

Louisiana will furnish 1,582 white men and 466 negroes to Camp Livingston in Louisiana.

Mississippi will furnish 2,417 whites and 524 negroes for Camp Shelby, Hattiesburg, Miss.

## REGISTRATION BEGINS MONDAY

New Regulation To Effect  
'Small Percentage' Of  
Tech Students

RUSTON, La., Jan. 25.—(Special)—Registration for the second semester at Louisiana Tech will begin Monday morning, with a "comparatively small percentage" of upperclassmen being unable to re-enter the college because of a new scholastic regulation effective in the term just ended, officials announced.

The regulation, which provided that students would be dropped for a semester in the case of failing to make less than nine semester hours of credit and nine quality points, was amended in regard to first-term freshmen.

Dr. Rodney Cline, dean of instruction, issued the following statement: "Because of rumors which have been rather wide-spread, the following official announcement has been made:

"The regulation which states that a student must earn nine semester hours and not less than nine quality points in a semester will be applied as follows:

"1. All regular upperclassmen, including second-term freshmen, will be dropped for a semester if they earn less than nine semester hours and nine quality points.

"2. CCC boys carrying less than 12 hours of college work and Tech farm NYA boys will be dealt with as special cases through the office of the dean of instruction.

"3. First-term freshmen shall be subject to the following modification: (a) a student is allowed to stay in school if passing nine semester hours, regardless of quality points; (b) a student is allowed to stay in school if earning as many as six quality points and six semester hours."

A grade of A carries three quality points per hour, B two quality points and C one quality point.

## MORE BEEF TO BE USED THIS YEAR

Prices For Cattle Expected  
To Be Somewhat Higher  
Than In 1940

Because more people will be working and will have more purchasing power, more beef will be used this year than in 1940, according to D. L. Borman, Jr., parish agricultural agent.

Prices of beef cattle are expected to be somewhat higher in 1941, since the market supply of cattle and calves for this increased demand will be little if any greater this year than last, the agent stated. Fat cattle probably will bring the best price during the first half of the year, as indications are that there will be larger supplies of fat cattle for market during the latter part, he said.

Ouachita cattlemen must remember that that gain in price will be partly offset by an increase in feed they have to buy, Mr. Borman observed, stressing the value of increased production of home-grown feeds and improved pastures in reducing feed costs.

"Full use should be made of the assistance available under practices 10, 11, 12, 13 and 14, and the 21 per cent provision of the 1941 Louisiana agricultural conservation program to develop, improve and maintain the best possible pastures and produce full feed supplies for winter care. Home-produced feeds are the cheapest."

The supply of cattle and calves for market may be the highest on record within a few years, Mr. Borman indicated.

cated. Defense program speeding is expected to reach its peak in 1942 and demand for beef may not increase in proportion to the prospective increase in supplies of cattle, the agent stated. If these conditions develop, he said, a decline in cattle prices seems not only probable but inevitable sometime within the next five years.

In view of the uncertainties, Ouachita producers of beef cattle who are planning to expand and farmers who are planning to add beef cattle to their farming operations as an additional enterprise are advised by the parish agent not to incur indebtedness for such expansion or addition that cannot be paid within the next two or three years.

The development of a balanced agriculture in Ouachita parish demands the inclusion of livestock in order to increase farm income and to furnish a market for the feed crops that must and can be grown if land is to be utilized to the fullest extent, according to Mr. Borman. Herds should be culled for low producers and slow breeders, thus taking advantage of the present high prices for such culls, and getting the house in order for any eventualities by having herds of high production and improved breeding, he said. Low prices, if and when they come, will affect the lower grades of cattle more seriously than the higher grades, the agent indicated.

## PLAYS AT TECH

Jan Savitt (above), and his Top Hatters, nationally known for their ability to make music, will play for a general student dance at Louisiana Tech in the girls' gymnasium from 8 to 12 o'clock Tuesday night. The fraternities at the college are collaborating with the Student Union in sponsoring the event.

Crests and mottoes technically are battle symbols and war cries.

## NINE WAR-TORN NATIONS AIDED

National Red Cross Gave  
Over \$16,000,000 Worth  
Of Supplies

The Ouachita Parish chapter of the Red Cross, through its chairman, E. C. Gibson, has received an interesting report of relief work afforded by the national organization in 1940. Relief in cash and supplies, totaling in value \$16,690,000, was accorded to war victims in nine countries.

The greater part of the relief supplies already has been distributed, although shipments now are en route to Great Britain and China. A ship is about to be loaded for France and Spain and another for Greece. Further shipments for Finland will go forward at an early date.

The relief by nations, including commitments to be shipped in January, are as follows:  
Great Britain \$8,972,000, Finland \$1,879,000, Greece \$1,069,000, France \$1,838,000, Poland \$996,000, China \$923,000,

Canada (hospital in Great Britain) \$70,000, Norway \$45,000, Belgium (for Belgian refugees) \$57,000 and Netherlands \$25,000.

Other expenditures include: \$300,000 for blankets not yet allocated; \$53,000 in assistance to the International Committee for the Red Cross and the League of Red Cross Societies in Geneva; \$100,000 allocated for child refugee relief; \$42,000 for the inquiry and information service, through which more than 60,000 inquiries have passed regarding the safety of relatives in the belligerent nations of American citizens; \$32,000 for repatriation and assistance of Americans living abroad; and many other various sums for aid to refugees in Spain and Portugal, for Basque refugees in France, for British women interned in occupied France and similar work.

## Could Cleopatra Drink A Pearl With Stomach Ulcer Pains?

An intriguing story of Cleopatra is the one where an admirer praised the beauty of two of her pearls, whereupon she dropped one into a glass of wine and drank it. She would hardly have done this had she suffered after-eating pains. Those who are distressed with stomach or ulcer pains, indigestion, gas pains, heartburn, burning sensation, bloated and other conditions caused by excess acid should try a 25c box of Udis Tablets. They must help or money refunded. (At Drug Stores Everywhere)

# YOU ARE INVITED TO VISIT BRUNO SHOE SHOP

ON THE OCCASION OF OUR  
**13th ANNIVERSARY**

Tomorrow... we enter our 13th year in the Shoe Repair Business in Monroe. On this occasion we wish to take this means of expressing to you our sincere appreciation for the splendid patronage we have received from the Twin Cities in these past years. We have enjoyed our business venture and you have helped to make the road much easier. We are forever striving to give you a better shop... one that you will enjoy patronizing. Visit us tomorrow... our birthday. We will be so happy to see you!

**MR. NICHOLAS BRUNO**  
President of Bruno Shoe Shop, extends everyone a hearty welcome to visit them during their 13th anniversary, beginning Monday, January 27

## New Laws For Home Defense

Legislatures of 43 states are meeting this winter, and almost all of them will be confronted with proposals for home defense measures.

Outstanding among such proposals will be a set of five "model bills" drawn by various state officials as a result of a federal-state conference on law enforcement problems of national defense held last August. This program is being furthered by the joint Conference Committee, with offices in Washington, and representing the Governors' Conference, the Council of State Governments, National Association of Attorneys General, Interstate Commission on Crime, and the Department of Justice.

Five "model bills" are on the agenda, and passage in all states will be sought, so as to create as nearly uniform conditions as possible throughout the country. The more important of them are:

1. A sabotage prevention act. This provides severe penalties for intentional destruction or impairment of defense industries or facilities, trespassing on property devoted to defense work, and opens the way to closing of highways adjacent to the same by highway commissioners after public hearing. All the rights of labor asserted in the Wagner act are reaffirmed, but C. I. O. President Philip Murray fears that the provisions could be used by local authorities in such a way as to nullify the right to strike.

2. An explosives control act, closely controlling manufacture and sale of explosives under a licensing system.

3. An interstate public property protection act. This enables a state to furnish police protection to its property lying in another state.

4. A state guard act. Congress has already authorized state guards to take over the civil protection functions of national guard units called away on federal service. The bill provides that governors shall prescribe regulations for such guards, similar to those of the national guard, and wisely prohibits enrollment under it of any organizations as such, or payments to it by private individuals or organizations. Here again Murray believes such a guard force should be subject to greater civil control rather than responsible only to military law. This bill also provides that on request, a state guard may operate in other states.

New laws of this kind, which supplement the existing laws and the expanding G-man federal protection, need careful study in order that all proper rights of citizens be preserved.

## BRUCE CATTON IN WASHINGTON

WASHINGTON—Washington never saw a vice-president like Henry A. Wallace before. The town has had eight years to get acquainted, but it isn't entirely onto him even yet.

Vice-presidents who get interested in abstract ideas aren't new, but there never was one who would put his teeth into an idea and shake it to pieces the way Wallace does. A sample is his famous experience with the boomerangs.

When he was secretary of agriculture Wallace used to walk most of the way to work, leaving his suite in the Wardman Park Hotel and swinging down through Rock Creek park. Jim Le Cron, his assistant, used to walk with him. To get a little exercise as they walked, the two used to carry a bag of golf balls, throwing them ahead and picking them up as they reached them. One morning Le Cron showed up with a couple of boomerangs to vary the game.

Wallace not only took to throwing boomerangs; he got interested in the theory of boomerangs, studied them carefully, drew up air-foil sections and calculated just how a boomerang could be improved. Finally he had some made to his own design out of plastic—producing, probably, the most effective boomerang ever seen. Having done all of this, he lost all interest in boomerangs. He had milked the subject of its last drop of intellectual interest—and then he was through with it.

His absorption in French poodles is another angle of the same thing. The agriculture department's experiment station at Beltsville, Md., a year or more ago set out to improve the breed of sheep dogs, centering its attention mostly on a Hungarian strain. Wallace heard that the French poodle is one of the most intelligent of all dogs. He verified the theory, saw that this particular kind of poodle is a rangy, long-legged animal well out of the ordinary lap-dog class, and immediately had a number of poodles entered in the experiment station's "class."

This work is still in progress, and still holds his interest. His primary idea of course was to find or develop a dog that would be a better helper to the shepherd; but he was also intensely interested in abstruse things like the inheritance of intelligence factors, and he had a whole series of cross-breeding experiments started—seeking, among other things, to see what sort of canine gray matter would result if a French poodle were crossed with one of the famous "Seeing Eye" shepherd dogs.

Wallace is a queer mixture of the abstruse and the intensely practical. He is generally looked on as a mystic, although his closest friends say he is actually a profound realist. Politicians for a long time have had him pegged as a hard man to talk to. Small talk doesn't come easily to him. He doesn't drink, doesn't play cards, doesn't go hunting and fishing, and a man who can't even talk about those things is likely to strike politicians as a queer fish, and a bit of a high-brow besides.

On top of this, Wallace has a way of concentrating sharply on whatever topic happens to strike his interest the most. It often happens that a caller will start him on one chain of thought and will switch to another without taking Wallace along with him—and will realize, several minutes later, that Wallace just hasn't been listening to him.

## JIMMIE FIDLER In Hollywood

HOLLYWOOD, Jan. 25.—It's gonna be exciting for Lana Turner in New York. With plans carefully laid to meet Artie Shaw there, it now develops that Tony Martin will go East too. . . . Mary Pickford and Samuel Goldwyn have patched up their fight. . . . Randolph Scott and June Duprez are very warm for January.

The reason Marlene Dietrich isn't wearing her fabulous jewels is not, as rumored elsewhere, because of superstition, but because the U. S. government is holding 'em, along with other baubles, until she pays thousands in that duty tax dispute. . . . Eddie Cantor's dotter Marilyn is studying for the theater in New York—the only other Cantor to turn to the stage. . . . As first tiered here, the Ruth Hussey-Raphael Hakim engagement is now official.

Hear tell "Liz" Whitney is using her own dough to finance the series of Westerns in which she'll star. . . . Warners wants Bill Stern, the sports commentator, for a film based on his own life, but the deal may freeze because NBC insists that the movie should pedal the leg injury that led to Stern's present career. . . . Hal Robert Shaw, who beatus so many pretties, has yet to play a screen romance.

There are no table lamps in a local millionaire-playboy's home today because he came home the other night, took his hunting rifle from the wall and "killed" every lamp, one by one. . . . Fred MacMurray (Vic's son), who had screen ambitions, has relinquished them to take a job in a plane factory. . . . Victor Moore's Beverly Hills home is for sale; he's building on Long Island and won't return to Hollywood.

Of all Hollywood's celebrities, none has retained a saner perspective than Fred MacMurray—or, for that matter, there isn't one who finds more joy in deflating the absurd egos that infect our village. For instance, at Paramount today a half-dozen of the lot's so-so stars and Fred were lingering over a second cup of luncheon coffee. The talk drifted to autograph hunters, fan mail, etc., and each in turn told heart-rending stories about the price he pays for fame. Suddenly MacMurray stood, surveyed the group with a grin, and asked to be excused. "I think I'd better go to my dressing room," he said, "and answer my fan letter."

Memories: When I took a visiting blue-blood to meet Jean Harlow and

found her, spattered with suds, giving her dog a bath. . . . When Norman Kerry peeled to his shorts for a mid-night swim at lonely Capistrano Beach—and the tide carried his clothes away! . . . When Louise Rainer, during an interview, tried to describe a mood, failed to find the words, and got her meaning across by playing Schubert's "Ave Maria" on a phonograph. . . . When Howard Hughes, after tongue-lashing the "Hell's Angels" troupe for wasting time, "apologized" by buying everyone ice cream—and stopping production 30 minutes while they ate it. . . . When Eric von Stroheim stormed out of the studio and stayed in hiding for three days because his bosses wouldn't release his picture, "Greedy," in sixty reels (10 hours).

Bells and No-Bells. Bells to: Mary Beth Hughes, for her fund-raising campaign to finance an operation for one of the studio's beauty operators, seriously injured in an auto crash. . . . Director William Keighley, who, without remuneration, has devoted time and energy to conducting an 18-week course in motion picture directing for the University of Southern California. . . . No Bells to those responsible for the current campaign to convert Olivia de Havilland, one of the screen's few believably sweet girls, into a sophisticated just like all the rest.

Hollywood After Dark: Bob Stack drawing envious glances—and a few ribbing remarks—at the Sunset Alveys as he helps Betty Grable remove her high-heeled pumps and don bowling shoes. . . . Alfred Vanderbilt rushing from the Moccabo after receiving word by phone that one of his prize race horses is keeping a date with the stork. . . . The audience at L. A.'s Orpheum breaking into a storm of applause after British-star Gracie Fields rises in her box and sings "There Will Always Be an England."

Connie Beaumont, paying a midnight visit to her rummage shop to deliver a carload of articles collected from her friends, and to be sold for British war relief. . . . Picked up a good chuckle at one of the ultra expensive resorts near Palm Springs. Seems Director Fritz Lang guested there the other week-end and, while checking out, noted a sign, "Have You Left Anything?" which hangs over the desk. "Pardon me," he observed gently, "but I believe you made a mistake. That sign should read 'Have you anything left?'" (Distributed by McNaught Syndicate, Inc.)

## OUR CHILDREN

### By Angelo Patri 3-YEAR-OLDS CAN BE CLEVER

"Mummy, can I have my chocolate bar now?"

"First eat your vegetables. After that you may have a piece of chocolate."

"I don't want any vegetables. I want my chocolate bar."

"You heard what I said. Don't try to fuss with me. Eat your vegetables and stop this nonsense. Begin with the carrot. Begin. I mean it."

Hubert took a spoonful of carrot, mumbled it as long as possible, eyeing his mother all the while as though she were a villainous bandit instead of the gentle creature she is, longing to help him.

Seeing no help for it he swallowed and gulped. Thus, he neatly over-turned his stomach, returning the small amount of dinner he had eaten. For a moment his mother was frightened. Then she remembered that this is a trick any youngster of three can perform without much effort. It is a demonstration of power in the face of a greater force.

### Don't Get Excited

Instead of going to his aid, uttering comforting sounds, and handing him his candy, as he fully expected she would do, his mother went into the kitchen and began washing the dishes, singing under her breath.

Hubert stood that as long as he could and then he called plaintively, "Mummy, I threw up."

"That's all right. Just come for the house rag and clean it up. Then go ahead with your vegetables."

Hubert couldn't believe his ears.

He called again and got only the unsatisfactory reply, "Yes, I heard you the first time."

He cried a little. He called again.

At last he got down from his seat at the table, asked for the rag, got it, and made his escape. He came up after that his mother, quite casually finished the wiping, pushed his plate before him and went back to the kitchen. Hubert ate his carrots and asked for his candy. He got it and went his way.

### Quash The First Attempt

Children of tender age do this once or twice to test out its efficacy. If it works they do it regularly and keep the family jumping. Children who do not want to go to school empty their stomachs on the classroom floor in the hope of being sent home as sick. If they are allowed to go home on that excuse they will make life miserable for their teachers and mothers. Don't let the first attempt succeed, and the trouble will soon end. Let it succeed just once and it is prolonged into distress.

The child who does this is not sick. He is quite well and has the situation well in hand. Most people think they are sick and go to their aid. They get what they started out to win, and unless someone wins in the ways of childhood is on hand to adjust things, there will be more to follow.

Find what, if anything, the child dreads. Remove the cause if possible. If it is nothing more than an expression of dominance, ignore it and let the inconvenience of the demonstration fall hard on the offender. But don't let him win even once.

## Sunday School Lesson

Sunday School Lesson For February 2

Text: Habakkuk 2:15; Genesis 4:9-12; Mark 9:42-48; 1 Thessalonians 5:22.

By William E. Gilroy, D. D.

Scripture has often been said, can be used to support almost any sort of cause, or argument. The devil quoted it in his temptation of Jesus, but Jesus refuted it, quoting Scripture with nobler purpose and better effect.

Those who have used the Bible against advocates of temperance and to uphold the use of alcoholic liquor as a beverage have to contend against some bitter Biblical indictments. These are based upon the evidence of the evil and misery that have inevitably been in the wake of the use of strong drink.

The opening verse of our lesson is one of these. It is strong and devastating in its pronouncement. "Woe unto him that giveth his neighbor drink; and is scolding in his characterization of the results when alcohol has taken away man's ordinary reason and restraint.

Today we are in a lax age as regards drinking and drinking habits. Public sentiment and practice, which a generation or less ago were strongly on the side of total abstinence, had changed toward laxity. What have we gained by it, as individuals, or in our social life? Temperance need not be confused with total abstinence; but total abstinence never injured anybody, while the drinking of alcoholic liquors has done plenty of harm, and the line between use and abuse has

never been very clearly marked. "Touch not, taste not, handle not," was a good motto and it will come back to its own some day, for the fruits of intemperance are becoming increasingly manifest.

But a temperance lesson should go much further than inculcating abstinence from strong drink. There have been tyrants and scourgers of their fellowmen who never drank a drop. Hitler, the world's present-day scourge, is said to be an abstemious person. Man has a social responsibility that cannot be fulfilled in abstinence from anything. Its fulfillment can be only through positive attitudes and acts of good will and service.

Can I say my brother, and then tried to sidestep responsibility for his foul act by asking, Am I my brother's keeper? A man does not need to be a murderer to assume that attitude and ask that question. It has been asked again and again by respectable, but selfish and self-centered, people. The Christian says, "What can I do to help my brother? To ask anything less is to be something less than a Christian."

We are in days when social obligation lies at the very heart of maintaining successfully a democratic society. It is only as we share common aims, common hopes, a common heritage of liberty, and common responsibilities that we can make democracy effective. When a man ceases to feel any responsibility for his brother, the ship of a democratic state is being weakened below the water-line.

BOOSTERS HEAR  
DEAN COLVERT

Head Of Northeast Junior  
College Is Speaker At  
Monthly Meeting

Dean C. C. Colvert of Northeast Junior College was guest speaker at the Missouri Pacific Railroad's Booster club meeting, held at the clubhouse on Ouachita avenue, Friday night. His theme was "Human Relations."

In connection with human relationship as it relates to the ability of persons to get along with each other in the ordinary affairs of life, the speaker stressed one of the greatest impediments toward achieving best results, an inferiority complex.

Dean Colvert said, in part: "In some degree, every person has an inferiority complex. There are certain things one can do and certain things that a person is ill adapted for, and around this lack of adaptability there often grows up a troublesome inferiority complex. If you put a small valuation on yourself and on your abilities, the outside world is apt to take you for just what you rate yourself."

"The first thing to do about an inferiority complex is to understand it, take it apart, and decide what to do to eliminate it. A complex is a purely emotional setup. It is centered on one subject. For example, a man may be cross-eyed. He gets so self-conscious of it that he thinks that the whole world is looking at him and making unfavorable comment. This helps to make an inferiority complex. An inferiority complex is caused by some physical, mental, social, or moral defect and it may be wildly imaginary. The trouble is caused not so much by the defect as by the person's feeling the result of the defect too keenly."

The dean, by way of illustration, cited Napoleon, Desmosthenes, Edison and Julius Caesar as men with some handicaps which could have developed serious inferiority complexes, but who refused to be so dominated and thereby overcame life's handicaps.

He said that one should not hide or seek to repress any physical, mental or other difficulties, for such action is bound to be destructive. Laugh off, pass lightly over embarrassing situations and anything that might detract, he urged.

"After all we are all human; we have the same characteristics; feel similar sensations under similar conditions whether we be big or small, rich or poor, handsome or ugly. And there is really no reason for anyone to harbor an inferiority complex. One person is potentially, and in a large degree actually, as good as another, so why hide the God-given powers that we all possess? Stamp out any inferior ideas about one's self. This is one important step in human relationship, the ability of persons to get along well with each other, and thereby become of increasing service to society as a whole," the speaker concluded.

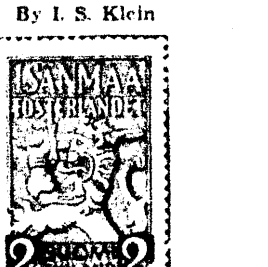

The night's program was a well-balanced one. It was initiated by the Booster Club quartet, composed of community singing led by Frank A. Campbell, with Max Kulicke at the piano.

A dance program was then presented by pupils of Miss Armandine Renaud, with Mrs. Grover Cornett at the piano. This was as follows: Tap dance, Miss Anna Marie Delarot; tap dance, Kate Delarot and Janet Cash; tap dance, Miss Georgia Ann Blanchard; specialty number, Miss Marion Louise Guerrier; tap dance, Jackie and Tommie Dubois; tap dance, Miss Julia Ellen Cash.

Vocal solos were rendered by Mrs.

## STAMP NEWS

By I. S. Klein

Finns Had Pony Express  
200 Years Before U. S.

The Lion of Finland, with up-raised sword and unsheathed claws, is one of the world's oldest stamp designs, continuing in use today. The stamp above is a 1940 semi-postal issue for a fund for the preservation of neutrality.

Finland's first stamps, issued under Russian rule in 1856, bore the nation's coat-of-arms, of which the lion is a part. Russia's imperial arms replaced this design in later issues, but when Finland gained independence in 1917, the lion returned.

Finland has had postal service for three centuries. A 1938 issue of four values marked the tercentenary of mail delivery. Runners were the first to carry letters, working in relays. Prison was the punishment for those who did not make the specified six miles an hour.

When volume increased, horsemen were employed, giving Finland a "pony express" two centuries before the American system for carrying mail across the continent became famous.

Finnish postmasters also introduced a novel "special delivery"—a feather stick in the envelope—to speed prepaid mail to its destination.

## SEVERAL APPOINTMENTS

ANNOUNCED BY MOUTON

BATON ROUGE, La., Jan. 25.—(P)—Acting Governor Marc M. Mouton today appointed Dr. Leon J. Menville to succeed Dr. C. Grenes Cole as a member of the state board of medical examiners. Both are from New Orleans.

Dr. C. Walter Mattingly was named to succeed Dr. M. H. Foster of Alexandria as a member of the state nurses' board of examiners.

Other commissions were issued to George V. Cotton as mayor of Winnboro, Dr. S. S. Williams, vice R. E. Duffey as member of the school board, Ward nine, Natchitoches parish; F. C. Cruse, vice C. C. Hargrove as member of the school board, Ward three, Caldwell; Leo J. Chapman as town marshal of Lake Arthur; G. R. Baldwin as member of the town council of Winnboro, and Alden Addison as justice of the peace, Ward six, Tangipahoa.

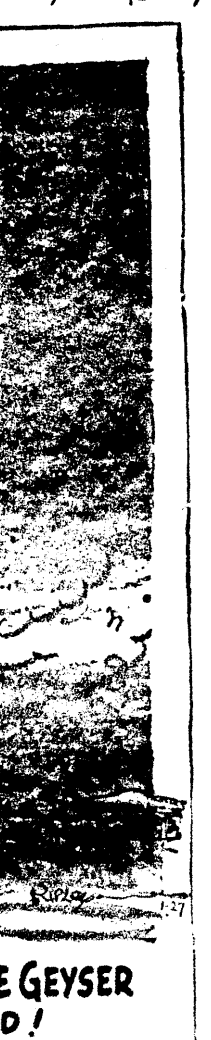

## 20,700 TO MOBILIZE

WASHINGTON, Jan. 25.—(AP)—Orders for mobilization on February 10 of approximately 20,700 national guard officers and men of 11 states were announced today by the war department. Included was the 34th division composed of troops from Minnesota, North and South Dakota and Iowa, who will undergo a year's training at Camp Claiborne, La.

Lloyd Pedigo with Mrs. E. Everett Layton at the piano.

Vocal selections also were rendered by the Booster Club quartet, composed of E. M. Wooten, Hurlong Averett, Garland May and G. W. McKeithen. Curtis Shell was accompanist. Refreshments and a social hour concluded the night's program.

## New York

Day by Day  
By CHARLES B. DRISCOLI  
Title Reg. U. S. Patent Office

NEW YORK—Diary: Luncheon Continued my old friend, Count Gosta M. at a regular gathering of the Swedish Chamber of Commerce, at the St. John, in 51st st.

... joying the smoldering gasbord and I said good conversation to say nothing of the Swedish pancake. . . . Kurt Palm, huge courtly gentleman of the chamberlain and F. E. Selman, merchant, . . . Martin Kastengren, Swedish consul general, eating w.

Vincent Bendix, manufacturer, . . . I noticed for years, on duty at 34th street and Fifth avenue, being shot and killed by a worthless bum. . . . Two brothers, reared for robbery as a crime, in and out of prisons all their lives, stage a holdup in mid-town murder a faithful messenger, and one of them finishes his fate career by being shot by a police officer. . . . So it goes, in New York. One thing you can say of the New York police: They never avoid danger, or a fight, but go running to do their duty and risk their lives, whenever the case sounds. . . . Many a time I've seen a middle-aged man in uniform, run, saluting to answer an alarm, pistol in hand, when he would have stayed in his office and avoided danger. . . . I am sure these brave men are thinking of their families at home when they go pell-mell into a battle with the police and bandits who hate them because the policemen represent law and decent living. . . . Well, as I've said before, the widows and children of the policemen are welcome to the police department or to the annual policemen's ball. And anybody who complains about paying it should fight his own thing. . . . Having left from May and Eva Mahoney, of Colorado, Omaha friends, asking me to call Mayor Max Baugh Young at the Museum of the Modern Art. I'm up there with my artist friend, Al Zerbe. The thoroughgoing Mahoney fear Miss Young, who is a newspaper man in connection with an exhibit of Indian art, may be doing some in the big city. But I find her very happy, and apparently enjoying New York immensely, among many new-found friends. . . . She writes letters to my daughter, Pat, who I've visited briefly in Omaha, last year. . . . A telephone call, too, from Mrs. na Jacobs, of Omaha, asking me for information. . . . Max Baugh Young, in a newspaper past where I work, as a cub. He is now partner in one of the largest and most prosperous agencies in the Middle West, and does well, serves his prosperity. He is one who, because he was faithful in attending to small things, was given charge over many and big affairs.

A letter comes from H. P. Fingersh of Jackson, Michigan, telling me he is the father of his honored father, Charles J. Fingersh, who was my friend. . . . "So passed a noble man," writes the son, "whose strength of character, force and activity of mind, and high personal powers were second to none. . . . I was surprised. I wrote this to you because you knew Dad, and appreciate his life."

Yes, I did, and I congratulate the man's children and grandchildren because of the riches in character and traditions that they have inherited.

Jackschmidt from Canada said at dinner on a pound of the famous Washington Market, where the day blots of the Hudson river keep every body new and old from being. . . . Hazel Newman, were bringing \$125 a pound when I visited the market, the other day. . . . Vernon states that at the same price, but you could get a venison roast, looking very tasty, for 65 cents a pound. . . . Northern pastures were plentiful at \$1.70 a pound, a little Scotch ground, said to have been shipped in

## New Laws For Home Defense

Legislatures of 43 states are meeting this winter, and almost all of them will be confronted with proposals for home defense measures.

Outstanding among such proposals will be a set of five "model bills" drawn by various state officials as a result of a federal-state conference on law enforcement problems of national defense held last August. This program is being furthered by the joint Conference Committee, with offices in Washington, and representing the Governors' Conference, the Council of State Governments, National Association of Attorneys General, Interstate Commission on Crime, and the Department of Justice.

Five "model bills" are on the agenda, and passage in all states will be sought, so as to create as nearly uniform conditions as possible throughout the country. The more important of them are:

1. A sabotage prevention act. This provides severe penalties for intentional destruction or impairment of defense industries or facilities, trespassing on property devoted to defense work, and opens the way to closing of highways adjacent to the same by highway commissioners after public hearing. All the rights of labor asserted in the Wagner act are reaffirmed, but C. I. O. President Philip Murray fears that the provisions could be used by local authorities in such a way as to nullify the right to strike.

2. An explosives control act, closely controlling manufacture and sale of explosives under a licensing system.

3. An interstate public property protection act. This enables a state to furnish police protection to its property lying in another state.

4. A state guard act. Congress has already authorized state guards to take over the civil protection functions of national guard units called away on federal service. The bill provides that governors shall prescribe regulations for such guards, similar to those of the national guard, and wisely prohibits enrollment under it of any organizations as such, or payments to it by private individuals or organizations. Here again Murray believes such a guard force should be subject to greater civil control rather than responsible only to military law. This bill also provides that, on request, a state guard may operate in other states.

New laws of this kind, which supplement the existing laws and the expanding G-man federal protection, need careful study in order that all proper rights of citizens be preserved.

## BRUCE CATTON IN WASHINGTON

WASHINGTON—Washington never saw a vice-president like Henry A. Wallace before. The town has had eight years to get acquainted, but it isn't entirely onto him even yet.

Vice-presidents who get interested in abstract ideas aren't new, but there never was one who would put his teeth into an idea and shake it to pieces the way Wallace does. A sample is his famous experience with the boomerangs.

When he was secretary of agriculture Wallace used to walk most of the way to work, leaving his suite in the Wardman Park Hotel and swinging down through Rock Creek park. Jim Le Cron, his assistant, used to walk with him. To get a little exercise as they walked, the two used to carry a bag of golf balls, throwing them ahead and picking them up as they reached them. One morning Le Cron showed up with a couple of boomerangs to vary the game.

Wallace not only took to throwing boomerangs; he got interested in the theory of boomerangs, studied them carefully, drew up air-foil sections and calculated just how a boomerang could be improved. Finally he had some made to his own design out of plastic—producing, probably, the most effective boomerang ever seen. Having done all of this, he lost all interest in boomerangs. He had milked the subject of its last drop of intellectual interest—and then he was through with it.

His absorption in French poodles is another angle of the same thing. The agriculture department's experiment station at Beltsville, Md., a year or more ago set out to improve the breed of sheep dogs, centering its attention mostly on a Hungarian strain. Wallace heard that the French poodle is one of the most intelligent of all dogs. He verified the theory, saw that this particular kind of poodle is a rangy, long-legged animal well out of the ordinary lap-dog class, and immediately had a number of poodles entered in the experiment station's "class."

This work is still in progress, and still holds his interest. His primary idea of course was to find or develop a dog that would be a better helper to the shepherd; but he was also intensely interested in abstruse things like the inheritance of intelligence factors, and he had a whole series of cross-breeding experiments started—seeking, among other things, to see what sort of canine gray matter would result if a French poodle were crossed with one of the famous "Seeing Eye" shepherd dogs.

Wallace is a queer mixture of the abstruse and the intensely practical. He is generally looked on as a mystic, although his closest friends say he is actually a profound realist.

Politicians for a long time have had him pegged as a hard man to talk to. Small talk doesn't come easily to him. He doesn't drink, doesn't play cards, doesn't go hunting and fishing, and a man who can't even talk about those things is likely to strike politicians as a queer fish, and a bit of a high-brow besides.

On top of this, Wallace has a way of concentrating sharply on whatever topic happens to strike his interest the most. It often happens that a caller will start him on one chain of thought and will switch to another without taking Wallace along with him—and will realize, several minutes later, that Wallace just hasn't been listening to him.

## JIMMIE FIDLER In Hollywood

HOLLYWOOD, Jan. 25.—It's gonna be exciting for Lana Turner in New York. With plans carefully laid to meet Artie Shaw there, it now develops that Tony Martin will go East too. . . . Mary Pickford and Samuel Goldwyn have patched up their fight. . . . Randolph Scott and June Duprez are very warm for January.

The reason Marlene Dietrich isn't wearing her fabulous jewels is not, as printed elsewhere, because of superstition, but because the U. S. government is holding 'em, along with other baubles, until she pays thousands in that duty tax dispute. . . . Eddie Cantor's daughter Marilyn is studying for the theater in New York—the only other Cantor to turn to the stage. . . . As first item here, the Ruth Hussey-Raphael Hakim engagement is now official.

Hear tell "Liz" Whitney is using her own dough to finance the series of Westerns in which she'll star. . . . Warners wants Bill Stern, the sports commentator, for a film based on his own life, but the deal may freeze because NED insists that the movie soft peddle the leg injury that led to Stern's present career. . . . Hal Robert Shaw, who beaus so many pretties, has yet to play a screen romance.

There are no table lamps in a local millionaire-playboy's home today, because he came home the other night, took his hunting rifle from the wall and "killed" every lamp, one by one. . . . Andy McLaughlin (Vic's son), who had screen ambitions, had relinquished them to take a job in a plane factory. . . . Victor Moore's Beverly Hills home is for sale; he's building on Long Island and won't return to Hollywood.

Of all Hollywood's celebrities, none has retained a saner perspective than Fred MacMurray—now, for that matter, there isn't one who finds more joy in deflating the absurd egos that infect our village. For instance, at Paramount today a half-dozen of the lot's so-so stars and Fred were lingering over a second cup of luncheon coffee. The talk drifted to autograph hunters, fan mail, etc., and each hunter told heart-rending stories about the price he pays for fame. Suddenly MacMurray stood, surveyed the group with a grin, and asked to be excused. "I think I'd better go to my dressing room," he said, "and answer my fan letter."

Memories: When I took a visiting blue-blood to meet Jean Harlow and

found her, spattered with suds, giving her dog a bath. . . . When Norman Kerry peeled to his shorts for a midnight swim at lonely Capistrano Beach—and the tide carried his clothes away! . . . When Louise Rainer, during an interview, tried to describe a mood, failed to find the words, and got her meaning across by playing Schubert's "Ave Maria" on a phonograph. . . . When Howard Hughes, after tongue-lashing the "Hell's Angels" troupe for wasting time, "expedited" by buying everyone ice cream—and stopping production 30 minutes while they ate it. . . . When Eric von Stroheim stormed out of the studio and stayed in hiding for three days because his bosses wouldn't release his picture, "Greedy," in sixty reels (10 hours).

Bells and No-Bells. Bells to: Mary Beth Hughes, for her fundraising campaign to finance an operation for one of the studio's beauty operators, seriously injured in an auto crash. . . . Director William Keighly, who, without remuneration, has devoted time and energy to conducting an 18-week course in motion picture directing for the University of Southern California. . . . No Bells to those responsible for the current campaign to convert Olive de Havilland, one of the screen's few believably sweet girls, into a sophisticate just like all the rest.

Hollywood After Dark: Bob Stack drawing envious glances—and a few ribbing remarks—at the Sunset Alleys as he helps Betty Grable remove her high-heeled pumps and don bowling shoes. . . . Alfred Vanderbilt rushing from the Mocambo after receiving word by phone that one of his prize race horses is keeping a date with the stork. . . . The audience at L. A.'s Orpheum breaking into a storm of applause after British-star Gracie Fields rises in her box and sings "There Will Always Be An England." . . . Connie Bennett paying a midnight visit to her rummage shop to deliver a carload of articles collected from her friends, and to be sold for British war relief.

Picked up a good chuckle at one of the ultra expensive resorts near Palm Springs. Seems Director Fritz Lang guested there the other week-end and, while checking out, noted a sign, "Have You Left Anything?" which hangs over the desk. "Pardon me," he observed gently, "but I believe you made a mistake. That sign should read 'Have you anything left?'" (Distributed by McNaught Syndicate, Inc.)

## OUR CHILDREN

By Angelo Patri

### 3-YEAR-OLDS CAN BE CLEVER

"Mummy, can I have my chocolate bar now?"

"First eat your vegetables. After that you may have a piece of chocolate."

"I don't want any vegetables. I want my chocolate bar."

"You heard what I said. Don't try to fuss with me. Eat your vegetables and stop this nonsense. Begin with the carrot. Begin. I mean it."

Hubert took a spoonful of carrot, munched it as long as possible, evading his mother all the while as though she were a villainous bandit instead of the gentle creature she is, longing to help him.

Seeing no help for it he swallowed and gulped. Thus, he neatly overcame his stomach, returning the small amount of dinner he had eaten. For a moment his mother was frightened. Then she remembered that this is a trick any youngster of three can perform without much effort. It is a demonstration of power in the face of a greater force.

Don't Get Excited

Instead of going to his aid, uttering comforting sounds, and handing him his candy, as he fully expected she would do, his mother went into the kitchen and began washing the dishes, singing under her breath.

Hubert stood that as long as he could and then he called plaintively, "Mummy, I threw up."

"That's all right. Just come for the house rag and clean it up. Then go ahead with your vegetables."

Hubert couldn't believe his ears.

He called again and got only the unsatisfactory reply, "Yes, I heard you the first time."

He cried a little. He called again. At last he got down from his seat at the table, asked for the rag, got it, and made his gesture of cleaning up. After that his mother, quite casually finished the wiping, pushed his plate before him and went back to the kitchen. Hubert ate his carrots and asked for his candy. He got it and went his way.

Quash The First Attempt

Children of tender age do this once or twice to test out its efficacy. If it works they do it regularly and keep the family jumping. Children who do not want to go to school empty their stomachs on the classroom floor in the hope of being sent home as sick. If they are allowed to go home on that excuse they will make life miserable for their teachers and mothers. Don't let the first attempt succeed and the trouble will soon end. Let the child succeed just once and it is prolonged into distress.

The child who does this is not sick. He is simply testing out a situation well in hand. Most people think they are sick and go to their aid. They get what they started out to win, and unless someone wise in the ways of childhood is on hand to adjust things, there will be more to follow.

Find what, if anything, the child dreads. Remove the cause if possible. If it is nothing more than an expression of dominance, ignore it and let the success of the demonstration fall back on the offender. But don't let him win even once.

## Sunday School Lesson

Sunday School Lesson For February 2

Text: Habakkuk 2:15; Genesis 49:12; Mark 9:42-48; 1 Thessalonians 5:22

By William E. Gilroy, D. D.  
(Editor of Advance)

Scripture, as has often been said, can be used to support almost any sort of cause, or argument. The devil quoted it in his temptation of Jesus, but Jesus refuted it, quoting Scripture with nobler purpose and better effect.

Those who have used the Bible against advocates of temperance and to uphold the use of alcoholic liquor as a beverage have to contend against some bitter Biblical indictments. These are based upon the evidence of the evil and misery that have inevitably been in the wake of the use of strong drink.

The opening verse of our lesson is one of these. It is strong and devastating in its pronouncement. "Woe unto him that giveth his neighbor drink," and it is scathing in its characterization of the results when alcohol has taken away man's ordinary reason and restraint.

Today we are in a lax age as regards drinking and drinking habits. Public sentiment and practice, which a generation or less ago were strongly on the side of total abstinence, had changed toward laxity. What have we gained by it, as individuals, or in our social life? Temperance need not be confused with total abstinence; but total abstinence never injured anybody, while the drinking of alcoholic liquors has done plenty of harm, and the line between use and abuse has

never been very clearly marked.

"Touch not, taste not, handle not" was a good motto and it will come back to its own some day, for the fruits of intemperance are becoming increasingly manifest.

But a temperance lesson should go much further than inculcating abstinence from strong drink. There have been tyrants and scourgers of their fellowmen who never drank a drop. Hitler, the world's present-day scourge, is said to be an abstemious person. Man has a social responsibility that cannot be fulfilled in abstinence from anything. Its fulfillment can be only through positive attitudes and acts of good will and service.

Cain slew his brother, and then tried to sidestep responsibility for his foul act by asking, "Am I my brother's keeper?" A man does not need to be a murderer to assume that attitude and ask that question. It has been asked again and again by respectable, but selfish and self-centered, people. The Christian says, "What can I do to help my brother? To ask anything less is to be something less than a Christian."

We are in days when social obligation lies at the very heart of mankind. We are successfully a democratic society. It is only as we share common aims, common hopes, a common heritage of liberty, and common responsibilities that we can make democracy effective. When a man ceases to feel any responsibility for his brother, the ship of a democratic state is being weakened below the water-line.

## BOOSTERS HEAR DEAN COLVERT

Head Of Northeast Junior College Is Speaker At Monthly Meeting

Dean C. C. Colvert of Northeast Junior College was guest speaker at the Missouri Pacific Railroad's Booster club meeting, held at the clubhouse on Ouachita avenue, Friday night. His theme was "Human Relations."

In connection with human relationship as it relates to the ability of persons to get along with each other in the ordinary affairs of life, the speaker stressed one of the greatest impediments toward achieving best results, an inferiority complex.

Dean Colvert said, in part: "In some degree, every person has an inferiority complex. There are certain things one can do and certain things that a person is ill adapted for, and around this lack of adaptability there often grows up a troublesome inferiority complex. "If you put a small valuation on yourself and on your abilities, the outside world is apt to take you for just what you rate yourself."

"The first thing to do about an inferiority complex is to understand it, take it apart, and decide what to do with it. A complex is a purely emotional setup. It is centered on one subject. For example, a man may be cross-eyed. He gets so self-conscious of it that he thinks that the whole world is looking at him and making unfavorable comment. This helps to make an inferiority complex. An inferiority complex is caused by some physical, mental, social, or moral defect and it may be wholly imaginary. The trouble is caused not so much by the defect as by the person's feeling the result of the defect too keenly."

The dean, by way of illustration, cited Napoleon, Desmosthenes, Edison and Julius Caesar as men with handicaps which could have developed serious inferiority complexes, but who refused to be so dominated and thereby overcame life's handicaps.

He said that one should not hide or seek to suppress any physical, mental or other difficulties, for such action is bound to be destructive. Laugh off, pass lightly over embarrassing situations and anything that might detract, he urged.

"After all we are all human; we have the same characteristics; feel similar sensations under similar conditions whether we be big or small, rich or poor, handsome or ugly. And there is really no reason for anyone to harbor an inferiority complex. One person is potentially, and in a large degree actually, as good as another, so why hide the God-given powers that we all possess? Stamp out any inferior ideas about one's self. This is one important step in human relationship, the ability of persons to get along well with each other, and thereby become of increasing service to society as a whole," the speaker concluded.

The night's program was a well-balanced one. It was initiated by community singing led by Frank A. Campbell, with Max Kulicke at the piano.

A dance program was then presented by pupils of Miss Armandine Renaud, with Mrs. Grover Cornett at the piano. This was as follows: Tap dance, Kate Delarot and Janet Cash; tap dance, Miss Georgia Ann Blanchard; specialty number, Miss Marion Louise Guerrier; tap dance, Jackie and Tommie Dubois; tap dance, Miss Julia Ellen Cash.

Vocal solos were rendered by Mrs.

## STAMP NEWS

By I. S. Klein

Finns Had Pony Express 200 Years Before U. S.

THE Lion of Finland, with up-raised sword and unsheathed claws, is one of the world's oldest stamp designs, continuing in use today. The stamp above is a 1940 semi-postal issue for a fund for the preservation of neutrality.

Finland's first stamps, issued under Russian rule in 1856, bore the nation's coat-of-arms, of which the lion is a part. Russia's imperial arms replaced this design in later issues, but when Finland gained independence in 1917, the lion returned.

Finland has had postal service for three centuries. A 1938 issue of four values marked the centenary of mail delivery. Runners were the first to carry letters, working in relays. Prison was the punishment for those who did not make the specified six miles an hour.

When volume increased, horsemen were employed, giving Finland "pony express" two centuries before the American system for carrying mail across the continent became famous.

Finnish postmasters also introduced a novel "special delivery"—a feather stuck in the envelope—to speed prepaid mail to its destination.

## SEVERAL APPOINTMENTS ANNOUNCED BY MOUTON

BATON ROUGE, La., Jan. 25.—(AP)—Acting Governor Marc M. Mouton today appointed Dr. Leon J. Menville to succeed Dr. C. Grenes Cole as a member of the state board of medical examiners. Both are from New Orleans.

Dr. C. Walter Mattingly was named to succeed Dr. M. H. Foster of Alexandria as a member of the state nurses' board of examiners.

Other commissions were issued to George V. Cotton as mayor of Winnboro, Dr. S. S. Williams, vice R. E. Duffey as member of the school board, Ward nine, Natchitoches parish; F. C. Cruise, vice C. C. Hargrove as member of the school board, Ward three, Caldwell; Leo J. Chapman as town marshal of Lake Arthur; G. R. Baldwin as member of the town council of Winnboro, and Alden Addison as justice of the peace, Ward six, Tangipahoa.

## 20,700 TO MOBILIZE

WASHINGTON, Jan. 25.—(AP)—Orders for mobilization on February 19 of approximately 20,700 national guard officers and men of 11 states were announced today by the war department. Included was the 34th division composed of troops from Minnesota, North and South Dakota and Iowa, who will undergo a year's training at Camp Claiborne, La.

Clyde Pedigo with Mrs. E. Everett Lawson at the piano.

Vocal selections also were rendered by the Booster Club quartet, composed of E. M. Wooten, Hurlong Averett, Garland May and G. W. McKeithen. Curtis Shell was accompanist. Refreshments and a social hour concluded the night's program.

## CHILDREN AID IN PARALYSIS FIGHT

Four Local Youngsters Planning Own President's Birthday Ball

Even the children have joined the Monroe defense against infantile paralysis, according to A. N. Robinson, Ouachita parish chairman of the campaign for the celebration of the president's birthday.

Four local youngsters are planning a president's birthday ball of their own and are sending out 120 invitations to the affair.

Billy Pedigo and Misses Vettey Yvonne Bernhardt, Jacqueline James and Marie Houston Moore are sponsoring the dance, to be held from 8 to 11 p.m. Friday in the parish hall.

Young Pedigo and President Roosevelt have the same birthday, February 30. Billy will be 13.

Invitations to the juvenile ball read as follows: "Come January 30 to parish hall to attend the president's birthday ball. We are sure you will have a very good time, and don't forget to bring a dime."

Approximately 75 members of five local sororities yesterday sold a large number of lapel sponges on the city streets and in office buildings and business houses. Mr. Robinson stated, Mrs. Paul Keller, president of the Twin City Parent-Teacher Association Council, directed the sale of sponges for the campaign.

Sororities cooperating in the drive to raise funds were Delta Beta Sigma, headed by Miss Barbara Faulk; Beta Delta, headed by Miss Nell Rainbolt; Alpha Delta Kappa, headed by Miss Marchena Hill; Lambda Sigma Chi, headed by Miss Satchie Cooper, and Delta Kappa Pi, headed by Miss Martha Thompson.

Climaxing the anti-infantile paralysis campaign will be the president's birthday ball at Hotel Frances on the night of February 1, to be sponsored by Telfis Grotto.

## FREEMAN NAMED ON WPA ADVISORY BODY

NEW ORLEANS, Jan. 25.—(AP)—George Freeman, secretary of the Shreveport community chest, will serve as chairman of the newly-created state advisory committee of the Work Projects administration.

Election of officers was held yesterday. It was announced today at headquarters of James H. Crutcher, state WPA administrator.

The committee was appointed several weeks ago by Crutcher to study community needs in relation to the national defense program and seek to extend WPA aid and assistance of other public and private groups to meet the needs.

Other officers elected at the organization meeting were: Chester P. Derveloy of Alexandria, state commander of the American Legion, vice-chairman and H. Grady Meador, former president of the New Orleans association of commerce, secretary.

A. R. Patterson of New Orleans, a member of the national defense council of Louisiana, told the committee its members could serve a vitally-important purpose as a link between the community, welfare agencies and the defense council by keeping the council posted on individual needs of the communities.

Members attending the meeting in addition to those elected officers were: T. M. Callahan, publisher of the Lafayette Advertiser; Mrs. Charles F. Buck, Jr., New Orleans; Mrs. Paul Blanchard, Baton Rouge; W. R. Hirsch, Shreveport, and Miss Mary Mims of University, La.

murder a faithful messenger,

# PUNISHMENT ON BIG SCALE SEEN

(Continued from First Page)

the loyal shadow of the great Fuehrer (Adolf Hitler) and the honor of German might which guaranteed our borders."

This the premier wrote at the end of a long manifesto giving his account of the rebellion. Over and over he presented himself as the victim of ingratitude and inferentially recalled his own association with the Iron Guard—those green shirt he wore symbolically after the coup by which he deposed King Carol last September 6, with the support of this same Iron Guard.

"Men whom I trusted and all those dear children in whom I put such faith and advised to respect the death of Codreanu (Corneliu Codreanu, a slain Iron Guard leader) could find no other way to show their faith in me than to send bullets against me and the state—thus went Antonescu's account."

"In the pages of history there does not exist a page of greater ingratitude. In the premier's office I worked like a slave so as not to lose a minute."

"They organized against me with the help of former Minister of Interior (General George) Petrovicescu and Director of Gendarmes Ghica and officers of the municipal police."

"They concentrated vagabonds and malcontents and assembled pieces of artillery, machine-guns and rifles with which they tried to assassinate me by night. The attempt did not succeed, so they attacked by day."

(Press dispatches to Belgrade reported today that a separate attempt upon Antonescu's life was made January 21 by a man who appeared at the premier's home in the uniform of a foreign officer port representing that he had an urgent letter. Antonescu, confronted as he left his bath, was declared to have jumped back into the bathroom, slamming the door before the assassin could fire. The visitor was then arrested by bodyguards.)

"At the same time, in institutions with money paid into the state by you citizens, they installed rebel groups and with them were joined enemies of the state, young idealists and innocents who were betrayed from the start."

"Strikes were called. Factories were burned. I tried without success to stop the rebellion (without loss of blood). I—who made the coup d'etat of September 6 without shedding a drop of blood. . . . And because I did not want to cover my hands with blood I was obliged to allow troops to shoot our brothers."

"In the attack on the premier's office, in which two soldiers were killed and one officer was wounded, not a single rebel was wounded."

"Six hundred vagabonds, men and women of the lowest order and a child of 12 years old who shot a machine-gun at the soldiers, did not have a single wound. . . ."

"Yet, on one street a soldier was captured and they poured gasoline and oil on him and ignited him before the agonized eyes of his comrades. The same thing happened on other streets."

"By my order the army never attacked during the first two days of the rebellion, but only defended itself. The wretches who got the Iron Guard to serve foreign interests and the vagabonds who fell do not deserve a better fate. But young, correct people have fallen for a false belief."

"The severest punishments are deserved by those who sent to death the innocent, by those who betrayed their followers and led them into this mad enterprise in looking for anarchy and hate, only to abandon them when the fight had begun."

"The Rumanian council of ministers said it was impossible to estimate the casualties."

(Belgrade received reports that no less than 2,000 were killed in Bucharest alone, aside from those slain in outbursts all over the rest of Rumania.)

One more nest of rebels—some 250 of them—was captured during the day. They were reported supplied with hand grenades, guns, food, liquor and cigarettes."

Rumanian soldiers in tanks are searching every corner of the city for guards, thousands of whom are still in hiding."

Canada's vast Northwest Territories, with an area of 1,309,882 square miles, have an estimated population of only 10,000.

# 'AIM THE PLANE—

and the bomb will take care of itself." A good deal has been said about "dive bombing" by plane but it is not generally realized that this method of attack was developed in America. Shown above, air corps flying cadets at Randolph Field, Tex., are being shown by an instructor (kneeling) how the line of flight of a diving plane controls the bomb's aim. Here, dummy planes, a toy ship and a piece of string suffice. Later, at advanced training schools, the embryo pilots will try the real thing as their ships speed over a target area. Uncle Sam needs more flying cadets.

# Sleek Plane Plummets To Earth With Bullet Speed

When a sleek, silver plane of the United States army comes plummeting out of the clouds, dropping with the speed of a bullet only to shy suddenly away from the earth at a low altitude and roar upward again, it seems ethereal, as though it were a meteoric robot, performing its maneuver with the precision of machine control.

But it is not. There is a man in it, guiding its every turn, dive, bank or climb. He is a young man, pretty nearly a perfect physical specimen, alert, intelligent and sure of his craft. He is one of the best pilots in the world and he either is, or has been, a flying cadet at the army's "West Point of the Air" at Randolph Field, Texas.

The plane can't fly without the young man in it and there is very little about the plane that the young man doesn't know. As a flying cadet he has done much more than fly the ship. He has seen it torn down and rebuilt, he has studied its motor and assembly when they were nothing but intricately-drawn lines on a blue-print. He has gotten its grease on his face and hands and he is so familiar with it that he has more than likely given it a pet name.

There are thousands like him—and more thousands to come who will see the octagonal pattern of Randolph Field from the air as they take their first dual flight with an experienced instructor. All of these have chosen aviation as a career, secure in the knowledge that the army, paying them, housing them and building their bodies with the best in food, is letting them in on the "ground floor" and giving them the best education a pilot can have.

the house also be eliminated entirely. Hansen offered to build a small cottage on the grounds where they might live the remainder of their lives providing they would disassociate themselves from the goats.

At first Dana and Miss Dockery agreed to the proposal, but when told they would have to give up their cherished companions, the goats, they refused to budge and staged a sit-down strike along with the goats.

When newspaper men visited "Goat Castle" during the sit-down strike and asked what his plans were if he and Miss Dockery lost in the outer suit instituted by the Zerkowsky heirs, Dick pointed to the sign at the entrance and declared: "That sign will never come down so long as we live."

The outer litigation has gone through the various lower courts to the supreme court of Mississippi and has been remanded to the chancery court of Adams county.

Thus it comes about that on Monday, January 27, before Chancellor R. W. Cutler, "Goat Castle" will again face an "all out legal" attack, for it is at this time attorneys for the Zerkowsky heirs are to demand that they be placed in possession of the property forthwith.

Dick contends that the procedure through which Miss Dockery was made his guardian is illegal and that she had no authority to execute a mortgage without his consent.

Regarding his history Dana said: "I was born in Natchez on December 15, 1870, in the Episcopal rectory. My father was the Rev. Charles Bacus Dana who was rector of Trinity church from 1866 to 1870."

In growing up I attended the local schools of Natchez, was graduated from Chamberlain Hunt Academy at Port Gibson, Miss., and attended Vanderbilt University at Nashville. For a time I studied music in New York and sang in the choir of Christ church. Before my hand was injured by a falling window I had considerable reputation as a pianist.

"In my young days my musical ability made me a social favorite. I was much sought after because I could entertain in drawing rooms. I was extremely fond of the society of ladies, prided myself on my appearance and considered myself a man of parts. I did not shun social contacts in those days; I sought them for it was impressed upon my mind that no true Southern gentleman would be a 'stick'."

Dana denies that his eccentricities developed following a shock, which according to the legends of Natchez, caused him to climb to the top of the two-story mansion, known now as "Goat Castle," and to remain upon the roof of the building for two days and two nights.

This story he attributes to a practical joke when a party of friends layd him and, by the firing of pistols in a mock holdup, caused him to run through the woods.

Quite often his only attire was a gunnysack, and this, with his habit of dodging behind trees to avoid observation and his long hair and beard, caused him in time to be known as "The Wild Man of Goat Castle."

Sometimes when he could not elude the hunters they asked him: "Dick why are you hiding?" His invariable reply would be, "This is not Dick Dana. Dick has gone to New York to sing in the choir of 'Christ Church.'"

**STRONG FOR BRITAIN**  
CROSBY, Miss., Jan. 25.—(P)—From a population of only 1,900, members of a Crosby Civic club have raised \$2,700 for aid to Britain. The money will go for purchase of two ambulances.

# EX-ENVOY SEES GREAT 'URGENCY'

(Continued from First Page)

was Bullitt's fiftieth birthday, remarked he let the former diplomat never had had such an expression of approval on his birthday before.

The day's witness developed in general the theme that the United States was acting in self-defense in aiding Britain, and for its own protection should increase that aid.

One, Major General John F. O'Ryan, New York lawyer, and World war officer, advocated that the United States enter the war at once on the side of Britain, though he added that the final decision should be left to the war department.

"The most effective way to fight aggression is by offensive action at the source," O'Ryan said at one point.

"Looking ahead, it is conceivable that in our own interest we should enter the war now in order to prevent a stalemate," he said.

Dorothy Thompson, the columnist, told the committee that Germany intended to eliminate the United States as a world power," partly by fomenting civil war in this country as soon as it could be isolated from Britain.

Bullitt, covering almost every aspect of the European conflict in his lengthy testimony, told the committee in response to questions that:

"The British, who had an 'unbelievably small number of guns' left after the evacuation of France, could break the morale of the German people by bombings if the United States gave them enough planes."

The state of the public mind in the United States now offered an "extraordinary likeness" to that of France before the German invasion—and France started preparing too late.

He had "absolute knowledge" that the French believed they had so placed their fleet in ports and had so instructed their men to sink them if it became necessary, that none of the ships would fall into German or Italian hands.

President Roosevelt would "rather give away his two eyes than give away the navy."

Invasion of the western hemisphere is "almost certain" to come through an attack in South America, with Japan seizing control of the Pacific, if Britain is beaten and her fleet is lost.

A report that he encouraged France to enter the war by indicating that it could count on American armed support was "invented, as we all know, by the German propaganda machine."

At this point in his testimony, Bullitt produced a letter which he said was written to President Roosevelt last April 4 by former Premier Daladier. It said, in part:

"I have just read the allegations of the Nazi government on the subject of the pretended declaration of Ambassador Bullitt."

"No one can foresee to what limits German propaganda will carry its lies. Also, I feel I should tell you that during the last two years I was prime minister, Ambassador Bullitt always said to me that in case of a European conflict, France should make her decisions knowing that, according to the opinion of Ambassador Bullitt, the United States of America would not enter the war."

Bullitt stressed the urgency that he said should push American production to war-time levels at once.

"I believe Great Britain can win if the United States delivers to Britain the quantities of war in sufficient quantities now," he declared.

On the question of the power that would be granted to President Roosevelt under the terms of the pending bill, Bullitt said he thought any limitation on the president's authority to transfer military equipment would hamper the program.

"If you feel that you can't give power to that man," he demanded, "to whom on earth would you give it?"

**STEEL WORKERS DECIDE TO GO BACK TO JOBS**

(By Associated Press)  
Participants in a "protest demonstration" at the Bethlehem Steel Company's plant at Bethlehem, Pa., decided to return today to the jobs they left on Friday.

Van A. Bittner, head of the C. I. O.'s Steel Workers Organizing Committee, estimated about 1,500 of the plant's 21,000 employees remained away from work. A company spokesman said yesterday that the plant was operating normally, although pickets were at the entrances.

The company, with plants in Pennsylvania, New York and Maryland, has more than a billion dollars worth of defense contracts.

Bittner said the "protest" was against what he described as the company's refusal to adjust union grievances, which included questions of wages and seniority.

Another plant holding \$26,000,000 of defense contracts, the Allis-Chalmers Manufacturing Company at Milwaukee, went through a fourth day of idleness while federal representatives sought to settle the strike and bring an accord in an inter-union dispute between the C. I. O. United Automobile Workers and maintenance men affiliated with the American Federation of Labor.

The action in Libya, which occurred yesterday, was put by the British at three miles east of Derna. Four Italian tanks were declared destroyed, two others captured and the rest routed.

(In Rome the Italian high command belatedly acknowledged the fall of Tobruk and described both British and Italian losses as "heavy.")

(The Italian communiqué said that about 20,000 troops were in the Tobruk garrison. The British claim that many prisoners there.)

**NEGRO HOUSE AT STERLINGTON BURNS**

A negro tenant house at Sterlington was burned to the ground last Saturday afternoon, Monroe firemen reported last night.

The dwelling, owned by D. Y. Smith and occupied by James Williams, was completely out of control when company truck No. 1 in charge of Captain P. H. Snider arrived. The cause of the fire and the amount of damage were undetermined, firemen said.

**SUBMARINE SIGHTED**  
LOS ANGELES, Jan. 25.—(P)—MacKay Radio reported tonight it had picked up an "SSS" message submarine sighted from a United States ship, the Arcadia, which read: "SSS 34.19 north, 123.12 west. Shelled unknown man."

This would place the submarine less than 1,000 miles off the California coast between Santa Barbara and San Francisco.

# ARMY BOMBER IN ACCIDENT AT AIRPORT

Pictured above, a twin-motored Martin B-12 army bomber rests in a ditch at the southern border of Selman Field, after the ship in landing had skidded off the end of the airport's longest runway. The pilot, a Barksdale field flier, was unhurt, although the machine suffered approximately \$10,000 damage. Immediate plans for enlargement and improvement of the landing field were announced here following the accident.

# BOMBER SLIDES INTO DITCH HERE

(Continued from First Page)

field, was the longest possible at the field's present size.

The WPA project will lengthen the north-south runway from 1,800 feet to 2,000 feet, while the 2,000-foot north-west-south-east runway also will be completed and extended to 4,000 feet.

The police jury voted last spring to enlarge the landing field, and last fall purchased 140 acres adjoining the airport at a cost of \$28,000. The jury also holds an option on an additional 50 acres.

Mr. Warren stated that George D. Pipes, president of the police jury, had informed the chamber's airport committee that the federal government will consider the \$28,000 spent for the land as the major portion of the local sponsor's expense in the project. The runways thus will be extended with little additional cost to the parish, Mr. Warren stated.

Cooperation of the city of Monroe on the improvement project has been offered by Mayor H. H. Benoit, the president said.

# CRUTCHER BLUNT TO LABOR UNIONS

(Continued from First Page)

in the defense program or stand out and hinder it."

Crutcher called the union position unprecedented in Louisiana, adding: "The New Orleans unions are taking the stand that they will not permit their members to work on the same project with non-union men. It is strange that they should suddenly adopt such a policy with regard to WPA projects—so contrary to the union attitude heretofore."

The WPA has been operating in Louisiana for more than five years, and I dare say there has not been a single major WPA construction project completed without the assistance of skilled union labor.

"We have defense projects involving millions of dollars in this and other states, and the WPA and unions have been working side by side for more than a year in the defense program. There has not been a single case in the United States where a closed shop policy in private industry has been placed in jeopardy because of union men working on WPA projects."

"We have defense projects involving millions of dollars in this and other states, and the WPA and unions have been working side by side for more than a year in the defense program. pany, which is today being carried on by its successor, the Ritchie Grocer company.

Mr. Shotwell possessed a genial good nature and was extremely democratic in his bearing, making close friends with the lowliest as well as with those in higher walks of life, all of whom prized his acquaintance, holding him in highest esteem.

He is survived by his widow, who was formerly Miss Frances Stewart Cowie, of Washington, D. C., and by two sons and one daughter. Sons are R. A. Shotwell, Jr., officer in the United States navy, stationed for the present at Norfolk, Va.; and Alden T. Shotwell, senior member of the legal firm of Shotwell and Brown, and one of the leading attorneys of Monroe.

The only daughter is Mrs. M. S. Biedenharn, in whose home Mr. and Mrs. Shotwell have made their residence in recent years.

Pallbearers will be E. N. Faulk, T.

# HALIFAX TELLS BRITISH NEEDS

(Continued from First Page)

American waters under the neutrality law.

Lord Halifax said Britain needed help quickly to fight off a threatened German invasion—forecast for spring—in which Reichsfuehrer Hitler was expected to make his supreme bid for victory.

"It is quite clear," he said, "that Hitler is making a desperate effort to intensify the sea blockade of England. That means a severe strain on our ships, our navy and our aircraft. Help in meeting that strain is vital and the quicker you can give it to us the better."

The ambassador emphasized that the British had "no illusions" concerning Germany's plans or strength and expected a difficult time.

"We know," he added emphatically, "they will not succeed."

Germany's greatest mistake or error, the ambassador told newspapermen, was failure to take advantage of the moment of weakness in Britain's armor after the defeat of Belgium and France.

"When the history of the war comes to be written," he said, "Hitler will be found to have lost the war in June, 1940, when he failed to take advantage of the situation existing after the fall of France."

The Sunday school is much more highly developed in North America than on any other continent.

## Pilgrimage Heralds Approach Of Spring

Annual Nation-Wide Trek To Historic Natchez To Get Under Way In March

Can spring be far distant when invitations to "Travel the Road to Yesteryear" come winging their way from Natchez, where the annual pilgrimage to the famous antebellum homes will soon be in progress?

Visitors from all parts of the United States will enjoy the daily tours to such places as Melrose, Rosalie, Auburn, Melmont, Connelly's Tavern, Elmscott, Belvidere, Twin Oaks, Cherokee, The Briers, Cottage Gardens, Magnolia Vale, Edgewood, Mount Repose, Pleasant Hill, Propinquity, Oakland, Hawthorne, The Parsonage, and Ravenna. In the evenings, entertainments reminiscent of the brilliant social life of long ago, candlelight receptions, Confederate pag-

ants and balls—will be featured. Negro spirituals will be sung in an old-fashioned church. No spot on the American continent is richer in tradition and history than Natchez. Here one finds a glorious and illustrious past, perfectly blended with the progress and achievement of the present. Natchez has received all the blessings and benefits of modern time, but has refused to relinquish

one particle of the chivalry and gracious manner of the olden days.

Each spring during the Pilgrimage period the panorama of the past is unfolded. Legendary figures become real and happenings of bygone days are unperceptibly merged with the present as though time, itself, in its impatient flight has paused for repose and reverse in this garden spot of the Mississippi Valley. The Pilgrimage celebration is of national interest, and thousands of visitors participate in the tours to the historic homes.

A cordial welcome awaits those who plan to "Travel the Road to Yesteryear" with the Natchez Garden club, March 22-April 6, inclusive.

Messrs. Ben Marshall, Henry Colbert, Robert George, Seah DeLee, Charles Fisher and Laurence Vaughan, members of Eta chapter, Phi Kappa fraternity, will attend the mid-winter conference in Laurel, Miss. Plans will be formulated at this time for the national convention to be held in Monroe during the month of June.

MONROE, LOUISIANA, SUNDAY, JANUARY 26, 1941

Mrs. Warren Fisher Taylor and two children, Warren, Jr., and Margaret Louise, left Saturday for South Louisiana, where they will be with Mrs. Taylor's mother during the absence of Lieutenant Taylor, who has been assigned to the battleship Maryland, now stationed in the tropics. Upper left.

## Pilgrimage Heralds Approach Of Spring

### Annual Nation-Wide Trek To Historic Natchez To Get Under Way In March

Can spring be far distant when invitations to "Travel the Road to Yesteryear" come winging their way from Natchez, where the annual pilgrimage to the famous antebellum homes will soon be in progress?

Visitors from all parts of the United States will enjoy the daily tours to such places as Melrose, Rosalie, Auburn, Meimont, Connelly's Tavern, Elmscourt, Belvidere, Twin Oaks, Cherokee, The Briers, Cottage Gardens, Magnolia Vale, Edgewood, Mount Repose, Pleasant Hill, Propinquity, Oakland, Hawthorne, The Parsonage, and Ravenna. In the evenings, entertainments reminiscent of the brilliant social life of long ago, candlelight receptions, Confederate page-

ants and balls—will be featured. Negro spirituals will be sung in an old-fashioned church.

No spot on the American continent is richer in tradition and history than Natchez. Here one finds a glorious and illustrious past, perfectly blended with the progress and achievement of the present. Natchez has received all the blessings and benefits of modern time, but has refused to relinquish

A cordial welcome awaits those who plan to "Travel the Road to Yesteryear" with the Natchez Garden club, March 22-April 6, inclusive.

Messrs. Ben Marshall, Henry Colbert, Robert George, Seab DeLee, Charles Risher and Laurence Vaughan, members of Eta chapter, Phi Kappa fraternity, will attend the mid-winter conference in Laurel, Miss. Plans will be formulated at this time for the national convention to be held in Monroe during the month of June.

# January Engagements And Weddings Occupy Attention Of Monroe's Society

## Several Announcements Made Or Expected Soon

Prominent Couples To Be Married Here; Spring Styles Make Appearance Despite King Winter

*By E. Bradford*

BROMIDIC allusions to "June in January" seem well-nigh irresistible this morning with so many wedding and engagements coming along. Yes, January has given place to June for weddings, due perhaps to the chaotic state of life and the uncertainty of the future for members of the younger generation. Young men marching off to training camps rather like the idea of leaving someone at home who will mourn their absence and pen letters telling of their love and devotion. On the other hand, perhaps they dislike the idea of leaving their best girl to the flirtatious overtures of the boys who are left at home to carry on. At any rate January has given place to June for weddings.

Before the month of January has passed into oblivion there will be other engagement announcements; one in particular, concerns a member of Monroe's intelligentsia—a young high school professor and a very popular one at that. The girl of his choice is young and lovely and very desirable.

The announcement today of the engagement and approaching marriage of Ella Rose Crawford to John Vernon Jones, will be the signal for all those who have secluded themselves within the easy chair sanctuaries of their own abodes, resting up after the turbulent holidays, to get out their best bib and tucker in readiness for the flurry of prenuptial affairs appearing on the calendar.

Friends who have known Ella Rose since her childhood days will be invited by Sadie Lou Calhoun to drop in informally the day before the wedding to inspect the wedding gifts in her home in Edgewater Gardens. The Crawford home is in the distant suburbs and not conveniently enough located to permit friends to drop in casually to see the gifts so Sadie Lou conceived the idea of having them all sent to her home.

When King Winter takes his icy fling, then women start to dress for spring—January bills are hardly off the desk and fur coats have scarcely lost their shining newness before women start to cast their eyes at the new spring clothes arrayed in the shop windows in all their glory like the clothes of Solomon of Biblical fame. Every woman knows that a new spring hat is often the only tonic necessary to put a spring in the step, and a feeling that all's right with the world.

Dorothy Masur was wearing a charming little white straw hat the other day when she dined with friends at a local hotel.

Alma Apperson is wearing a bright red straw hat with broad loops of black velvet ribbon—very smart indeed.

Mary Lee Milam has several chic straw hats and more good looking clothes than you can imagine, packed away in her wardrobe trunks for wear in Florida. She left Saturday for Camp Blanding to visit Colonel Milam. Before returning to Monroe she will visit northern friends.

who maintain a winter home in St. Petersburg. This estate has a private swimming pool, vast grounds, an orange grove and a house that is considered one of the show places of St. Petersburg. In such glamorous surroundings, anyone, even Mary Lee, would be able to forget, for the time being at least, the unfortunate uprooting of home ties and the absence of the head of the house who presided with so much geniality.

There is still time to savor the many perfect things the year 1940 brought us. Even though we have fixed our eyes firmly on the new year it is nice to look backward as well as forward.

The world of art of 1940 was on the whole a pleasant one studded with many interesting exhibitions. Some new faces were met to advantage. They have joined forces with old members of art clubs who are going forward in the difficult pursuit of the fine arts.

Significant of the upward trend in art circles is the activity noted among Sketch club members, many of whom are charter members. The club was organized ten years ago with Robert Armstrong, now a prominent figure in Shreveport's art circles, director. After his departure interest seemed to lag and members were rather lackadaisical in their efforts. Today, however, the spirit of enthusiasm seems to be renewed. Listless has given place to energy. Once every week the members of the Sketch club meet to discuss their work and to offer constructive criticism. Roy Henderson, talented young modern, who is now affiliated with the Sketch club, is the guiding spirit, perhaps. At any rate he has shaken this talented little group of Monroe artists out of their lethargy and great things are expected from them during the year ahead.

Martha Lee Parrott, a bride of recent date, who came to Monroe recently with friend husband, Dr. John Parrott, to reside, finds herself just living from day to day. Dr. Parrott is awaiting orders from Uncle Sam and that means leaving Monroe where they have already established a special niche for themselves. Mrs. Parrott paints beautifully and immediately upon arrival in Monroe became a member of the Sketch club. She says she feels most at home when she has a pallet and brush in her hand and fellow artists at her elbow. By the way, she is one of the most attractive persons imaginable—the typical Southern type.

All the handsome antique furniture Dr. and Mrs. Parrott brought with them to Monroe will have to be sacrificed now that they are on the move. Heavy pieces of mahogany and rosewood have no place in the life of those who await marching orders.

We doff our hat this morning to Lorenzo McIntosh Smith, Little Theater director, in his choice of Kathleen Miller for one of the prominent feminine roles in "No Time For Comedy." She possesses all the attributes—a wonderful speaking voice, charming stage presence and a magnetic personality. Considerable experience in theatricals was gained last year and the year previous when she spent her vacation playing with a stock company at Plymouth, Mass.

The selection of Grace Ingledue for the feminine lead was another coup de grace for Mr. Smith. With two such personalities dominating "No Time For Comedy," you can rest assured it will be the finest piece of work ever presented in Little Theater.

PRESIDE AT GYPSY TEA . . .

Miss Georgia McCoy, Miss Mary Benoit and Miss Rosemary Dawson donned gypsy costumes and presided over the tea table in the home of Mrs. B. R. Golson who converted her dining room into a gypsy tea room when she entertained complimentary to Mrs. George Forman of Atlanta, Ga.

ater circles. Here's seeing you on the night of February 10.

Lovely Jean Terzia, student at Sophie Newcomb, smiles out at the world in the most friendly manner from the front page of the Tulane Hullahaloo. She was selected one of the maids in the court of the Queen of Tulane who presided over the festivities of Homecoming week. Jean is a junior at Sophie Newcomb.

"And still the wonder grew that one small head could carry all she knew." We are thinking this morning of Kathleen Rolfe, who completed a four-year course of study at the State University in three and a half years. She came home last week but will return to the university in June to receive her degree in French and English. Kathleen is barely 19 so that means, of course, that she finished high school when she was fifteen. Her high school years, as you might suppose, were not all work and no play by any means. She competed for honors in athletics at the state rallies and took part in all the activities of the young people in addition to serving as sponsor for Eta chapter, Phi Kappa fraternity for one year.

Kathleen isn't the bespectacled, long-haired, serious type of student at all. She is fresh and lovely and full of the joy of life.

It is nice that Kathleen has these extra few months at home with her mother just now as her father, Colonel Louis Rolfe, left last week for Camp Hulen.

## Says All Parents Should Take Interest In P.-T. A.

"I wish every parent with a child in the public school would be an active member of the local P.-T. A. and attend its meetings regularly. I also wish that every local P.-T. A. were a P.-T. A. in fact as well as in name, that it were a member of the state and national Congress of Parents and Teachers." These words were spoken by a noted child psychologist, Garry Cleveland Myers, Ph. D.

Speaking further, he said, "When the National Congress of Parents and Teachers was founded its sole aim was to promote better parenthood. At first its members were mothers only. Later it included fathers and teachers."

"At the local P.-T. A. meetings parents are able to meet the teachers of their children and talk over their school work and personalities. As a result the teacher is often able to be more effective. Also, at P.-T. A. meetings parents may get better acquainted with the school and teachers more familiar with the problems of the home. The P.-T. A. affords a good means of bridging the gap between the home and school."

"In addition to the regular meetings each P.-T. A. should have one or several study groups. Naturally, to such a group are attracted those parents who have been reading and thinking intelligently about their family relationships and of ways to render these relationships happier."

"Certain experts in the community may be available for leadership, particularly in local colleges and universities. In the Ball State Teachers college, Muncie, Ind., for example, Dr. Fitch devotes all his time to serving groups of parents in that city, and in advising with parents on problems of child development and family relationships."

"The study group need not be large to be effective. Four or five parents who band themselves together, meeting regularly, reading seriously, and exchanging their experiences and information can be very helpful to one another. Out of such serious groups come good leadership later for the whole P.-T. A."

## History Of Louisiana Is Literary Club Topic

Mrs. Colmer And Mrs. Morris Discuss Phases Of State's Background

"Flags of Louisiana" was the subject discussed by Mrs. A. B. Colmer at the regular program meeting of the Monroe Literary Club Wednesday afternoon at the home of Mrs. M. W. Montgomery on South Grand street.

Mrs. Colmer said in part: "The first Louisiana to be placed upon the map of the world comprised the whole of the central plains of what is now the United States, from the Great Lakes to the Gulf of Mexico. Before we take up the penetration and exploration of the region by the French of Canada, let us turn our attention to the several Spanish explorations that were made from the West Indies to the southeast, and from Mexico to the southwest. The achievements of the Spaniards before the period ended may be summarized as follows:

"Up from the Indies came DeLeon, Pineda, DeNarvaez and DeSoto. From Mexico came Coronado, Rodriguez, and Ojeda. Spain, however, never recognized the importance of the discovery of the Mississippi river until others rediscovered it and brought its importance to the world's attention."

"The next exploration of Louisiana came from the north—the French settlers of Canada. In 1682, following the explorations of Marquette and Joliet, which proved that the Mississippi ran south instead of west, Robert Cavalier de LaSalle determined to explore the great artery, descending the Illinois river to its junction with the Mississippi, and followed the latter all the way to the gulf. LaSalle claimed all the vast territory for France, naming it Louisiana in honor of his king, Louis XIV.

"In 1762, by the treaty of Fontainebleau, France gave to Spain all Louisiana west of the Mississippi, together with the Isle of Orleans, and in the following year, by another treaty, that of Paris, Louisiana east of the Mississippi, except the town of New Orleans and the Isle upon which it is situated, was turned over to Great Britain. At the end of the Revolutionary war Britain gave her claim back to Spain and through France's over-persuasion, Spain gave all of Louisiana back to France. With Napoleon at the head of the French leadership and gathering all resources he could to fight England, he saw fit to sell Louisiana (the second period of French control of Louisiana lasted 20 days, 1803, at the price of \$15,000,000.)

"On March 28, 1804, the United States took steps to organize its new possessions. Subsequently the area we now know as Louisiana was made into a state and admitted into the union on April 30, 1812."

"In 1861, Louisiana adopted an ordinance withdrawing from the Union. A new flag, of yellow, red, white, and blue, was raised in the place of the Stars and Stripes and was kept flying over the state house for six weeks. Louisiana then joined the Confederate States of America and the state flag was replaced by the Stars and Bars of the Confederacy."

"At the end of the war the state was divided into two separate regions, one obeying the federal government and the other the Confederate authorities—a situation which lasted until the end of the conflict."

"As the years went by, Louisiana gradually recovered from the effects of the Civil war and the much longer period of reconstruction. In 1877 the federal troops were withdrawn from New Orleans, and Louisiana began a steady climb to the prosperity she knows today."

"Truly, we Louisianians of the present generation are blessed with opportunities and comforts of which our ancestors who laid the foundation of our state never even dreamed—and now for the countless benefits which we have received as a result of the toil and sacrifice of those who have gone before us we have incurred a great debt which we must discharge to the best of our ability for the benefit of those who come after us."

This talk was followed by a "Flag Quiz," by means of which the members of the club had their knowledge of the American flag tested.

Mrs. S. E. Morris, in discussing the "Famous Names in Louisiana's History," gave an interesting account of Jean Baptiste Lemoyne, Sieur de Bienville, and the great part he played in early Louisiana history.

Bienville is the man whom Louisiana places at the head of her history. In his day he was called the father of Louisiana. He was left an orphan at the age of ten years and he was brought up by the Baron de Longueuil in all the stateliness of the time and it is to this environment and rearing that we are indebted for that picturesqueness in his personality—and the city which he founded, New Orleans.

"Bienville was born a courier. With a trusty Canadian companion he paddled a canoe through the bayous and threaded the forests of Louisiana until he became a guide as expert as any Indian, and his Canadian instinct enabled him to acquire the habits, dialect and manners of the savage better than any Indian in his territory. At the age of 18 he accompanied his brother, Iberville, on his voyage of the discovery on the Mississippi. At the age of 21 he came to be the highest executive and sole representative of royal authority in the French colony. He never wavered in his conviction that the French could rule Louisiana if they possessed the Mississippi and established colonies on its banks. This ambition led to the establishing and founding of the city of New Orleans."

During the business session presided over by Mrs. P. E. Massey, president, reports were given by the officers. The following were asked to serve as a nominating committee for the officers for the coming year: Miss Beulah Doerr, Mrs. R. L. Ross, and Mrs. R. E. Wilson. Mrs. Massey appointed committees for a special project for the year and for the General Federation.

## Literature Club Meets With Mrs. Mike John, Jr.

Members of the Current Literature club were delightfully entertained Wednesday afternoon when they met in the home of Mrs. Mike John, Jr., Mrs. J. M. Menefee, president, presided during the business session.

Reports were heard from the committee and department chairmen. Mrs. Louis Peters, program chairman, stated that the annual luncheon would be held February 5 in the Cameo room at the Virginia hotel. In the absence of Mrs. Heidenreich, chairman of American citizenship, Mrs. Menefee asked for volunteers for Red Cross work. Thursday morning of each week the time designated for this purpose, Mrs. John Naylor, American home chairman, gave a forum on "Safety." Mrs. J. E. Peters, chairman of education, gave an institute on "Objectives of Adult Education." At this time a request was made for books to be donated to the current literature book shelf for children established at the public library.

Mrs. John, international relations chairman, distributed copies of monthly news questions from the educational bureau of Time, stating that a quiz would be conducted at the next meeting. Mrs. Jordan Barton, chairman of junior club women, gave a short talk on "The Need of Junior Clubs." Mrs. Paul Wright, public relations chairman, reported that the project sponsored by her department for selling Christmas trees for the Y's Men's club was successful. She stated that the clothes collected had been given to the Salvation Army. Mrs. Wright announced that three hundred cards had been addressed and mailed as the club's part in the "March of Dimes" program. At this time a collection was taken up to fill the club card. Mrs. Wright also called the attention of the club to the social hygiene meeting to be held February 4, urging all members to attend.

Mrs. Bill Thompson was welcomed as a new member of the club.

The program opened with a parliamentary drill, conducted by Mrs. J. Leon Dennis. The life of John James Audubon was the topic of Mrs. Earl Stovall's interesting discourse. The highlight of the afternoon's program was the picture-lecture on Louisiana, art given by the guest speaker, Mrs. H. R. Saenger. Mrs. Paul Wright reviewed "Ember Lane," by Sheila Kaye Smith.

She said in part: "A strangely fascinating, intensely moving novel, 'Ember Lane' tells the story of a group of people who fell suddenly under the shadow of an old tragedy. It is one of the most enchanting and heart-warming novels Miss Kaye Smith has written, this winter's tale of a long forgotten mystery which came out of the Sussex moors of a hundred years ago to lay its light fingers across the lives of a handful of modern men and women and to shape the course which, factually, they followed."

"It's shadow fell over Honeywell farm, where one night Jess Marlott waited uneasily for Greg; over Lost's farm, where the Cobles went in hostile silence about their nightly chores; and over the Woodhous parsonage, where Greg Marlott sat in a lamplit room with Brenda Light."

"It fell most of all on Brenda's daughter, Lucinda, a slender creature with creamy skin, and a nimbus of pale gold hair, who moved within a world of her own. Yet it was Lucinda alone who understood the unhappiness and tragedy that threatened, who knew what horror hung over them all. It was all bound up, she knew, with something that had happened in this same Sussex countryside a long time ago. And now it was about to happen again. Out of the forces that tangled the lives of these people, out of the fate that touched them all, Miss Kaye Smith has written a delightful and absorbing novel."

At the conclusion of the program delicious refreshments were served by Mrs. John to the following members and guests: Mesdames Jordan Barton, M. J. Carbone, R. L. Conway, Jr., J. Leon Dennis, V. S. Garnett, J. C. Kramer, J. E. Peters, Louis Peters, R. F. Seller, Earl Stovall, G. B. Watkins, William Whitfield, Paul Wright, A. L. Vandergriff, Bill Thompson, R. G. John, A. J. Barton, Ogden Kemp, and H. R. Saenger.

## College Will Present Recitals This Week

Northeast Junior College Musical Students To Give Three Performances

If it is true that music has strange powers to soothe naught but tranquility should prevail at Northeast Junior College, where music floods the corridors and drifts from the open windows to the far reaches of the campus.

Student recitals are steadily growing in popularity at Northeast Junior college, where youthful musicians are forging ahead in the most remarkable manner.

Three recitals will be given this week with the first one, Monday night at 8 o'clock, presented as follows:

Spinning Song (Ellmenrick), June Lewis; Barcarolle (Goodrich), Cleta Godfrey; Southern Melody (Yost), Betty Engstrom; Gypsy Dance (Lichner), Addie Lee Harrison; Sonatina in G Major (Clementi), Winifred Mask; From the South (Wright), June Lewis and Cleta Godfrey; Polonaise in A Major (Chopin), Betty Jane Couch; Evening Star (Wagner), Lee Slagle; Concerto (allegro) (Kasschau), Mary Alice Mickel and Sally Foster; In the Hall of the Mountain King (Grieg), Sally Foster; Victory Prelude (Ware), Louise Tisdale; Gondolieri (Nevin), Clarice Slagle and Lee Slagle; Naiads of the Spring (Juon), Mary Alice Mickel; March of Indian Phantoms (Kroeger), Clarice Slagle; Andante (Eichberg), Louise Averett; Julia Judd, Irvie Lee Humble, Jean Copeland.

The third of the series of recitals will be given Wednesday morning at 10:30 o'clock. The program will feature piano, violin, vocal and clarinet numbers.

Tuesday night's recital, presented in the music building at 8 o'clock, will feature the following program:

I Went to the Circus (Lively), Mary Wilson; Military, Whistles (Ketterer), Joe Hamilton Monroe, Jr.; On the Street (Sweet Briar (Crawford), Mary Wilson; Sweet Reverie (Tchaikovsky), Jean Carroll; Minuet in G (Beethoven), Billie Kelley; Beneath Southern Moon (Lind), Betty Su Jones; violin, Rhapsodie Marc (Liszt); Betty Fimberg; Sea Garden (Cook), Mary Frances Calhoun; Dream of Love (Liszt), Marguerite Colver; Chant d'Amour (Stojowski), Mary Evelyn Durden; Marche Militaire (Schubert), Betty Fimberg; Laura Louise Patton; Jessie Lee Touchton; and Betty Sue Jones; Flight of the Bumble Bee (Rimsky Korsakoff); George Muller; Where Dusk Gathers Deep (Stebbins), Mrs. J. B. Kugler; Improvisation and Melody (Brown), Laura Louise Patton; Spanish Serenade (Wright), Katherine Kugler and George Muller.

The third of the series of recitals will be given Wednesday morning at 10:30 o'clock. The program will feature piano, violin, vocal and clarinet numbers.

She possesses all the attributes—a wonderful speaking voice, charming stage presence and a magnetic personality. Considerable experience in theatricals was gained last year and the year previous when she spent her vacation playing with a stock company at Plymouth, Mass.

The selection of Grace Ingledue for the feminine lead was another coup de grace for Mr. Smith. With two such personalities dominating "No Time For Comedy," you can rest assured it will be the finest piece of work ever presented in Little Theater circles. Here's seeing you on the night of February 10.

PRESIDE AT GYPSY TEA... Miss Georgia McCoy, Miss Mary Benoit and Miss Rosemary Dawson donned gypsy costumes and presided over the tea table in the home of Mrs. B. R. Golsen who converted her dining room into a gypsy tea room when she entertained complimentary to Mrs. George Forman of Atlanta, Ga.

Lovely Jean Terzia, student at Sophie Newcomb, smiles out at the world in the most friendly manner from the front page of the Tulane Hullahaloo. She was selected one of the maids in the court of the Queen of Tulane who presided over the festivities of Homecoming week. Jean is a junior at Sophie Newcomb.

"Flags of Louisiana" was the subject discussed by Mrs. A. B. Colmer at the regular program meeting of the Monroe Literary Club Wednesday afternoon at the home of Mrs. M. W. Montgomery on South Grand street.

Mrs. Colmer said in part: "The first Louisiana to be placed upon the map of the world comprised the whole of the central plains of what is now the United States, from the Great Lakes to the Gulf of Mexico. Before we take up the penetration and exploration of the region by the French of Canada, let us turn our attention to the several Spanish explorations that were made from the West Indies to the southeast, and from Mexico to the southwest. The achievements of the Spaniards before the period ended may be summarized as follows:

"Up from the Indies came DeLeon, Pineda, DeNarval and DeSoto. From Mexico came Coronado, Rodriguez, and Onate. Spain, however, never recognized the importance of the discovery of the Mississippi river until others rediscovered it and brought its importance to the world's attention.

"The next exploration of Louisiana came from the north—the French settlers of Canada. In 1682, following the explorations of Marquette and Joliet, which proved that the Mississippi ran south instead of west, Robert Cavalier de LaSalle determined to explore the great artery, descended the Illinois river to its junction with the Mississippi, and followed the latter all the way to the gulf. LaSalle claimed all the vast territory for France, naming it Louisiana in honor of his king, Louis XIV.

"In 1762, by the treaty of Fontainebleau, France gave to Spain all Louisiana west of the Mississippi, together with the Isle of Orleans, and in the following year, by another treaty, that of Paris, Louisiana east of the Mississippi, 'except the town of Orleans and the Isle upon which it is situated,' was turned over to Great Britain. At the end of the Revolutionary war Britain gave her claim back to Spain and through France's over-persuasion, Spain gave all of Louisiana back to France. With Napoleon at the head of the French leadership and gathering all resources he could to fight England, he saw fit to sell Louisiana (the second period of French control of Louisiana lasted 20 days) to the United States, December 20, 1803, at the price of \$15,000,000.

"On March 28, 1804, the United States took steps to organize its new possessions. Subsequently the area we now know as Louisiana was made into a state and admitted into the union on April 30, 1812.

"In 1861, Louisiana adopted an ordinance withdrawing from the Union. A new flag, of yellow, red, white, and blue, was raised in the place of the Stars and Stripes and was kept flying over the state house for six weeks. Louisiana then joined the Confederate States of America and the state flag was replaced by the Stars and Bars of the Confederacy.

"At the end of the war the state formation can be very helpful to one another. Out of such serious groups come good leadership later for the whole P.-T. A.

"The study group need not be large to be effective. Four or five parents who band themselves together, meeting regularly, reading seriously, and exchanging their experiences and information can be very helpful to one another. Out of such serious groups come good leadership later for the whole P.-T. A.

"In addition to the regular meetings each P.-T. A. should have one or several study groups. Naturally, to such a group are attracted those parents who have been reading and thinking intelligently about their family relationships and of ways to render these relationships happier.

"Certain experts in the community may be available for leadership, particularly in local colleges and universities. In the Ball State Teachers college, Muncie, Ind., for example, Dr. Fitch devotes all his time to serving groups of parents in that city, and in advising with parents on problems of child development and family relationships.

# Miss Winifred Johnson Becomes Bride Of Judge Jesse Heard Of West Monroe

## Popular Couple Wed In Impressive Rites

First Methodist Church Of West Monroe Scene Of Nuptials Uniting Popular Young Couple

Cathedral tapers in white, seven-branched candelabra burned against a solid screen of southern smilax in the rear of the altar at the West Monroe Methodist Church on the afternoon of January 19, when Miss Winifred Johnson, daughter of Mr. and Mrs. James Dalton Johnson, walked down the aisle to become the bride of Judge Jesse Heard, son of Mr. and Mrs. S. H. Heard.

While the guests were being escorted to their seats by the groomsmen, Mr. Howell Heard and Mr. Herbert Milford, a pre-nuptial concert was rendered by the organist, Mrs. Raymond Spence. During the ceremony, Liebestraum, was rendered. The soloist, Miss Louise Jenkins of Ruston, sang "Because."

Tall French baskets overflowing with pink gladioli formed the setting for the ceremony performed by Dr. C. Karlos Smith, pastor of the West Monroe Methodist church.

The bride's only attendant, her sister, Miss Myrtle Johnson, wore an advanced spring model of pastel pink with sea blue hat and corsage of purple lilies.

The bride, given in marriage by her father, wore a bride's blue crepe model of charming simplicity. An advanced spring hat of the same shade, accessories of navy blue and a corsage of white roses and valley lilies completed the distinctive toilette.

The best man was Mr. Raymond Spence.

Immediately following the ceremony Judge and Mrs. Heard left via the motor route for a honeymoon in Florida. Upon their return they will be at home in West Monroe with the bridegroom's parents until the completion of their new home on North Second street.

The bride attended Louisiana Tech and the bridegroom is a graduate of Louisiana State university. He is a member of Theta Kappa Nu social fraternity and Gamma Eta Gamma, law fraternity.

Out-of-town guests attending the wedding were: Mr. and Mrs. L. B. Smith of Bay City, Tex.; Mr. and Mrs. W. Smith of Delhi, Mr. Malcolm Cox, and Mrs. Effie Laing of Mer Rouge; Mr. James Brizot of Ruston.

### Crawford-Moore Rites Performed At Colfax

Mr. and Mrs. C. N. Moore of West Monroe announce the marriage of their daughter, Miss Oma Moore, to Mr. Henry Benton Crawford, son of Mr. and Mrs. Benton Thomas Crawford, of Colfax, La., on Saturday, January 12. The Rev. M. R. Gremillion performed the ceremony.

The bride wore a smart blue and beige spring model with navy blue accessories and corsage of pink carnations.

Mr. Crawford is associated with the Frizzell Brick Company of Monroe.

### Lieut. David Pace Takes Bride In San Antonio

Lieutenant David Earl Pace, son of Mr. and Mrs. Amos G. Pace of this city, has many friends here where he was born and reared who will read with considerable interest the following article appearing in the social section of the San Antonio Express:

Miss Margaret Bosshardt, daughter of Mrs. Frank John Bosshardt, became the bride of Lieut. David Earl Pace of Duncan Field, son of Mr. and Mrs. Amos G. Pace of Monroe, La., in a beautiful ceremony on Friday evening in the First Presbyterian church.

On the rostrum, which was banked with palms and ferns, were two large interlocking circles of lilies. There were garlands of smilax adorning the church and down the aisle were candelabra to which were caught clusters of white gladioli and chrysanthemums.

Rev. Arthur V. Board officiated at the ceremony.

Mrs. Charles Aicklen, Jr., of New Orleans, who sang, was accompanied by Mrs. Roland Springall.

The bride wore an exquisite gown of magenta satin and lace. Lace formed the yoke of the bodice and was draped in an apron effect on the skirt. The skirt extended into a train and the long sleeves of the gown were finished with points over the wrists. Her veil of lace fell in two tiers from a Spanish comb effect of the lace at the back of her head. She carried a round bouquet of gardenias, bouvardia and valley lilies. Richard Bell, her brother, was the best man.

Miss Imogene Pace of Monroe, La., sister of the bridegroom, was maid of honor, while Mrs. Roy Ford of Midland, Tex., was the matron of honor. The bridesmaids were Misses Emily Loy of Houston, Mexique Dietzel and Barbara Furlong.

The bride's attendants wore frocks of bouvardia and full ruffled skirts. They carried old-fashioned bouquets of white and yellow roses, surrounded with frills of yellow and purple tulle. They also wore little clusters of white and yellow roses in their hair.

Lieut. David Bosshardt assisted as best man. The groomsmen were Lieutenants Walter Gunstream, James Baggett, Hugh Biskely and Charles Himes.

Immediately after the ceremony, there was a reception in the home

BRIDE AND HER ATTENDANTS . . .

Mrs. David Earl Pace, whose marriage to Lieutenant Pace was a fashionable event of last week in San Antonio, is seen here with her bridesmaids, including Miss Imogene Pace of this city. Reading from left to right, they are: Miss Mexique Dietzel, Mrs. Roy Ford, the bride, Miss Pace, Miss Emily Loy and Miss Barbara Furlong.

of the bride's aunt, Mrs. Emma Koehler, 310 West Ashby Place.

White gladioli and chrysanthemums adorned the rooms of the home and formed the centerpiece for the bride's table, which was illuminated with white tapers burning in silver candelabra.

Mrs. Bosshardt, mother of the bride, wore a gown of dusty blue marquisette and lace. Receiving in the hall were Miss Hertha Iselb, Mesdames Otto Koehler, Charles Koehler, Corwin Priest and Charles Bosshardt, Mesdames Ernest Lasker, Richard Erler, J. F. Greenwald received with the members of the bride's party in the library.

Lieutenant and Mrs. Pace have departed for a two weeks' trip to Monterey and Saltillo, Mexico. The bride traveled in a maize-colored silk frock with brown accessories and a mink dyed muskrat coat. Her corsage was of yellow roses and valley lilies.

Upon their return they will be at home at 1110 West Main street.

Among out-of-town guests at the wedding were: Mrs. Fritz Greenwald of New York, Miss Pauline Gill of Houston, La.; Miss Ethel Christian of Houston, Miss Joyce Christian of Houston, Miss Jocelyn Christian of Houston, Mr. and Mrs. Benjamin Christian of Houston, Miss Marian Moore of Houston, Mr. and Mrs. Clyde Paul of Houston, Mr. and Mrs. O. E. Lay of Houston, Mr. and Mrs. Roy Moore of Austin, Mrs. Charles Aicklen, Jr., of New Orleans, La.; Miss Imogene Pace of Monroe, La.; Miss Roy Ford of Midland, Miss Emily Loy of Houston, Miss Ernest Lasker of Fort Worth, Miss Janet Conley of Laredo, Mr. and Mrs. Amber Anderson of Dallas.

her degree. She specialized in French and English.

Announcement has been made of the approaching marriage of Miss Naomi Joy Tryson, daughter of Mr. and Mrs. C. R. Tryson, of Chicago, Ill., and Mr. Charles Sukmann, son of Mr. and Mrs. M. Sukmann of Chicago and Bloomington, Ind.

The ceremony will be solemnized in Little Rock, Ark., on Saturday, January 25, in the presence of the immediate families.

Miss Tryson is now attending the University of Indiana, and will continue her studies after the wedding, at Northeast Junior college, this city. Mr. Sukmann is a graduate of the University of Indiana and at present is serving as supervisor of music in West Carroll parish schools and director of the Oak Grove High school band.

### Ferriday

Circle No. 1 of the Presbyterian auxiliary met with Mrs. C. Alwood. A lovely birthday cake was presented to Mrs. E. B. French, Sr. Mr. Cannon led the Bible study and Mrs. West led the program.

The Ferriday Women's club was entertained by Mesdames M. M. Perkins, Sr. and H. Sharpe at the home of Mrs. Perkins. A very interesting program followed a short business session, with "Better American Homes" as the subject. Mrs. Otto Lanaster gave valuable advice on "Dollars and Cents in Home Planning." Mrs. S. R. Gray closed the program with a very interesting talk on "Buying Guidance in the Home." Delicious refreshments were served during the social hour. Special guests were Mesdames C. Wailes and G. Taylor.

# Miss Winifred Johnson Becomes Bride Of Judge Jesse Heard Of West Monroe

## Popular Couple Wed In Impressive Rites

First Methodist Church Of West Monroe Scene Of Nuptials Uniting Popular Young Couple

Cathedral tapers in white, seven-branched candelabra burned against a solid screen of southern smilax in the rear of the altar at the West Monroe Methodist Church on the afternoon of January 19, when Miss Winifred Johnson, daughter of Mr. and Mrs. James Dalton Johnson, walked down the aisle to become the bride of Judge Jesse Heard, son of Mr. and Mrs. S. H. Heard.

While the guests were being escorted to their seats by the groomsmen, Mr. Howell Heard and Mr. Herbert Milford, a pre-nuptial concert was rendered by the organist, Mrs. Raymond Spence. During the ceremony, Liebestraum, was rendered. The soloist, Miss Louise Jenkins of Ruston, sang "Because."

Tall French baskets overflowing with pink gladioli formed the setting for the ceremony performed by Dr. C. Carlos Smith, pastor of the West Monroe Methodist church.

The bride's only attendant, her sister, Miss Myrtle Johnson, wore an advanced spring model of pastel pink with sea blue hat and corsage of purple iris.

The bride, given in marriage by her father, wore a bride's blue crepe model of charming simplicity. An advanced spring hat of the same shade, accessories of navy blue and a corsage of bride's roses and valley lilies completed the distinctive toilette.

The best man was Mr. Raymond Spence.

Immediately following the ceremony Judge and Mrs. Heard left via the motor route for a honeymoon in Florida. Upon their return they will be at home in West Monroe with the bridegroom's parents until the completion of their new home on North Second street.

The bride attended Louisiana Tech and the bridegroom is a graduate of Louisiana State university. He is a member of Theta Kappa Nu social fraternity and Gamma Eta Gamma, law fraternity.

Out-of-town guests attending the wedding were: Mr. and Mrs. L. Blum of Bay City, Tex.; Mr. and Mrs. W. Smith of Delhi, Mr. Malcolm Cox, and Mrs. Effie Laine of Mer Rouge, and Mrs. James Briggs of Ruston.

### Crawford-Moore Rites Performed At Colfax

Mr. and Mrs. C. N. Moore of West Monroe announce the marriage of their daughter, Miss Oma Moore, to Mr. Henry Benton Crawford, son of Mr. and Mrs. Benton Thomas Crawford of Monroe, in Colfax, La., Wednesday, January 22. The Rev. M. R. Gremillion performed the ceremony. The bride wore a smart blue and beige spring model with navy blue accessories and corsage of pink carnations.

Mr. Crawford is associated with the Frizzell Brick Company of Monroe.

BRIDE AND HER ATTENDANTS . . .

Mrs. David Earl Pace, whose marriage to Lieutenant Pace was a fashionable event of last week in San Antonio, is seen here with her bridesmaids, including Miss Imogene Pace of this city. Reading from left to right, they are: Miss Mexine Dietzel, Mrs. Roy Ford, the bride, Miss Pace, Miss Emily Loy and Miss Barbara Furlong.

of the bride's aunt, Mrs. Emma Koehler, 310 West Ashby Place.

White gladioli and chrysanthemums adorned the rooms of the home and formed the centerpiece for the bride's table, which was illuminated with white tapers burning in silver candelabra.

Miss Margaret Boshardt, daughter of Mrs. Frank John Boshardt, became the bride of Lieutenant David Earl Pace of Duncan Field, son of Mr. and Mrs. Amos G. Pace of Monroe, La., in a beautiful ceremony on Friday evening in the First Presbyterian church.

On the rostrum, which was banked with palms and ferns, were two large interlocking circles of tapers. These were garlands of smilax adorning the church and down the aisle were candelabra to which were caught clusters of white gladioli and chrysanthemums.

Rev. Arthur V. Board officiated at the ceremony.

Mrs. Charles Aicklen, Jr., of New Orleans, who sang, was accompanied by Mrs. Roland Springall.

The bride wore an exquisite gown of magnolia satin and lace. Lace formed the yoke of the bodice and was draped in an apron effect on the skirt. The skirt extended into a circular train and the long sleeves of the gown were finished with points over the wrists. Her veil of lace fell in two tiers from a Spanish comb effect of the lace at the back of her head. She carried a round bouquet of gardenias, bouvardia and valley lilies. Richard Eiler gave his niece in marriage.

Miss Imogene Pace of Monroe, La., sister of the bridegroom, was maid of honor, while Mrs. Roy Ford of Midland, Tex., was the matron of honor. The bridesmaids were Misses Emily Loy of Houston, Mexine Dietzel and Barbara Furlong.

The bride's attendants wore frocks of jonquil yellow faille taffeta, made with heart-shaped necklines, tight-fitting bodices and full ruffled skirts. They carried old fashioned bouquets of violets and yellow roses, surrounded with frills of yellow and purple tulle. They also wore little clusters of violets and roses in their hair.

Lieut. David Burchinal assisted as best man. The groomsmen were Lieut. Walter Gunstream, James Badgett, Hugh Blakely and Charles Himes.

Immediately after the ceremony, there was a reception in the home

her degree. She specialized in French and English.

Announcement has been made of the approaching marriage of Miss Naomi Joy Tryson, daughter of Mr. and Mrs. C. R. Tryson, of Chicago, Ill., and Mr. Charles Sukmann, son of Mr. and Mrs. M. Sukmann of Chicago and Bloomington, Ind.

The ceremony will be solemnized in Little Rock, Ark., on Saturday, January 25, in the presence of the immediate families.

Miss Tryson is now attending the University of Indiana, and will continue her studies after the wedding. At Northeast Junior college, this city, Mr. Sukmann is a graduate of the University of Indiana and at present is serving as supervisor of music in West Carroll parish schools and director of the Oak Grove High school band.

Upon their return, they will be at home at 1110 West Mistletree avenue.

Among out-of-town guests at the wedding were: Mrs. Fritz Groeneveld of New York; Miss Paulyn Gill of Houston, La.; Miss Ethel Christian of Houston; Miss Joyce Christian of Houston; Miss Jocelyn Christian of Houston; Mr. and Mrs. Benjamin Christian of Houston; Miss Marian Moore of Houston; Mr. and Mrs. Clyde Paul of Houston; Mr. and Mrs. O. E. Loy of Houston; Mr. and Mrs. Roy Morey of Austin; Mrs. Charles Aicklen, Jr., of New Orleans, La.; Miss Imogene Pace of Monroe, La.; Mrs. Roy Ford of Midland; Miss Emily Loy of Houston; Mrs. Ernest Laaker of Fort Worth; Miss Janet Conley of Laredo; Mr. and Mrs. Amber Anderson of Dallas.

The Ferriday Woman's club was entertained by Mesdames M. M. Perkins, Sr., and H. Sharpe at the home of Mrs. Perkins. A very interesting program followed a short business session, with "Better American Homes" as the subject. Mrs. Otto Lonsdale gave valuable advice on "Dollars and Cents in Home Planning." Mrs. S. R. Gray closed the program with a very interesting talk on "Buying Guidance in the Home." Delicious refreshments were served during the social hour. Special guests were Mesdames C. Wailes and G. Taylor.

Emile Mayer and daughter, Mrs. William Mayer, were visitors in Natchez recently.

Mrs. L. Fairbanks and sister, Miss Concheta Cerniglia, Vidalia, were visitors in Baton Rouge.

Mr. and Mrs. Lon Wilder returned from a visit in New Orleans in the

home of their daughter and son-in-law, Richard Wilda, Sr., is visiting her daughter and son-in-law, Mr. and Mrs. A. L. Abernathy, Monroe.

Mr. and Mrs. Sam Johnson were visitors in Baton Rouge.

Mr. and Mrs. Ben Chase, Waterproof, were visitors here recently.

law, Mr. and Mrs. Charles Abbott Campbell.

Mr. and Mrs. Earl Coney and Mrs. Mary Smith visited relatives in Alexandria.

Mr. and Mrs. L. Millette and family of Arkansas were guest of their daughter and son-in-law, Mr. and Mrs. H. Norman.

### Calhoun

# Various Groups Of Monroe Club Women Study Methods Of National Defense

## P.-T.A. Congress To Stress Home, School

Spanish War Veterans Auxiliary And D. A. R. Also Contribute To Current Patriotic Discussions

By Eve Bradford

It doesn't matter much whether you belong to a study group, whether you are a business or professional woman or your taste runs to the study of government; if you belong to a woman's group in Monroe, you will be busily engaged during the remainder of the club year in sponsoring a cause, whatever it may be.

The club year is racing along and there remains much to be done by federated club women who have set their course and strive to continue in the American way. The 2,000,000 American women who make up that army of Federated Clubs will strive to preserve American culture, tradition and freedom.

The Congress of Parents and Teachers will stress the home and the school as the first line of defense. Members of the congress feel that there is no time quite so important as the present to strengthen their child welfare program and to work for "Every School a Recognized School" and "Every Home a Worthy Home."

Members of the Thompson Wood Lee Spanish American War Veterans are now bestirring themselves in the interest of national defense. An essay contest is being waged by the national organization but there is a local angle that will prove interesting to senior students of the Ouachita Parish High school and the Neville High school.

For the best essay on "How Did the Spanish American War Create Security for the Western Hemisphere," sent to the national organization, a prize of \$100 is made. Seventy-five dollars will be awarded for the second best essay, fifty dollars for the third best and twenty-five for the fourth best. The Louisiana department will give a prize of \$25 for the first best and \$15 for the second best.

Mrs. O. M. Arnette, chairman of the essay contest of the local auxiliary, announces that a gold medal will be awarded the student who submits the best essay on the topic selected by the national organization. National defense has long been synonymous with the program of the Daughters of the American Revolution who warned of subversive agencies at work long before the Dies committee began its investigation. This year, according to Mrs. C. M. Flowers, of this city, state regent of the D. A. R., the Daughters will continue their work of national defense, not only by endorsing such investigations but by providing education in citizenship for children and adult aliens.

Members of Fort Miro chapter D. A. R. consider themselves much a part of the national organization. They are continually making valuable contributions to the cause which they represent and are striving to the best of their ability to support the constitution, to obey its laws, to respect its flag and to defend it against all enemies.

"National Defense" was the subject of one of the most inspiring talks of the year delivered by Mr. Warren Taylor at a recent meeting. On this same program Mrs. W. E. Leigh talked on the subject of the D. A. R. and national defense.

A group of prominent Monroe women, members of Fort Miro chapter D. A. R., are serving on important committees as follows: Advancement of American music, Mrs. W. C. Oliver; Americanism, Mrs. Lewis C. Slater; approved schools, Mrs. Jack Hayes; conservation, Mrs. A. E. Montgomery; sub-committee on American Indians,

Mrs. C. M. Mitchell, sub-committee on American Red Cross, Mrs. Gladys Sperry; correct use of the flag, Mrs. Stanley Blower; D. A. R. good citizenship pilgrimage, Mrs. Gordon Cummings; D. A. R. student loan fund, Mrs. E. G. Calvert; genealogical records, Mrs. J. R. Wooten; historical research, Mrs. C. E. Buckley; motion pictures, Mrs. E. S. Girault; national defense through patriotic education, Mrs. W. E. Leigh; national historical magazine, Mrs. C. O. Welch; national membership, Mrs. A. Milling Bernstein; press relations, Mrs. J. S. Dewey; radio, Mrs. J. C. Linder; real daughters, Mrs. E. N. Faulk.

## WARNING to Mothers of Growing Children

WHEN COLDS STRIKE... Relieve Misery the Improved, Home-Tested Vicks Way... Perfected for Children

No matter what you have tried in the past to relieve misery of colds—treat your child the improved Vicks way—with a "VapoRub Massage". Then notice how swiftly it starts to quiet coughing, ease muscular soreness or tightness and bring comfort.

With this MORE THOROUGH treatment (developed by Vicks staff of Doctors) the poultice-and-vapor action of Vicks VapoRub more effectively... PENETRATES irritated air passages with soothing medicinal vapors, inhaled deeply with every breath. STIMULATES chest and back like a warming poultice or plaster.

To get a "VapoRub Massage" with all its benefits, here's what you do: Massage VapoRub for 3 minutes on IMPROVED RUB-AREA OF BACK as well as chest and throat—spread a thick layer of VapoRub on chest and cover with a warm cloth. BE SURE to use genuine Vicks VapoRub.

When you see the results of this improved Vicks treatment you will wonder how any sensible, thrifty mother could possibly deny her child the comfort and relief it brings from misery of colds.

Miss Johnnie Gregory visited Mrs. J. C. Boies in Rayville recently.

# Various Groups Of Monroe Club Women Study Methods Of National Defense

## P.-T. A. Congress To Stress Home, School

Spanish War Veterans Auxiliary And D. A. R. Also Contribute To Current Patriotic Discussions

By Eve Bradford

It doesn't matter much whether you belong to a study group, whether you are a business or professional woman or your taste runs to the study of government; if you belong to a woman's group in Monroe, you will be busily engaged during the remainder of the club year in sponsoring a cause, whatever it may be.

The club year is racing along and there remains much to be done by federated club women who have set their course and strive to continue in the American way. The 2,000,000 American women who make up that army of Federated Clubs will strive to preserve American culture, tradition and freedom.

The Congress of Parents and Teachers will stress the home and the school as the first line of defense. Members of the congress feel that there is no time quite so important as the present to strengthen their child welfare program and to work for "Every School a Recognized School" and "Every Home a Worthy Home."

Members of the Thompson Wood Lee Spanish American War Veterans are now bestirring themselves in the interest of national defense. An essay contest is being waged by the national organization but there is a local angle that will prove interesting to senior students of the Ouachita Parish High School and the Neville High school.

For the best essay on "How Did the Spanish American War Create Security for the Western Hemisphere," sent to the national organization, a prize of \$100 is made. Seventy-five dollars will be awarded for the second best essay, fifty dollars for the third best and twenty-five for the fourth best. The Louisiana department will give a prize of \$25 for the first best and \$15 for the second best.

Mrs. O. M. Arnette, chairman of the essay contest of the local auxiliary, announces that a gold medal will be awarded the student who submits the best essay on the topic selected by the national organization.

National defense has long been synonymous with the program of the Daughters of the American Revolution who warned of subversive agencies at work long before the Dies committee began its investigation. This year, according to Mrs. C. M. Flowers, of this city, state regent of the D. A. R., the Daughters will continue their work of national defense, not only by endorsing such investigations but by providing education in citizenship for children and adult aliens.

Members of Fort Miro chapter D. A. R. consider themselves very much a part of the national organization. They are continually making valuable contributions to the cause which they represent and are striving to the best of their ability to support the constitution, to obey its laws, to respect its flag and to defend it against all enemies.

"National Defense" was the subject of one of the most inspiring talks of the year delivered by Mr. Warren Taylor at a recent meeting. On this same program Mrs. W. E. Leigh talked on the subject of the D. A. R. and national defense.

A group of prominent Monroe women, members of Fort Miro chapter D. A. R., are serving on important committees as follows: Advancement of American music, Mrs. W. C. Oliver; Americanism, Mrs. Lewis C. ### ENGAGEMENT ANNOUNCED . . .

Miss Ella Rose Crawford whose engagement to Mr. John Vernon Jones is formally announced today by her parents, Mr. and Mrs. Benton Thomas Crawford.

## Ella Rose Crawford's Engagement Disclosed

Daughter Of Benton Crawfords Will Wed John Vernon Jones February 15

Of exceeding interest to a wide circle of friends is the announcement made today by Mr. and Mrs. Benton Thomas Crawford of the engagement and approaching marriage of their daughter, Miss Ella Rose Crawford, to Mr. John Vernon Jones, son of Mrs. Mary Guerriero Jones of this city.

The marriage will take place at St. Matthew's Catholic Church February 15 at 8 o'clock in the morning.

Miss Crawford is a charming member of the parochial school and Northeast Junior College, where she specialized in music.

Mr. Jones was born and reared in Monroe and at the present time is associated with the state, with headquarters in this city.

The remainder of Miss Crawford's engagement days will be overflowing with gracious prenuptial affairs, culminating in a reception at the home of Mr. and Mrs. Credille Calhoun the night before the wedding.

### Oak Grove

Miss Mary Glenn Rodgers, Oak Grove High School senior, has been elected as the 1941 winner of the Good Citizenship award, made each year by the General William Carroll chapter of the Daughters of the American Revolution.

Miss Rodgers will go to Baton Rouge in February, where she will join others selected from various chapters and where the winner will be selected to represent Louisiana at the national meeting in Washington, D. C. Miss Rodgers is secretary-treasurer of the senior class, a talented musician and the queen of the 1940 Festive Carnival.

The Band Mothers of the Oak Grove school met in the music room of the school for the purpose of reorganizing the club and to elect new officers for the ensuing year.

Mrs. Ervin Castleman, vice-president, presided in absence of Mrs. D. W. McBride, other officers of past year were Mrs. D. M. Copeland, secretary and publicity superintendent, and Mrs. C. A. Franklin, treasurer.

The following were elected to serve for the year: Miss Sue Williams, president; Mrs. Ervin Castleman, vice-president; Mrs. D. M. Copeland, secretary; Mrs. C. A. Franklin, treasurer.

The activity committee was named as follows: Mrs. Thomas Vining, chairman, Mrs. W. H. Keller, Mrs. J. Berber and Mrs. D. W. McBride. Mrs. Copeland will serve again as publicity superintendent.

Meeting days are the third Thursday in each month at 7 p.m. in the music room at school.

The Piano club met in the home of Mrs. C. N. Underwood, with Mary Carl Underwood hostess.

The program included a study of the life of Mendelssohn, piano solos, and musical games.

A delicious chicken spaghetti supper was served by Mrs. Underwood to the following members and visitors: Mary Dot Boughton, Elizabeth Chapman, Willie Dell Chapman, Julia Dot Gates, Marilyn Harper, Mary Carl Underwood, Clara Frances Walvoord, Mrs. B. N. Hixon, Mrs. Paul Chapman and Janet George.

## WARNING to Mothers of Growing Children

WHEN COLDS STRIKE... Relieve Misery the Improved, Home-Tested Vicks Way... Perfected for Children

No matter what you have tried in the past to relieve misery of colds—treat your child the improved Vicks way—with a "VapoRub Massage". Then notice how swiftly it starts to quiet coughing, ease muscular soreness or tightness and bring comfort.

With this MORE THOROUGH treatment (developed by Vicks staff of Doctors) the poultice-and-vapor action of Vicks VapoRub more effectively...

PENETRATES irritated air passages with soothing medicinal vapors, inhaled deeply with every breath.

STIMULATES chest and back like a warming poultice or plaster.

To get a "VapoRub Massage" with all its benefits, here's what you do: Massage VapoRub for 3 minutes on IMPORTANT RIB-AREA OF BACK as well as chest and throat—spread a thick layer of VapoRub on chest and cover with a warm cloth. BE SURE to use genuine Vicks VapoRub.

When you see the results of this improved Vicks treatment you will wonder how any sensible, thrifty mother could possibly deny her child the comfort and relief it brings from misery of colds.

# Junior Charity League Plans Valentine Ball

Proceeds Of Dance Will Go To League's Free Baby Clinic And Milk Fund

The custom of sending Valentines on February 14 is of considerable antiquity, dating back to the days of Saint Valentine, a bishop and martyr of the church, who was put to death at Rome for his faith during the persecution under Claudius II.

The ancient sentimental custom has flourished through the years, and, judging from the number of valentines now flooding the shops, it will be more popular this year than ever before.

Members of the Junior Charity League will be responsible for one of the largest and most colorful valentines enjoyed this year by the Monroe public. The ballroom of the Virginia hotel will be converted into a fascinating valentine for the guests, who will dance in a perfect labyrinth of fluttering, crimson hearts.

Funds derived from the sale of tickets to the ball will be used for a grand and glorious cause—the maintenance of the league's free baby clinic and the milk fund. This is the year's project, and one that is deemed by members of the league to be the most painful of all methods of raising money. The value received has always been the solace of these energetic workers.

This will be especially true this year, as Jack Shelton's orchestra will supply the music and the many charming features in connection with the ball will render it one of the most brilliant events socially of the entire year.

Patrons and patronesses who have pledged their support and will be present at the ball are Dr. and Mrs. Scott Hamilton, Mr. and Mrs. William Bernstein, Mr. and Mrs. Wood Thompson, Mr. and Mrs. Floyd Madison, Mr. and Mrs. Shop Grouse, Mr. and Mrs. Allan Stolars, Mr. and Mrs. S. J. Rogers, Mr. and Mrs. W. C. Fowler, Dr. and Mrs. Nathan Gaston, Mr. and Mrs. Victor Davis, Mr. and Mrs. Henry Collier, Mr. and Mrs. G. B. Hayner, Sr., Mr. and Mrs. Louis Buckner, Mr. and Mrs. C. C. Beaman, Mr. and Mrs. J. P. Potts, Mr. and Mrs. Lela Hale, Mrs. Eleanor Faulk, Mr. and Mrs. Earl Benson.

Mrs. Theodore Terza, Dr. and Mrs. George Snelling, Mrs. Frank Wilcox, Mrs. Charles Siler, Dr. and Mrs. C. P. Gray, Sr., Mr. and Mrs. Louis Beard, Judge and Mrs. Ben C. Dawkins, Mr. and Mrs. Fredrick Milligan, Mr. and Mrs. S. E. Hues, Mr. and Mrs. Louis Miller, Mr. and Mrs. Carl McHenry, Mr. and Mrs. A. E. Montgomery, Mr. and Mrs. C. W. Walker, Mr. and Mrs. Harry Evers, Mr. and Mrs. Ralph King, Mr. and Mrs. Ted Allen, Mr. and Mrs. Travis Oliver, Jr., Mr. and Mrs. Clyde Bowen, Mr. and Mrs. J. Hunter Dauter, Mr. and Mrs. Bernard Rosenbaum, Mr. and Mrs. O. N. McNeil, Mrs. Gladys Sasser, Mrs. Bridget Thornhill, Dr. and Mrs. Carl Jarnal, and Dr. and Mrs. John Snelling.

The New York Gazette was the first newspaper to be published in New York state. It was founded in 1782.

## Ruston

Mrs. J. H. Wells and sons have gone to join Dr. Wells at Fort Bragg, N. C., for the coming year.

Mr. and Mrs. Harry Naff and children have moved to Minden, where Mr. Naff will continue with the S. C. S.

Miss Corrie Hollis of the Linville high school faculty was a week-end visitor in the home of her sister, Mrs. R. V. Fulton, Jr., and family.

Mr. and Mrs. Harry Green, Columbia, O., were guests of Mr. and Mrs. C. W. Robertson.

Miss Eleanor Alford, Ruston, was reelected president of Chapter 902 of Associated Master Beauticians of America when the group met in the city. Other officers are: Mrs. Margaret Broad, vice-president; Mrs. Grady Colvin, secretary-treasurer; Miss Laura Colvin, recording secretary; Mrs. Rose Patterson, chaplain; Mrs. Winnie Camp, Haynesville, guide; Mrs. Janice Colvin, Bernice, sergeant-at-arms.

Recent guests in the home of Mr. and Mrs. C. D. Clinton were Mr. and Mrs. W. A. Wood and daughter, Port St. Joe, Ind.

Mrs. C. L. Potts, Lubbock, Tex., visited in the new home of her sister, Mrs. J. T. Garrison, and Mr. Garrison.

The Gutschalk Music club has elected the following officers for the year: president, Robert Seegar; vice-president, Dr. Rodney Chert; recording secretary, Dr. H. J. Sacks; corresponding secretary, Mrs. V. C. Cupp; treasurer, Mr. John Graham; reporter, Mrs. E. L. Ginton; librarian, Mrs. Kathleen Graham.

Mr. and Mrs. Martin Robertson, Pine Bluff, Ark., visited in the home of Mrs. Robertson's sister, Mrs. Carl Davis, and Mr. Davis.

Rev. Henry W. Dorden, Camden, Ark., and his mother, Mrs. A. J. Darden, Centerville, Miss., were recent visitors in Ruston.

Miss Jessie Faison, Oak Grove, visited her mother, Mrs. T. A. Faison.

The executive meeting of the Central Association of W. M. S. was held in the home of Mrs. W. B. Hughes, Council Bluffs, Iowa, with Mrs. Fred Hughes, Downs, Mo., presiding. Twelve local presidents gave reports from their societies. Thirty-two women were present, representing the following churches: Bernice, Dumas, Vandalia, Colburn, Piquette, New Hope, St. Louis, Farmerville, Dearyville, Oak Grove, Temple, and First Baptist churches, Ruston.

Mr. and Mrs. J. H. Moss had as their guest Mrs. M. C. Slater, Mobile, Ala., a sister of Mrs. Moss.

The Piquette club has selected officers for the 1941-1942 club year as follows: president, Miss Alma Burke; first vice-president, Mrs. W. C. Simon; second vice-president, Miss Leona

## SKETCH CLUB MEMBERS START NEW YEAR...

Members of the Monroe Sketch Club, the oldest club of its kind in the city, selected a warm, springlike day recently for an hour of sketching in the gardens of Mrs. H. M. James' home. Sketch Club members meet frequently to discuss the newest trends in art, to offer constructive criticism and to exchange ideas. Many paintings of charm, brilliance and quality from the brush of the Sketch Club members have delighted the Monroe public ever since the club was organized, ten years ago. In the picture reading from left to right are: Miss Mary Bergevin (seated), Mrs. Henry Mayo, Mrs. George Lowery, Miss Elvira Bacon, Miss Louise Moore, Miss Ruth Wilder, Mrs. H. M. James and Mrs. John Parrott.

White, recording secretary, Mrs. J. W. Foster, corresponding secretary, Miss Anna Green Smith, treasurer, Mrs. J. E. Gossard.

Mrs. J. E. Gossard, Mrs. Angie Colvin, and Mrs. Harold Taylor visited friends in Shreveport.

The Roubidoux Circle of Trinity Methodist church, under the leadership of Mrs. Hale Shadock, met in its first meeting of the year in her home, with Mrs. W. J. A. Lewis as guest.

The Piquette club has selected officers for the 1941-1942 club year as follows: president, Miss Alma Burke; first vice-president, Mrs. W. C. Simon; second vice-president, Miss Leona

## FOOD STAMP PLAN TO BE EXPLAINED

F. N. Thompson, chairman of the Town City Chamber of Commerce food stamp committee, and George D. Holland, secretary of the chamber, will discuss the food stamp plan of the Federal Surplus Marketing Administration before merchants of Union parish at a meeting at 3 p.m. Tuesday at the Farmerville courthouse.

The invitation to explain the food stamp plan was issued by Raymond Albritton, secretary of the Farmerville Lions club. The meeting also is being sponsored by Lucius Baughman and Wilbur Taylor of Farmerville.

More than 200 persons qualified Saturday morning as parish voters, Mrs. Lillian Collins, registrar of voters, announced yesterday. The total registration during this month is well over 1,000, she stated.

## WILLING TO TRIM HIS FISH STORY

GOLDSBORO, N. C., Jan. 25.—(AP)—F. O. Parker and Harry Tatum are Goldsboro fishermen.

"I had a struggle to land a small whale weighing 135 pounds," related Parker.

"I had a bite, too," replied Tatum. "But when I finally got it in, it was a lantern. It had engraved on it the ship that went down about 150 years ago. And the lantern was still burning."

Parker, at first taken aback, recovered quickly.

"I'll take off 100 pounds on my fish if you'll blow that lantern out," he said.

HE'S A SUCCESS

CAMP ROBINSON, Ark.—(AP)—When Clifford Black joined the 161st field artillery as drum major, he band director sent him a book of instructions for drummers. The sergeant who delivered the book suggested Black "learn all about it." "O. K.," said the rookie, "but have you looked at the book?" The sergeant glanced casually at it. The book not only had been written by Black but was illustrated with his pictures.

## SKETCH CLUB MEMBERS START NEW YEAR...

Members of the Monroe Sketch Club, the oldest club of its kind in the city, selected a warm, springlike day recently for an hour of sketching in the gardens of Mrs. H. M. James' home. Sketch Club members meet frequently to discuss the newest trends in art, to offer constructive criticism and to exchange ideas. Many paintings of charm, brilliance and quality from the brush of the Sketch Club members have delighted the Monroe public ever since the club was organized, ten years ago. In the picture reading from left to right are: Miss Mary Bergevin (seated), Mrs. Henry Mayo, Mrs. George Lowery, Miss Elvira Bacon, Miss Louise Moore, Miss Ruth Wilder, Mrs. H. M. James and Mrs. John Parrott.

White, recording secretary, Mrs. J. W. Freden; corresponding secretary, Miss Anna Green Smith; treasurer, Mrs. J. F. Crowder.

Mrs. J. E. Spencer, Mrs. Angie Colvin, and Mrs. Harold Traylor visited friends in Shreveport.

The Rhodes Circle of Trinity Methodist church, under the leadership of Mrs. Hale Shadow, met in its first meeting of the year in her home, with Mrs. W. J. A. Lewis co-hostess. The pledge service was an inspiring one, with several members participating.

The election of the following officers followed the pledge service: Mrs. Morrie Kirkland, secretary; Mrs. Joe Pankey, treasurer; Mrs. O. S. Mincey was appointed Bible study leader. The following committees were named by Mrs. Shadow: telephone, Mrs. E. L. Walker; music, Mrs. J. M. Sims; yearbook, Mrs. G. E. Laskey; Mrs. Charles Gullatt; Mrs. C. B. White; orphange box, Mrs. A. M. Ponder; Mrs. H. W. Ragan; good cheer, Mrs. W. A. McCoy; Mrs. J. A. Norris; Bible study leader, Mrs. C. B. White; telephone, Mrs. A. E. Peden, Mrs. Carter.

The Hattie Pitts circle was entertained in the home of Mrs. Glen Laskey.

The following officers and chairmen were selected: circle chairman, Mrs. J. M. Kirkland; co-chairman, Mrs. W. H. Cook; secretary, Mrs. C. C. Willingham; treasurer, Mrs. E. L. Walker; music, Mrs. J. M. Sims; yearbook, Mrs. G. E. Laskey; Mrs. Charles Gullatt; Mrs. C. B. White; orphange box, Mrs. A. M. Ponder; Mrs. H. W. Ragan; good cheer, Mrs. W. A. McCoy; Mrs. J. A. Norris; Bible study leader, Mrs. C. B. White; telephone, Mrs. A. E. Peden, Mrs. Carter.

Mrs. L. J. Fox was hostess to the Episcopal guild in her home recently.

Dr. Elton Abernathy gave an interesting talk on "Present Japanese Attitudes Toward the Christian Faith in Japan," the second of a series of discussions on "Christianity in Japan."

Following the meeting Mrs. Fox served refreshments to Mrs. G. E. Pankey, Mrs. John R. Main, Mrs. S. B. Smith, Mrs. Jennie Jordan, Mrs. Charles McComb, Mrs. L. B. Watt, Mrs. R. H. Mount and Dr. and Mrs. Elton Abernathy.

Mrs. Joe Mixon is visiting her parents, Mr. and Mrs. Deuser at Winnfield, while Mr. Dixon assistant agricultural agent for Lincoln parish, is attending sessions at Camp Grant Walker.

Mrs. Lewis B. Graham of New Orleans, Miss Mary Ruth Harris, Shreveport, Mrs. J. H. Chestwood, Shreveport, and Miss Helen Sutton, Gibeland, were guests of Miss Mary Harris and Mrs. Ross C. Neill.

Mr. and Mrs. Morris Kirkland left recently to spend a few days in New Orleans.

Miss Ruth Johnson, Abbeville, is at home with her parents, Mr. and Mrs. Norman Johnson, due to her father's illness.

Donald Hollis and Dewey Davison left for Alexandria to spend a few days visiting Odell Davison.

**Waterproof**  
Miss Rosy Wassoray was hostess for the Thursday Nite Bridge Club. After the usual number of games, lovely refreshments were served.

Mrs. Ray McGehee and son Donald were recent visitors of relatives in McComb, Miss.

Mr. and Mrs. Bowren, Kilgore, Tex., were recent guests of Mr.

and Mrs. J. W. Mitchell. They were called here by the death of Mr. Bowen's mother, Mrs. H. H. Bowen.

Mrs. Olen Wylery and daughter, Mary Alice, Mrs. W. S. White and Miss Mary Seddon motored to Alexandria.

Mrs. Zelma Gould and Elwood Gould and Jimmie Ehler motored to New Orleans recently.

**FOOD STAMP PLAN TO BE EXPLAINED**

E. N. Thompson, chairman of the Twin City Chamber of Commerce food stamp committee, and George D. Holland, secretary of the chamber, will discuss the food stamp plan of the Federal Surplus Marketing Administration before merchants of Union parish at a meeting at 3 p.m. Tuesday at the Farmerville courthouse.

The invitation to explain the food stamp plan was issued by Raymond Albritton, secretary of the Farmerville Lions club. The meeting also is being sponsored by Lazarus Baughman and Wilbur Taylor of Farmerville.

**200 VOTERS QUALIFY**  
More than 200 persons qualified Saturday morning as parish voters, Miss Lillian Collins, registrar of voters, announced yesterday. The total registration during this month is well over 2,000, she stated.

## A DECEMBER BRIDE...

Mrs. Carl Barton, a bride of recent date, will be remembered as Miss Sidenia Keen.

1080, Grant Robinson, Jr., colored, general delivery, West Monroe.  
1081, Harold Bailey Burkhalter, 1303 North Second street, West Monroe.

## RESERVES TO LEARN FIGHTING TACTICS

Combat principles in headquarters platoons, rifle companies and light machine gun squads will be discussed by First Lieutenant Lasley Richardson and First Lieutenant Howell H. Heard, Monroe, 450 Infantry, at the group school for reserve officers, to be held at 7:30 p.m. Monday at the city court room.

Interested persons are invited to attend the regular conferences, according to Chief Frank V. Reitzell, who is a captain in the infantry reserve. Lieutenant Colonel Leigh Bell, infantry, Shreveport, is district executive of the reserve conferences.

## REAL ESTATE TRANSFERS

Mrs. Sallie Clark Sturdivant, Earl Sturdivant, Odie Sturdivant, Aubrey Sturdivant, Oliver Sturdivant, and Mrs. Grace Roberts to Mrs. Irene Lee North, southeast quarter of southeast quarter, section 17, township 17 north, range 2 east, less four acres in northeast corner, containing 36 acres; \$540 terms.

The People's Homestead and Savings association to Thomas J. Wilkins, west 58 feet, lot 1, of block 2, of T. E. Flournoy's third addition to the city of West Monroe; \$900 terms.

Flyers taking business from North America to England make the trans-Atlantic hop in about 10 hours.

## WILLING TO TRIM HIS FISH STORY

**GOLDSBORO, N. C., Jan. 25.—(AP)—**F. O. Parker and Harry Tatum are Goldsboro fishermen. "I had a struggle to land ... a small whale weighing 138 pounds," related Parker. "I had a bite, too," replied Tatum. "But when I finally got it in, it was a lantern. It had engraved on it the ship that went down about 150 years ago. And the lantern was still burning." Parker, at first taken aback, recovered quickly. "I'll take off 100 pounds on my fish if you'll blow that lantern out," he said.

## HE'S A SUCCESS

**CAMP ROBINSON, Ark.—(AP)—**When Clifford Black joined the 161st field artillery as drum major the band director sent him a book of instructions for drummers. The sergeant who delivered the book suggested Black "learn all about it." "O. K.," said the rookie, "but have you looked at the book?" The sergeant glanced casually at it. The book not only had been written by Black but was illustrated with his pictures.

## COLLEGE TO PLAN CLASS IN HISTORY

Plans for the organization of a history class at Northeast Junior college will be formulated at a meeting to be held at 7:30 p.m. Tuesday in the college library building. E. J. Brown, social science instructor, announced Saturday.

The work will be offered through the general extension division of Louisiana State university and will carry three hours of college credit. Mr. Brown said. He added that the course includes social, economic, and political development of Louisiana since the time of the Louisiana Purchase.

## OFFICERS ON WATCH FOR MISSING YOUTH

Missing from his home since Thursday, Earl Frazier, 15, Jackson, Miss., is being sought by Mississippi and Louisiana officials, according to Chief Frank V. Reitzell. Jackson officers stated that the youth probably was hitch-hiking to New Orleans, and that he might be accompanied by another boy, Paul Burton.

Young Frazier was described as weighing 117 pounds, having dark complexion, gray eyes, black hair and wearing a black sweater with a large letter "Y" in front, a brown shirt, and black hat.

# Paramount Shows New Taylor Hit

## 'Flight Command,' With Stellar Cast, Opens Engagement Today

ROBERT TAYLOR and an intrepid crew soar through the air to high adventure, power-diving to supreme thrills, and give audiences every moment of excitement aviation can produce in "Flight Command," dramatic story of naval aviation filmed with the cooperation of the United States Navy, and coming today to the Paramount theater.

Taylor, fresh from triumphs in "Waterloo Bridge" and "Escape," gives his fans a new side of his many talents as Alan Drake, Pensacola cadet who is assigned to the crack "Hell Cats" squadron. At first he is received with resentment by the seasoned flyers. He admires Bill Gray, their commander (Walter Pidgeon), and his wife (Ruth Hussey) and becomes a close friend of her brother.

When the brother is killed in a crack-up while testing a fog device, Taylor tries to cheer up Miss Hussey by showing her attention during Pidgeon's absence in Washington. The squadron suspects that it is growing into a love affair, misunderstanding Taylor's motives. When he is accused, he resigns from the navy. Then the situation is cleared, after a thrilling rescue of the commander, forced down during maneuvers, and the squadron again becomes one loyal unit. Amid this story run thrills of the air, dive bomb practice, aerial target practice, forced landings, parachute jumps, carrier landings, in fact every thrill ships of the air can produce.

Frank Borzage, director of "The Mortal Storm," and himself an aviator, directed. Taylor, Pidgeon and Miss Hussey are surrounded by a notable cast, including Paul Kelly, Sheppard Strudwick, Nat Pendleton, Red Skelton, Dick Purcell, William Tannen, William Stelling and Stanley Smith.

Breath-taking aerial formations, the narrow escape of Taylor and his plane after tangling with a sleeve target in the air, and the aerial acrobatics of "dog fighting" are among the major thrills and highlights. Details of leading naval aviation training grounds were constructed by experts as an authentic background for the thrills and excitement, supervised by Commander Harvey Haislip as technical adviser.

## REGULAR MASSES ARE HELD IN ST. PASCAL'S

Following official opening and dedication of the new St. Pascal's Catholic Church on North Seventh street, West Monroe, which took place last Sunday in formal exercises by His Excellency Daniel F. Desmond, D. D., bishop of the Catholic diocese of Alexandria, regular services will be conducted. The daily service will comprise the celebration of the Holy Mass at 7 o'clock each morning with the distribution of the Holy Communion during the Mass. Similar services will be held on Sundays at 8 and 9 o'clock.

The Franciscan Fathers, who recently arrived in West Monroe, belong to the Sacred Heart Province of Franciscans, with headquarters in St. Louis, Mo. The Very Rev. Provincial Superior Vincent Schrempf, Order of Friars Minor, was present for the dedication last Sunday.

# LOUIS BIG FAVORITE IN BOUT WITH BURMAN

## COURAGE ALONE CAN'T WIN FOR FAST RED-HEAD

Joe Will Probably Deliver Fatal Blow After About Five Rounds

By Sid Feder

NEW YORK, Jan. 25.—(AP)—They're serving Clarence the Red Burman up in Madison Square Garden Friday night for Joe Louis' 13th defense of his world heavyweight championship.

With all indications that the number will prove unimpaired only to Clarence the Red.

If courage and confidence alone could best Louis, the Baltimore red-head would undoubtedly knock the Bomber right out from under his cross.

He has speed, a solid left hook to the body which is admired even by his sponsor, Old Jack Dempsey, and a half-crouching, weaving style that may baffle low for a while.

But, as Dempsey said, "Louis is a fighter, not a boxer." He has speed, a solid left hook to the body which is admired even by his sponsor, Old Jack Dempsey, and a half-crouching, weaving style that may baffle low for a while.

He has speed, a solid left hook to the body which is admired even by his sponsor, Old Jack Dempsey, and a half-crouching, weaving style that may baffle low for a while.

## TULSA SIGNS NEW FOOTBALL COACH

Henry Frnka Replaces Benefiel Who Resigned Under Pressure

By Ben Funk

TULSA, Okla., Jan. 25.—(AP)—Henry Frnka, 37-year-old native Texan and exponent of the southwestern style of wide-open football, signed a four-year contract today as athletic director and head football coach at the University of Tulsa.

Frnka (pronounced "Franka") comes from Temple University of Philadelphia, where he was first assistant to Coach Ray Morrison. His letter of recommendation from his former boss describes him as "the best young football coach in America."

He succeeds Chet Benefiel, one-time Tulsa backfield star who resigned under pressure at the close of the 1940 season after his team, composed largely of sophomores and juniors, easily won the Missouri Valley conference championship.

Frnka's salary was not disclosed. Benefiel was reported to have received \$4,300 and \$4,600 in his two-year stay.

Frnka is stepping into his first head coaching assignment. Temple officials released him from a contract scheduled to run four more years.

He was granted permission to name his own assistants and said he planned to interview a number of good men in Texas and Pennsylvania.

Backfield coach Harold Wickham and Line Coach Barton Koch resigned with Benefiel.

Frnka will have a wealth of good material for his first Tulsa team. Only three or four of the 41 players on the 1940 squad, which included two 200-pound line and a bevy of triple-threat backs, will not return next season.

## NAPOLEON WAS SMALL, TOO,—BUT TOUGH

ANN ARBOR, Mich., Jan. 25.—(AP)—Clifford Keen, University of Michigan wrestling coach, was National Intercollegiate champion at 138 pounds nearly two decades ago at Oklahoma A. & M.—but now he's a full-grown heavy-weight.

Imagine his embarrassment, therefore, in explaining today that an artistic dislocation of his left eye was received while he was teaching the finer points of the game to one of his pupils—a 121-pounder.

## ELLIS BASHARA, LEO THE TERROR BATTLE TUESDAY

Former All-American Will Prove Tough Opponent For 'Whiskers'

Leo Daniel Boone Savage, the bearded behemoth from the Kentucky mountains, who was once recognized as the world's heavyweight wrestling champion, will appear in the main event on the weekly mat card at the Monroe arena Tuesday night against Ellis Bashara, former Oklahoma university all-American football player.

Leo the Terror, sometimes called "Whiskers," wrestled here about six years ago and was a big favorite with the fans. Later, he tackled Dan O'Mahoney, in 1935 shortly after O'Mahoney had won the world's crown from Jim London.

The Savage-O'Mahoney battle, took place in Texas with O'Mahoney winning on a foul after taking some severe punishment from the mountaineer. Because O'Mahoney refused to give Savage a second edition, the Lone Star state commission recognized The Terror as world's champion.

The burly 245-pound Kentucky backwoodsman has wrestled throughout the nation and before the elite of Hollywood, and has proven himself a master showman.

Bashara, as much of a ring villain as ever, will be a fit match for the colorful Savage. The Oklahoma U. graduate has several years of experience in mat warfare under his belt and will be able to match The Terror for trick work.

Bashara has been on Promoter Gus Kallo's last two heavyweight programs as a semi-finalist, but he is of main event caliber and won his matches handsily over Dick Lever and Cecil McGill. Bashara weighs 220 pounds and will be spotting Savage a 25-pound weight advantage.

The feature attraction will have a 20-minute time limit, two falls to win.

Jack Dillon, of Atlanta, Ga., who beat Babe Zaharias last week in the main event will again appear in the co-main event Tuesday against Hank Matney, a new comer.

Dillon and Matney will both weigh in at 240 pounds.

The curtain-raiser is slated for 8:15 p.m. and Alvin "Butch" Martin will be the referee.

This brings up a subject of painful memory to the club's official family. It all goes back to that dreadful afternoon of June 20, when Julius Solters tried to catch a ball and his cap at the same time and dropped both.

Ellis Bashara, a new comer, can give every convincingly that had Mr. Solters forgotten about his "whiskers" and caught the ball, the Sox would have been in the thick of the American league pennant battle last September.

The Sox beat the New York Yankees that afternoon but lost the victory when the Yankees successfully protested a decision that Solters had held the ball long enough to constitute an out.

The replay of that game September 18 ended in a Yank victory which left the Sox five games out of first place instead of only three games back of the pittery first-place Cleveland Indians.

But that doesn't worry him. The contest will be held February 6-9 over the Jungle Hotel course, which is managed by J. E. Fox, who supervised its rebuilding and who has at least a nodding acquaintance with every blade of grass on the first.

So you can see why he figures he can amuse such golfing ball players as Paul Waner, Jack Russell, Paul Derringer and Joe Medwick—especially since he's been slapping the course in the low seventies all winter.

Ferrell is the favorite, nevertheless, and Fox, the darkhorse. But anything is possible in a ball game, or a golf match.

Anyone ever connected with organized baseball is eligible and 24 such have entered.

Anyone ever connected with organized baseball is eligible and 24 such have entered.

Anyone ever connected with organized baseball is eligible and 24 such have entered.

## THE TERROR COMES BACK

Leo Daniel Boone Savage, the Kentucky mountaineer, is shown above in a moment of relaxation, but he is a "wild and woolly" terror when he enters the ring. The colorful backwoodsman, weighing 245 pounds, will meet Ellis Bashara, 220, in the main event on Tuesday night's wrestling program here.

## Solters Will Be Measured For Slightly Smaller Cap

And The White Sox Are Looking Forward To A Better Season

CHICAGO, Jan. 25.—(AP)—The Chicago White Sox aren't tossing their caps into the 1941 pennant ring—they're under orders to hang onto them.

This brings up a subject of painful memory to the club's official family. It all goes back to that dreadful afternoon of June 20, when Julius Solters tried to catch a ball and his cap at the same time and dropped both.

Ellis Bashara, a new comer, can give every convincingly that had Mr. Solters forgotten about his "whiskers" and caught the ball, the Sox would have been in the thick of the American league pennant battle last September.

## INDIANS WALLOP MAGNOLIA, 56-32

Northeast Junior College Makes It Two Straight Over Muleriders

The cagers of Northeast Junior college walloped the Magnolia A. and M. Muleriders, 56 to 32, last night in a fast, rough game in the Indian gymnasium. It was the Tribe's second victory over Magnolia and their seventh in ten starts for the season.

The Muleriders' high scoring forward, Easley, who hooped 22 points a week ago against the locals, got only seven last night with Captain Jake Lively, stellar Redskin guard, cutting him out repeatedly and breaking up Magnolia offensives.

While Lively was keeping Easley in check, Cecil Guinn and Charlie Manichia were hoping goals consistently to give the Tribe a comfortable lead. Guinn tallied seven field goals and a free throw for 15 points, and Manichia sunk five field goals to total ten points.

Even Pete Cooper, John Nicolson, Lively and Carl Guinn tormented the best individual score by a Mulerider. Cooper, Nicolson and Carl Guinn each accounted for seven points, while Lively made eight.

Easley and Wooten with seven points each led the Magnolia scoring. Lively will leave the Tribe this morning, having finished his studies here with the conclusion of mid-term examinations, and enter L. S. U. John Nicolson plans to enter Louisiana Normal but he may stay on for a while longer.

The Indians' next encounter will be Thursday night at Winnsboro, where they will meet the Winnsboro Independents.

The box score:  
Magnolia A. and M. FG FT PP TP  
Easley, f. 10 12 7  
Lively, g. 10 12 7  
Wooten, g. 10 12 7  
Manichia, g. 10 12 7  
Cooper, g. 10 12 7  
Guinn, g. 10 12 7  
Totals 56 32 32 32

Northwest FG FT PP TP  
Lively, g. 10 12 7  
Wooten, g. 10 12 7  
Manichia, g. 10 12 7  
Cooper, g. 10 12 7  
Guinn, g. 10 12 7  
Totals 56 32 32 32

Officials: Woodrow Turner (Louisiana Normal) and Don Short (Northeast Junior College).

Whatever the figure, Feller isn't talking.

DES MOINES, Jan. 25.—(AP)—Whatever the amount Bob Feller will draw in 1941 for pitching for the Cleveland Indians, it won't be the Iowa farm boy who'll dispose the figure, variously estimated from \$20,000 to \$45,000.

In fact, Bob said today he was "surprised" to find himself in the center of a discussion between the Detroit Tigers and Cleveland Indians over the Buck Newson is going to be the highest paid pitcher this year.

"If the Cleveland club wants to publicize my salary, it's agreeable to me," said Bob. "But their policy always has been not to divulge the contract figures of any players."

"As far as Buck Newson's salary is concerned, I have nothing to say. Whatever Buck makes, he earns, and I'm for him getting whatever salary he can. Buck's a great pitcher."

LOYOLA CAGERS SHOOT FOR 4TH STRAIGHT WIN

NEW ORLEANS, La., Jan. 25.—(Special)—The Loyola university basketball team will be aiming for its fourth straight win since the first of the year when it meets Southeastern Louisiana college Monday night at New Orleans.

The Wolfpack will hope to repeat for the home crowd the 48 to 43 victory which they scored over Southeastern at Hammond last week, and to continue the winning ways they found after New Year's. Since that time the Wolves have won four of five games, and in its first home game, Mississippi Southern college of Hattiesburg.

Monday's contest with Southeastern will be the first for the Wolves after their semester examinations, which have kept them burning the midnight oil for the last week. It will mark the beginning of the heavy part of the schedule, for the cagers will play seven games in the next two weeks.

## BENGAL BOXERS, LAGRANGE MEE

Lake Charles Sluggers Will Try To Duplicate Win Of Week Ago

The Lake Charles High School boxers, boasting the first team to whip a Neville High School Tigers in an official ten-bout card in two years, will invade the Neville arena next Friday night in an attempt to duplicate the triumph of a week ago.

The Lake Charles 6'4-to-3'4 victors over the Bengals a week ago was a first defeat for the locals since they dropped a 6-to-4 meet to the Istrouma Indians of Baton Rouge early in 1933.

Coach Percy Brown worked hard to change the past week to win. The Muleriders' high scoring forward, Easley, who hooped 22 points a week ago against the locals, got only seven last night with Captain Jake Lively, stellar Redskin guard, cutting him out repeatedly and breaking up Magnolia offensives.

While Lively was keeping Easley in check, Cecil Guinn and Charlie Manichia were hoping goals consistently to give the Tribe a comfortable lead. Guinn tallied seven field goals and a free throw for 15 points, and Manichia sunk five field goals to total ten points.

Even Pete Cooper, John Nicolson, Lively and Carl Guinn tormented the best individual score by a Mulerider. Cooper, Nicolson and Carl Guinn each accounted for seven points, while Lively made eight.

Easley and Wooten with seven points each led the Magnolia scoring. Lively will leave the Tribe this morning, having finished his studies here with the conclusion of mid-term examinations, and enter L. S. U. John Nicolson plans to enter Louisiana Normal but he may stay on for a while longer.

The Indians' next encounter will be Thursday night at Winnsboro, where they will meet the Winnsboro Independents.

# LOUIS BIG FAVORITE IN BOUT WITH BURMAN

**COURAGE ALONE CAN'T WIN FOR FAST RED-HEAD**

Joe Will Probably Deliver Fatal Blow After About Five Rounds

By Sid Feder

NEW YORK, Jan. 25.—(AP)—They're serving Clarence the Red Burman up in Madison Square Garden Friday night for Joe Louis' 13th defense of his world heavyweight championship, with all indications that the number will prove unlucky only to Clarence the Red.

If courage and confidence alone could beat Louis, the Baltimore red-head would undoubtedly knock the Bomber right out from under his crown Friday, because he is no more afraid of the champion than he is of a slightly deaf pigeon. But, as several fellows who tried it can testify, just heart alone isn't going to turn the truck, and Red doesn't seem to have the necessary big guns and armor plate to go with it.

He has speed, a solid left hook to the body which is admired even by his sponsor, Old Jack Dempsey, and a half-crouching, weaving style that may baffle Joe for a while. But sooner or later, Louis figures to catch up with him, say somewhere after the first five rounds.

Making his first start in 1941, Louis goes to the post for the second time in his fight-a-month campaign which began when he turned out the lights for Al McCoy in Boston in December. From here, unless an accident happens, Joe goes to Philadelphia to tangle with Gus Dorazio February 17, to Detroit for a probable party with large Abraham Simon in March, and to Los Angeles for his third get-together with durable Arturo Godoy, in April. He'll probably spend a little time during his duds range in Michigan during May, before going after Billy Conn, the Pittsburgh gazelle, for the big outdoor shot.

As usual, the drawing power of Louis' fists figure to make Friday night's picnic a financial success, thus continuing the brisk business which has chased the wolf right out of Uncle Mike Jacobs' box office through this indoor season. Present indications are some 15,000 fans will show up and the gross gate will be around \$60,000.

Dempsey has been interested in Red's career for the past few years, not only because Burman's pilot, Max Waxman, is the Manassas Mauler's business manager, but also because he sees in the Baltimore beller a resemblance to the style he used to cut up the heavyweights division in the terrific twenties. Burman weaves in close, much as Jack did, and throws short punches, which are not so much as Jack's.

He has been ranked among the first five heavyweights in the world for the last two years, ever since he gave Tommy Farr a going over. Later, he took a boat ride and dropped a return decision to Tommy in London, but on this side of the Atlantic he hasn't lost a fight in four years. Starting with 1939, he has won 11 straight in this country. It's going to be too bad to break a string like that, which is what figures to happen unless Louis is much worse than he was in the dismal showing against McCoy last month.

**JOE BEGGS WON'T SIGN '41 CONTRACT WITH REDS**

ALBUQUERQUE, Pa., Jan. 25.—(AP)—Joe Beggs, the Cincinnati Reds star relief pitcher, said today he had declined to sign his 1941 contract on the terms offered by the Reds and that he would go to Cincinnati soon to "dicker" for a higher salary.

Beggs disclosed he had sent back the contract, and added that Deacon Bill McKel, the manager of the Reds, had assured him his salary would be "satisfactory."

**TULSA SIGNS NEW FOOTBALL COACH**

Henry Frnka Replaces Benefiel Who Resigned Under Pressure

By Ben Funk

TULSA, Okla., Jan. 25.—(AP)—Henry Frnka, 37-year-old native Texan and exponent of the southwestern style of wide-open football, signed a four-year contract today as athletic director and head football coach at the University of Tulsa.

Frnka (pronounced "Franka") comes from Temple University of Philadelphia, where he was first assistant to Coach Ray Morrison. His letter of recommendation from his former boss describes him as "the best young football coach in America."

He succeeds Chet Benefiel, one-time Tulsa backfield star who resigned under pressure at the close of the 1940 season after his team, composed largely of sophomores and juniors, easily won the Missouri Valley conference championship.

Frnka's salary was not disclosed. Benefiel was reported to have received \$4,000 and \$4,500 in his two-year stay.

Frnka is stepping into his first head coaching assignment. Temple officials released him from a contract scheduled to run four more years.

He was granted permission to name his own assistants and said he planned to interview "a number of good men in Texas and Pennsylvania." Backfield Coach Harold Wickham and Line Coach Barton Koch resigned with Benefiel.

Frnka will have a wealth of good material for his first Tulsa team. Only three or four of the 41 players on the young 1940 squad, which included two 200-pound lines and a bevy of triple-threat backs, will not return next season.

**MADDEN ELECTED TO SPORTS POST**

Choudrant Resident Succeeds J. M. Boyet As Association Head

ALEXANDRIA, La., Jan. 25.—(AP)—Clyde Madden of Choudrant was elected president of the Louisiana High School Athletic Association today, succeeding J. M. Boyet of Vinton, who had held the post four years.

Boyet recently joined the state department of education.

Gordon Webb of Brusley was made vice-president and G. C. Kaufman of Shreveport secretary-treasurer.

The association adopted National Basketball Federation rules in place of the intercollegiate rules. It also decided that in all sports, players must have 16 credits show the one given in physical education to be eligible. Previously the physical education credit had been counted.

The association ruled that no team shall be required to play more than four games in its district in order to compete for the state championship.

**SOUTHERN ASSOCIATION MOGULS MEETING TODAY**

NASHVILLE, Tenn., Jan. 25.—(AP)—Southern Baseball Association moguls will go through the motions of adopting a 1941 schedule at a meeting here today.

President Fay Murray and Manager Larry Gilbert of the host Nashville club were completing arrangements today for a luncheon and business meeting to be attended by representatives of the other seven clubs in the circuit.

Adoption of the schedule will be a mere formality. Opening games on Thursday, April 19, already have been set, with Knoxville playing at Atlanta, Nashville at Chattanooga, Memphis at Birmingham and Little Rock at New Orleans.

Novikoff, outfielder, who said recently he had to find work in the oil fields until he got a check from his purchase, the Chicago Cubs, pulled a surprise today by confiding that he is asking for more money.

He emphasized he was not a hold-out. Novikoff and Lou Stringer, a second baseman, were sold last fall by the Los Angeles club of the Pacific Coast league for a reported combined price of \$150,000. Stringer joined Novikoff in sending back the contracts unsigned.

Novikoff has led every league he has played in—Western Association, Three Eye, Texas and Pacific Coast—in hitting. Stringer is a fine fielding second baseman.

**WORLD CHAMPION REDS IN CONTRACT TROUBLE**

SAN FRANCISCO, Jan. 25.—(AP)—The world championship Cincinnati baseball club had two important cases of contract trouble in this area today.

Eddie Joost, utility infielder star slated to become the regular shortstop, joined Ernie Lombardi, catcher, in the "wani-more-money" class. Lombardi rejected his second contract, requesting restoration of a \$6,000 cut in his 1940 salary. Joost said he had expected more than a \$2,000 increase after stellar work last season.

**BAKE BETTER**

NEW YORK, Jan. 25.—(AP)—Babe Ruth, ill since Sunday with the flu, had recovered enough today to visit his doctor for a throat treatment. Accompanied by his nurse, the Babe made the short trip by automobile.

**NAPOLEON WAS SMALL, TOO,—BUT TOUGH**

ANN ARBOR, Mich., Jan. 25.—(AP)—Clifford Keen, University of Michigan wrestling coach, was National Intercollegiate champion at 158 pounds nearly two decades ago at Oklahoma A. and M.—but now he's a full-grown heavy-weight.

Imagine his embarrassment, therefore, in explaining today that an artistic dislocation of his left eye was received while he was teaching the finer points of the game to one of his pupils—a 121-pounder.

Leo Daniel Boone Savage, the bearded behemoth from the Kentucky mountains, who was once recognized as the world's heavyweight wrestling champion, will appear in the main event on the weekly mat card at the Monroe arena Tuesday night against Ellis Bashara, former Oklahoma university all-American football player.

Leo the Terror, sometimes called "Whiskers," wrestled here about six years ago and was a big favorite with the fans. Later, he tackled Dan O'Mahoney in 1935 shortly after O'Mahoney had won the world's crown from Jim London.

The Savage-O'Mahoney battle took place in Texas with O'Mahoney winning on a foul after taking some severe punishment from the mountaineer. Because O'Mahoney refused to give Savage a second edition, the Lone Star state commission recognized The Terror as world's champion.

The burly 245-pound Kentucky backwoodsman has wrestled throughout the nation and before the elite of Hollywood, and has proven himself a master showman.

Bashara, as much of a ring villain as ever, will be a fit match for the colorful Savage. The Oklahoma U. graduate has several years of experience in mat warfare under his belt and will be able to match The Terror trick for trick.

Bashara has been on Promoter Gus Kallio's last two heavyweight programs as a semi-finalist, but he is of main event caliber and won his matches handily over Dick Lever and Cecil McGill. Bashara weighs 220 pounds and will be spotting Savage a 25-pound weight advantage.

The feature attraction will have a 90-minute time limit, two falls to win.

Jack Dillon, of Atlanta, Ga., who beat Babe Zaharias last week in the main event, will again appear in the semi-final Tuesday against Hank Matthey, a newcomer.

Dillon and Matthey will both weigh in at 240 pounds.

The curtain-raiser is slated for 8:15 p.m., and Aldin "Butch" Martin will be the referee.

**FERRELL FAVORED IN BALL PLAYERS' GOLF TOURNAMENT**

ST. PETERSBURG, Fla., Jan. 25.—(AP)—Brer Fox of the Boston Red Sox sat back in his briar patch today and bared his teeth in a big grin when he thought of all the brer rabbits coming here for the baseball players golf tourney.

Mr. Fox—James Emory Fox—who hovers over Boston's first week like a mother hen over a lonely child, will play in the tournament against defending champion Wesley Ferrell—one-time American league pitching star.

But that doesn't worry him. The contest will be held February 6-9 over the Jungle Hotel course and that course is managed by J. E. Fox, who supervised its rebuilding and who has at least a nodding acquaintance with every blade of grass on the fairway.

So you can see why he figures he can ambush such golfing ball players as Paul Waner, Jack Russell, Paul Derringer and Joe Medwick—especially since he's been slapping the course in the low seventies all winter.

Ferrell is the favorite, nevertheless, and Fox is the darkhorse. But anything is possible in a ball game, or a golf match.

Anyone ever connected with organized baseball is eligible and 24 such have entered.

**SMITH SIGNS**

CLEVELAND, Jan. 25.—(AP)—Al Smith, left-handed hurler who helped keep the Cleveland Indians in the 1940 pennant race, has signed a 1941 contract, Business Manager Frank Kohlbecker reported today. Smith, purchased from Buffalo of the International League, won 15 games and lost seven last year.

The total production of more than a million cones, supplemented by many tons of sugar, fruits and other ingredients, goes to supply the 1,200,000 quarts of ice cream consumed in America annually.

**ELLIS BASHARA, LEO THE TERROR BATTLE TUESDAY**

Former All-American Will Prove Tough Opponent 'For Whiskers'

Leo Daniel Boone Savage, the bearded behemoth from the Kentucky mountains, who was once recognized as the world's heavyweight wrestling champion, will appear in the main event on the weekly mat card at the Monroe arena Tuesday night against Ellis Bashara, former Oklahoma university all-American football player.

Leo the Terror, sometimes called "Whiskers," wrestled here about six years ago and was a big favorite with the fans. Later, he tackled Dan O'Mahoney in 1935 shortly after O'Mahoney had won the world's crown from Jim London.

The Savage-O'Mahoney battle took place in Texas with O'Mahoney winning on a foul after taking some severe punishment from the mountaineer. Because O'Mahoney refused to give Savage a second edition, the Lone Star state commission recognized The Terror as world's champion.

The burly 245-pound Kentucky backwoodsman has wrestled throughout the nation and before the elite of Hollywood, and has proven himself a master showman.

Bashara, as much of a ring villain as ever, will be a fit match for the colorful Savage. The Oklahoma U. graduate has several years of experience in mat warfare under his belt and will be able to match The Terror trick for trick.

Bashara has been on Promoter Gus Kallio's last two heavyweight programs as a semi-finalist, but he is of main event caliber and won his matches handily over Dick Lever and Cecil McGill. Bashara weighs 220 pounds and will be spotting Savage a 25-pound weight advantage.

Dillon and Matthey will both weigh in at 240 pounds.

The curtain-raiser is slated for 8:15 p.m., and Aldin "Butch" Martin will be the referee.

**ED BREAKS RECORD WITH BORROWED SET**

RANCHO SANTA FE, Calif., Jan. 25.—(AP)—Defending Champion Ed (Porky) Oliver took a set of borrowed clubs today and shot the finest round of golf ever seen in Bing Crosby's annual tournament.

The Porky One, his putter adorned with five consecutive birdies begged on the back nine, walked off the Rancho Santa Fe Country Club course late today and posted a score of 34-32-66, six strokes under par 36-36-72.

It broke the course competitive record which he hung up in his 1940 victory—a 67—and gave the largest gallery in the history of the Crosby event its biggest punch.

Oliver, who left his own set of clubs at his home in Wilmington, Del., last week, where he had gone to appear before his board, had to be good to stay in front of the splitters in today's half of the split field.

Oliver, who left his own set of clubs at his home in Wilmington, Del., last week, where he had gone to appear before his board, had to be good to stay in front of the splitters in today's half of the split field.

**THE TERROR COMES BACK**

Leo Daniel Boone Savage, the Kentucky mountaineer, is shown above in a moment of relaxation, but he is a "wild and woolly" terror when he enters the ring. The colorful backwoodsman, weighing 245 pounds, will meet Ellis Bashara, 220, in the main event on Tuesday night's wrestling program here.

**Solters Will Be Measured For Slightly Smaller Cap**

And The White Sox Are Looking Forward To A Better Season

By Earl Hilligan

CHICAGO, Jan. 25.—(AP)—The Chicago White Sox aren't tossing their caps into the 1941 pennant ring—they're under orders to hang onto them.

This brings up a subject of painful memory to the club's official family. It all goes back to that dreadful afternoon of June 20, when Julius Solters tried to catch a ball and his cap at the same time—and drowsed both.

Edgar Munzel, club spokesman, can argue very convincingly that had Mr. Solters forgotten about his hat, he would have been in the thick of the American league pennant battle last September.

The Sox beat the New York Yankees that afternoon but lost the victory when the Yankees successfully protested Solters' act and being sent to Hot Springs, Ark., to take off weight and be fitted for a cap a half size smaller. Only two players have yet to sign their 1941 contracts.

The club made money last season and expects to make more this summer. And Manager Jimmy Dykes made some deals which he feels will put his club, generally recognized to be as scrappy an outfit as there is in the game, in the thick of the flag battle.

Dykes obtained Bill Knickerbocker from New York's Yankees and Dario Lodigiani from the Philadelphia Athletics and believes that both will be of great help in his field, in which Joe Kuhel at first base, Luke Appling at short and Bob Kennedy at third are sure starters, barring injury.

John Rigney, Ted Lyons, Edgar Smith, Thornton Lee and Bill Dietrich head the pitching staff, with the capable Mike Tresh behind the plate. Taft Wright, Mike Kreevich and Solters are expected to work the outfield. The Sox roster lists 36 players and the camp at Pasadena, Calif., on February first contingent is scheduled to be in 23.

**82 INVITED TO PLAY IN MASTERS TOURNEY**

AUGUSTA, Ga., Jan. 25.—(AP)—The names of 82 players who have been invited to compete in the annual Augusta Masters Golf tournament here April 3-6 were announced today. The list includes 13 players not previously qualified, who earned their bids by their performance in the 1940 United States Amateur and Open championships. Heading this group is Amateur Champion Dick Chapman.

Four more players will be invited before the tournament starts. The National Amateur champions will be polled to name a deserving amateur who is not otherwise qualified. The Open champions will name a deserving pro in the same way and the other two places will go to the professionals not already invited who make the best scoring records on the current winter tour.

Jimmy Demaret of Houston, Tex., won the Masters last year with a 72-hole score of 280. As usual, the tournament will provide the climax of the winter tour.

**BOYS' DIVISION**

**GIRLS' DIVISION**

**DAVIS SIGNS**

PITTSBURGH, Jan. 25.—(AP)—Hard-hitting Virgil (Spud) Davis has signed his 1941 contract, making 25 Pittsburgh Pirates now enrolled for the National League campaign, the Pirates announced today.

**INDIANS WALLOP MAGNOLIA, 56-32**

Northeast Junior College Makes It Two Straight Over Muleriders

The cagers of Northeast Junior college walloped the Magnolia A. and M. Muleriders, 56 to 32, last night in a fast, rough game in the Indian gymnasium. It was the Tribe's second victory over Magnolia and their seventh in ten starts for the season.

The Muleriders' high scoring forward, Easley, who hooped 22 points a week ago against the locals, got only seven last night with Captain Jake Lively, stellar Redskin guard, cutting him out repeatedly and breaking up Magnolia offensives.

While Lively was keeping Easley in check, Cecil Guinn and Charlie Manichia were hooping goals consistently to give the Tribe a comfortable lead. Guinn tallied seven field goals and a free throw for 15 points, and Manichia sunk five field goals to total ten points.

Even Pete Cooper, John Nicolsia, Lively and Carl Guinn topped or tied the best individual score by a Mulerider. Cooper, Nicolsia and Carl Guinn each accounted for seven points, while Lively made eight.

Easley and Wooten with seven points each led the Magnolia scoring. Lively will leave the Tribe this morning, having finished his studies here with the conclusion of mid-term examinations, and enter L. S. U. John Nicolsia plans to enter Louisiana Normal but he may stay on for a while longer.

The Indians' next encounter will be Thursday night at Winnsboro where they meet the Winnsboro Independents.

**BENGAL BOXERS, LAGRANGE MEET**

Lake Charles Sluggers Will Try To Duplicate Win Of Week Ago

The LaGrange High School boxers, boasting the first team to whip the Neville High School Tigers in an official ten-bout card in two years, will invade the Neville arena next Friday night in an attempt to duplicate their triumph of a week ago.

The Lake Charles 6½-to-3½ victory over the Bengals a week ago was the first defeat for the locals since they dropped a 6-to-4 meet to the Louisiana Indians of Baton Rouge early in 1939.

Coach Percy Brown worked his charges hard the past week to win a 7-to-4 victory Friday over Lafayette, and they should be in better condition to meet the LaGrange invasion.

Sylvian Wiggins, state 96-pound champion in 1940, is anxious for another meeting with Jones, the Lake Charles scrapper who held him to a draw in their 105-pound battle. Wiggins showed something like his old form in easily dispatching John Broussard, Lafayette, and should be even better in another week.

The Tigers will also have some new prospects to face the invaders.

Jack Dyer has replaced Harold Cornett in the 135-pound class. Cornett lost to W. Cormier at Lake Charles, but Dyer will be counted on to reverse the count with Cormier. Dyer's style looked good in his fight with Al Daly, Lafayette, but he still has to get a little more steam behind his punches.

T. Newman, LaGrange, won over George Luffey in their recent clash, but the Bengals are planning to shoot a new opponent at him this week. Either Herbert Moore or Burt Bodan may get the call.

Johnny Poulas, Neville 112-pounder, lost his first fight for the Tigers to W. Giovanni, LaGrange, but he looked good outpointing Tom Stutes, Lafayette, and is considered a good bet to beat Giovanni in their second meeting.

**SCHMIDT APPLICANT FOR OKLAHOMA POST**

NORMAN, Okla., Jan. 25.—(AP)—Francis Schmidt, formerly of Ohio State, became the first applicant today to succeed Tom Stidham as head football coach at the University of Oklahoma.

Stidham is the newly appointed head coach at Marquette.

Campus observers meanwhile suggested that Sommer officials were sounding out two well-known coaches of National Professional League teams.

Jack Sutherland of the Brooklyn Dodgers and Steve Owen of the New York Giants.

**YEAGER TO COLORADO**

DENVER, Jan. 25.—(AP)—James Yeager, football coach at Iowa State College, was appointed head gridiron coach at the University of Colorado today. He will become the Big Seven school's third football pilot in three seasons.

**DESMOINES, Jan. 25.—(AP)—**Whatever the amount Bob Feller will draw in 1941 for pitching for the Cleveland Indians, it won't be the figure, farm boy who'll disclose the Iowa, variously estimated from \$30,000 to \$45,000.

In fact, Bob said today he was "surprised" to find himself the center of a discussion between the Detroit Tigers and Cleveland whether he or Buck Newsum is going to be the highest paid pitcher this year.

"If the Cleveland club wants to publicize my salary, it's agreeable to me," said Bob. "But their policy always has been not to divulge the contract figures of any players."

## Legal Notices

**NOTICE**  
Notice is hereby given that the regular meeting of the stockholders of the Central Savings Bank & Trust Company will be held on Tuesday, January 28, 1941, at the office of the bank, for the purpose of electing a new board of directors for the ensuing year, and such other business as may be proper.

**SAM SMITH,**  
Cashier.

Monroe, La., Jan. 28, 1941.

## Announcements

**CARD OF THANKS**  
We wish to take this means of expressing our everlasting gratitude to our many friends and relatives for the beautiful floral offerings, acts of kindness, and expressions of sympathy extended to us at the sudden death of our beloved wife and daughter, Julia Chapman Brooks Frith. We especially desire to thank Rev. E. L. Taiter for his words of condolence and the Dixie Funeral Home for their assistance and acts of kindness which so greatly aided our bereaved hearts in our hour of bereavement.

**HENRY M. FRITH AND FAMILY**  
MR. AND MRS. W. O. BROOKS

**CARD OF THANKS**  
We desire to take this medium to express to our many friends our sincere thanks for the many courtesies that have been rendered during the past trying days. The passing of our infant son was made more bearable by these many courtesies.

We especially desire to thank Dr. A. E. Prince and the Dixie Funeral Home for their kindness and consideration. To everyone we give our heartfelt thanks.

**MR. AND MRS. HOMER H. MULLINS.**

**CARD OF THANKS**  
We wish to thank our many friends for their acts of kindness and beautiful floral offerings received at the death of our beloved little daughter, Lucie Penelope Belcher.

We especially want to thank Rev. A. T. Mitchell and Rev. D. D. Cantrell for their comforting words and the Dixie Funeral Home for their many kindnesses and consideration.

**MR. HERBERT JONES**  
MR. RICHARD LEE JONES  
MR. ADA J. CHANCELLOR  
MR. WILLOW J. DAY

**CARD OF THANKS**  
We wish to thank our many friends for their kindness shown us during the death of our father and brother, William Ivy Jones.

We especially want to thank Rev. J. A. Patton for his comforting words and the Dixie Funeral Home for their many kindnesses and consideration.

**MR. HERBERT JONES**

MR. WILLOW J. DAY

**LETTERS OF APPRECIATION**  
Monroe News-Star-World  
Monroe, Louisiana

We just wish to thank the Dixie Funeral Home for the way they stood by us in behalf of our loved one that was taken away from us.

Words can't express how good we felt over the way we were treated at the Dixie Funeral Home.

Wherever we go will always be a good word spoken in behalf of the Dixie Funeral Home.

Sincerely yours,

**MR. HENRY FRITH AND MOTHER**  
MR. AND MRS. E. GUNTHER  
MR. AND MRS. J. D. MIMA  
MR. JUANITA PRITH  
MR. AND MRS. W. O. BROOKS

**CARD OF THANKS**  
We wish to thank our many friends and neighbors for their kind expressions of sympathy shown us during the illness and death of our father and brother, William Ivy Jones. We especially want to thank Rev. G. E. McCann for his words of condolence and the staff of the Dixie Funeral Home for their kind and efficient service.

## YIELD INCREASED BY HYBRID CORN

Grain Reported Of Better  
Quality In Nearly  
Every Case

BATON ROUGE, La., Jan. 25.—(P)—Research agronomists at Louisiana State university today announced the development of several corn hybrids giving hope of considerably expanding what is already one of the state's important secondary crops.

They claimed that the hybrids out-yielded the best of the regular varieties that farmers are now using by an average of one-fifth, and added that 775 bushels of seed of these hybrids, enough to plant some 3,000 acres, will be available for planting in the state this year.

The hybrids were developed through a corn breeding program conducted jointly by the United States department of agriculture and the Louisiana experiment station.

Hugo Stoneberg, of the division of cereal crops and diseases, and Dr. H. B. Brown, head of the university's research agronomy department, said that arrangements had been made for rapid increase in the seed supply during the next few years.

High-yielding corn hybrids have been extensively used in the midwest corn section during the past few years but Louisiana agronomists have repeatedly warned that farmers here should wait until hybrids could be

## SPEAKS HERE

Dr. E. Gamoran, Cincinnati, O., who will address the Jewish conference from three states to be held in Hotel Virginia, February 2.

ored from local varieties before planting hybrid seed.

Tests in the state with many of the northern hybrids showed that they not only produced grain of interior quality when grown here but also failed to yield as well as the regular varieties farmers were already using.

The Louisiana hybrids that have been developed are all of the high-yielding, prolific type of corn, the university scientists said. Some strains are yellow and others white. The white varieties are adapted to the entire state with the exception of the south Louisiana "sugar bowl" area. For that section, the yellow hybrids, which are derived mostly from yellow creole corn, are considered best.

"The Louisiana hybrids are medium late, making them well adapted to the long growing season typical of Louisiana," Stoneberg said. "The plants are rather tall, vigorous, leafy, and have a well-developed root system. They regularly bear two or more ears with long, tight-fitting husks, which serve as good protection to keep out weevils and certain fungus organisms. The ears are solid, medium in size, smoothness, width and depth of kernels."

"In tests running through a period of five years these Louisiana hybrids have averaged 18 per cent more grain than the leading open-pollinated, regular varieties and the grain has been of better quality in nearly every case."

## GROUP TO REPORT ON SAFETY WEEK

Members of the Junior Chamber of Commerce will meet Monday afternoon, when results of the safety week program sponsored last week will be announced, according to George D. Holland, secretary.

In an effort to make Monroe and West Monroe "safety conscious" and to reduce the high rate of traffic fatalities, injuries and property loss, the Junior Chamber designated last week as a special safety week.

**SUFFERS FROM HEAT**  
INDIANAPOLIS, Jan. 25.—(P)—With a cold wave on the way, the City Hospital treated Walter Fink, 39, for heat prostration—incurred in the oven room of a bakery.

## BARN DANCE IS COLLEGE EVENT

Hilarious Party Held Friday  
Night As First Semester  
Finale

A rollicking success, the Annual Barn Dance, given by the commerce club of Northeast Junior College, went down on the social calendar Friday night as a highlight of entertainment for the season.

Students celebrated the end of the semester and came out to rejoice in truly hillbilly fashion. Red ran riot. No "hick" there was without crimson, son.

Overalls were the style of the moment with most of the men and many of the girls. Milkmaid dress predominated with the girls, however.

There was not a moment's pause except in the early stage of the dance, when everybody swarmed around a special arrangement of the orchestra which swung out on "She'll be Coming Around the Mountain."

The general atmosphere of the dance was rural. Guests entered into a typical barnyard over a sty, which faced a red barn constructed on the floor behind the orchestra. Old farm implements and harness were scattered at intervals to add to the rustic setting. Horse collars were hung over each entrance.

Miss Nell DeLee, a Northeast Junior College sophomore, and Julius Bennett, also of Monroe, won the prizes for being the "best" dressed. Prizes were a basket of fruit for the girl and a duck for the boy.

Miss DeLee wore a checked gingham dress, a drooping slip, a big hat hanging over her back and long black stockings.

Bennett was dressed in patched overalls, red plaid shirt, straw hat and a bandana.

A. B. Pitts, a faculty sponsor of the Commerce Club, who was dressed to "kill" with his bandit style mustache, stated yesterday that the dance was a success from every angle.

## 17 TENANT FARMERS TO GET OWN HOMES

New homes for 17 former tenant farmers will be erected in West Carroll parish under the provisions of the Bankhead-Jones Tenant Purchase act. Willie Ray Roberts, supervisor for the Farm Security administration, Oak Grove, was notified today.

T. C. Donahue, district engineer, Little Rock, announced that bids for the construction of 17 new farm homes will be opened at the office in Oak Grove at 10 a.m. Thursday, January 30. Cost of the 17 units will be about \$34,000. Each unit will consist of a modern clapped dwelling, barns and outbuildings.

The units will be erected for Alton Johnson, R. Auberry, E. O. Barr, Louis Black, Percy Johnson, M. D. Nelson, L. C. Patrick, Oscar M. Binzham, Matthew D. Coady, O. A. Coady, W. P. Fallon, Roy W. Gammill, L. J. Graham, Felix Henderson, W. R. McGee, Andrew Auberry, and Charles M. Carroll.

## DAVIS THREATENS TO BEAT UP GEYER

WASHINGTON, Jan. 25.—(P)—Representative Davis, Democrat, Tennessee, threatened "to whip" Representative Geyer, Democrat, California, in the house cloak room because of a statement placed in the congressional record which Davis asserted was "a vicious attack on E. H. Crump, Memphis political leader."

Davis said the references to Crump occurred in a statement criticizing the poll tax system in Tennessee. "I called him off the floor into the cloak room and told him I should whip him," said Davis. "But he was not feeling well so I told him just what I thought about it."

"I told him he could talk all he wanted to about poll taxes but that I personally resented his attack on one of the finest men I ever knew and a man he does not know personally."

**D. A. R. DATE SET**  
WASHINGTON, Jan. 25.—(P)—The 1941 Continental Congress of the Daughters of the American Revolution will be held here beginning April 14-19, it was announced today.

## BORROW CASH ON YOUR CAR WHETHER PAID FOR OR NOT

You can borrow cash on your car whether you have it paid for or not, or we will reduce your car payments no matter who you owe, or BOTH. Drive to 500 Walnut street. We will fix everything up for you right there before you leave, with NOTHING DUE UNTIL MARCH 1st, and with as long as 18 months to repay, if we possibly can. It's our business to loan cash on cars and we want to make this a big month. It makes no difference to us where you live, and we require no signature except your own. If CASH will help, see us Monday.

## WIN PRIZES AT BARN DANCE

Nell DeLee, left, above, sophomore at Northeast Junior College, holds her prize for being judged the most "hick-dressed" girl at barn dance sponsored by the college's Commerce Club. In the center is Julius Bennett, O. P. H. S. student, who is receiving a duck as his award from Bill Wommack, president of the club.

## Ruston's Oldest Doctor Recounts Long Practice

Dr. S. L. White Says 'Satisfaction' Is Principal  
Reward

RUSTON, La., Jan. 25.—(Special)—Dr. S. L. White, dean of physicians in Lincoln parish, who came to Ruston in 1896, looks back on his 45 years of practice here with the view that the "great deal of satisfaction derived from the profession" is his principal reward.

A native of New Orleans, Dr. White was graduated from the medical school of the University of Maryland.

"We did not have required hospital experience or internship in those days," Dr. White said. "When we graduated they told us to 'get out and go to it.'"

"To make my first call as a doctor, I rode a mule several miles. It was an obstetrical case and the mother, herself, was a big help, for she had had seven babies."

"One night not so long ago I couldn't go to sleep. Instead of counting sheep, I started counting babies I had helped bring into the world. I counted 110 on three streets in Ruston. All told, I have helped 1,492 babies discover America. I can remember the number easily because 1492 is the year in which Columbus discovered America."

"Some of the babies have never been paid for," Dr. White related, "but a dozen or so have been named after me. The parents probably think that is some compensation. I think it is, too."

"The first appendectomy I ever saw, I performed myself. The operation was a success, for the patient, a woman, is living today and I see her every once in a while. One day, when I was in medical school, I was told that an appendicitis operation was going on in a room upstairs. I went up to look on but there were so many heads in the way that I couldn't see anything. I later learned that the patient was a Chinaman and he had not had appendicitis at all."

In recalling the peculiarities of some of his patients, Dr. White told of a lady who could not get results with white aspirin tablets.

"She had to have pink aspirin to match the color of her negligee," he related.

Of the 500 or more major surgical operations which Dr. White has performed, many have been on the kitchen table, with the anesthetic being chloroform.

"Once I operated on a patient on his front porch," he stated. "On that occasion I had to use a fly swatter quite frequently."

When Dr. White came to Ruston—in the days when everyone dropped everything to meet each passenger train—there were six physicians practicing here. Today there are 11 general practitioners in Ruston. He pointed out that the per capita ratio between doctors and the population has been able to increase so largely because of automobiles and good roads.

"Sometimes, as I look back, I think we earlier doctors used to get away with 'murder,' but we were doing the best we knew how, and for the most part, should be pleased with the results," Dr. White said. "I have derived a great deal of satisfaction out of the profession and that is my principal reward."

"Someone has figured that only about one doctor out of 156 makes more than a competence out of his practice. From 40 to 60 per cent of the people pay their doctors' bills. But, after all, we don't have time to think too much about money. We are too busy."

"Recently, I received a dollar bill from a woman, whom I had attended for six or eight months. With the money was a letter in which the woman asked me to accept the dollar 'in token of gratitude' and expressing appreciation of your kind and understanding friendship." That sentiment is much better than nothing at all and perhaps it helps to get the bills paid.

The senior doctor of Ruston believes medical schools today would do well to place greater emphasis on the importance of "bedside psychology." "The personal interest of the physician in his patient's welfare makes a pretty good pill," he said. "Often the physician's personality and his attitude are factors figuring largely in whether the patient will have that doctor call on him again."

**TAKES DUTIES SERIOUSLY**  
RALEIGH, N. C., Jan. 25.—(P)—J. T. Walton, 60, Wake county farmer, takes his jury duty seriously. Since last Monday he has walked 12 miles to court, and the 12 miles home every day. To get to court on time he had to rise at 4:30 o'clock. For this total hike of 120 miles, he will receive traveling expenses of five cents a mile—six dollars in all.

## INSANITY CASE TO BE STUDIED

Two Specialists Will Inquire  
Into Condition Of John  
W. Breedlove

RUSTON, La., Jan. 25.—(Special)—Two specialists in mental cases are scheduled to begin on Monday their services in connection with an insanity plea entered in behalf of John W. Breedlove, 22, Ruston, charged with the murder of his brother-in-law, Policeman A. H. (Hal) Posey, 48, here on November 24.

Dr. M. S. Freeman and Dr. A. Z. Johnson, both of the Central Louisiana Hospital for Insane at Pineville, appointed by District Judge E. L. Walker to examine the defendant, advised court attaches that they would interview several relatives and associates of Breedlove Monday and later would question the indicted youth, who is being held in jail here. The plea was submitted by Defense Counsel C. E.

Barham in district court on January 14 and the sanity commission has 30 days from that date to report its findings in writing to Judge Walker, he said.

In a petition filed by defense counsel, Barham avoided use of the word "insanity," setting out, in effect, that the defendant "was not physically or mentally able on the date of the alleged crime to know or understand his actions or acts." At that time, District Attorney Truett L. Scarborough moved for arraignment, arguing that the plea did not embrace a plea of insanity, guilty or not guilty. The court overruled the motion, however, observing that the state's objection involved a "technicality" and construing that the petition implied temporary insanity.

Among those summoned to be interviewed by the two alienists, it was reported, are several members of the Louisiana Tech faculty who formerly were Breedlove's teachers, nurses at the local hospital where Breedlove was confined with a fractured arm resulting from an exchange of gun fire with Policeman Posey, deputy sheriff, or duty during Breedlove's confinement at the hospital, Policeman W. E. Neal, who was with Posey when the two officers went to the Breedlove boarding place to quell a reported disturbance, and Manning Mays, city light plant

## 130 YOUTHS TO JOIN DISTRICT CCC ROL

Approximately 100 white youths 30 negroes are expected to enroll Monday in the civilian conserve corps from the 12 parishes comprising the Monroe district, M. B. Bowditch director, announced yesterday. Half the white youths will be to western camps, while the other half will be stationed in Louisiana camps. Mr. Bowditch stated. All the negroes will be sent to Louisiana CCC camps under the director's aid.

Youths between the ages of 17 and 23 are eligible for procurement. The bureau is having difficulty in filling the quotas allotted, Mr. Bowditch said, and urged all interested young men to apply at once to their respective parish offices of the intake and classification bureau.

Parishes comprising the Monroe district are Caldwell, East Carroll, West Carroll, Franklin, Jackson, Lincoln, Madison, Morehouse, Ouachita, Tensas and Union.

employee, who accompanied the officers and is said to have witnessed the shooting.

## IN TIME OF STRESS

In the face of bereavement, not even the dearest friends can offer real solace; but at such a time there is a great measure of comfort in turning over the many harassing, yet necessary, details to a sympathetic, competent establishment. It is the tradition of the Dixie Funeral Home to render as much help as is humanly possible, to serve all creeds with sacred respect, turn no one away, to offer our complete services to everyone, and to make our beautiful funeral home available to all.

# YIELD INCREASED BY HYBRID CORN

Grain Reported Of Better Quality In Nearly Every Case

BATON ROUGE, La., Jan. 25.—(P)—Research agronomists at Louisiana State university today announced the development of several corn hybrids giving hope of considerably expanding what is already one of the state's important secondary crops.

They claimed that the hybrids out-yielded the best of the regular varieties that farmers are now using by an average of one-fifth, and added that 775 bushels of seed of these hybrids, enough to plant some 5,000 acres, will be available for planting in the state this year.

The hybrids were developed through a corn breeding program conducted jointly by the United States department of agriculture and the Louisiana experiment station.

Hugo Stoneberg, of the division of cereal crops and diseases, and Dr. H. B. Brown, head of the university's research agronomy department, said that arrangements had been made for rapid increase in the seed supply during the next few years.

High-yielding corn hybrids have been extensively used in the midwest corn section during the past few years but Louisiana agronomists have repeatedly warned that farmers here should wait until hybrids could be

# SPEAKS HERE

Dr. E. Gamoran, Cincinnati, O., who will address the Jewish conference from three states to be held in Hotel Virginia, February 2.

ored from local varieties before planting hybrid seed.

Tests in the state with many of the northern hybrids showed that they not only produced grain of interior quality when grown here but also failed to yield as well as the regular varieties farmers were already using.

The Louisiana hybrids that have been developed are all of the high-yielding, prolific type of corn, the university scientists said. Some strains are yellow and others white. The white varieties are adapted to the entire state with the exception of the south Louisiana "sugar bowl" area. For that section, the yellow hybrids, which are derived mostly from yellow-creole corn, are considered best.

"The Louisiana hybrids are medium late, making them well adapted to the long growing season typical of Louisiana," Stoneberg said. "The plants are rather tall, vigorous, leafy, and have a well-developed root system. They regularly bear two or more ears with long, tight-fitting husks, which serve as good protection to keep out weevils and certain fungus organisms. The ears are solid, medium in size, smoothness, width and depth of kernels."

In tests running through a period of five years these Louisiana hybrids have averaged 18 per cent more grain than the leading open-pollinated, regular varieties and the grain has been of better quality in nearly every case."

# Tarzan

by EDGAR RICE BURROUGHS

## EARTHQUAKE

THE EARTH SHIVERED, THEN ROCKED AND TOSSED IN A GROTESQUE DANCE OF DEATH. BUILDINGS RIPPED AND TUMBLED.

SURVIVORS RAN SCREAMING INTO THE LITTERED STREETS

THE QUAKE CEASED, BUT TARZAN BELIEVED ANOTHER WOULD COME. HE SCOOPED UP LEECIA AND RAN.

IN THE MIDST OF ALL THIS MAD CHAOS, HE FOUND PRINCE TANNY, WHOSE FRIGHT HAD CURED HIS IMAGINARY AILMENT.

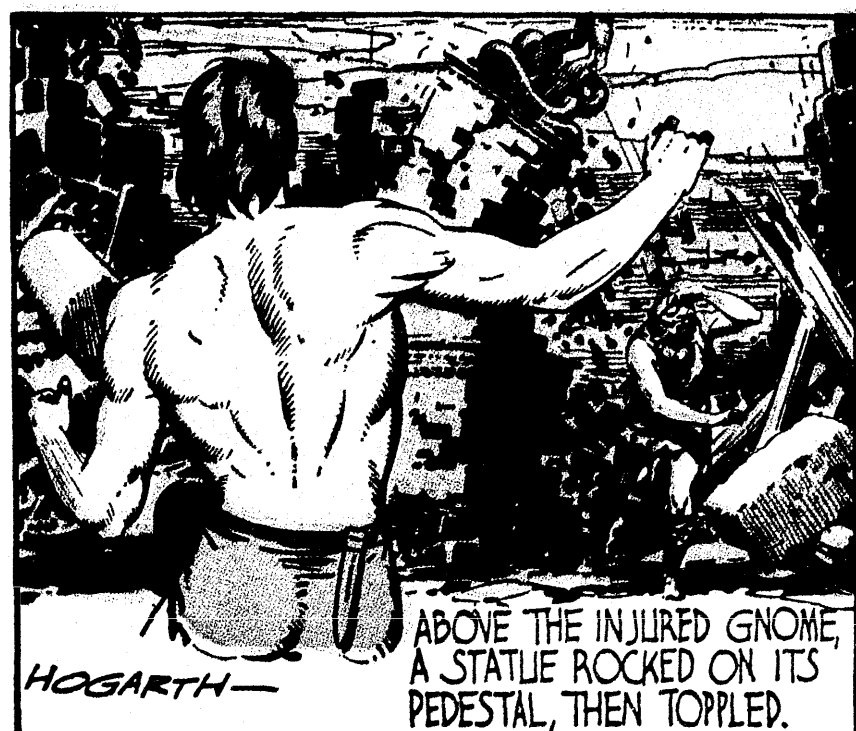

"WHY, TANNY, YOU'RE RUNNING!" TARZAN EXCLAIMED ADMIRINGLY AS IF NOTHING ELSE MATTERED.

Copyright 1941, Edgar Rice Burroughs, Inc.—The Reg. U. S. Pat. Off. Produced by Famous Book and Film; Distributed by UNITED FEATURE SYNDICATE, Inc.

THEN, NEARBY, TARZAN SAW JAXIE CRAWLING FROM A MASS OF RUINS. AS HE STAGGERED UP, THE EARTH SHOOK AGAIN.

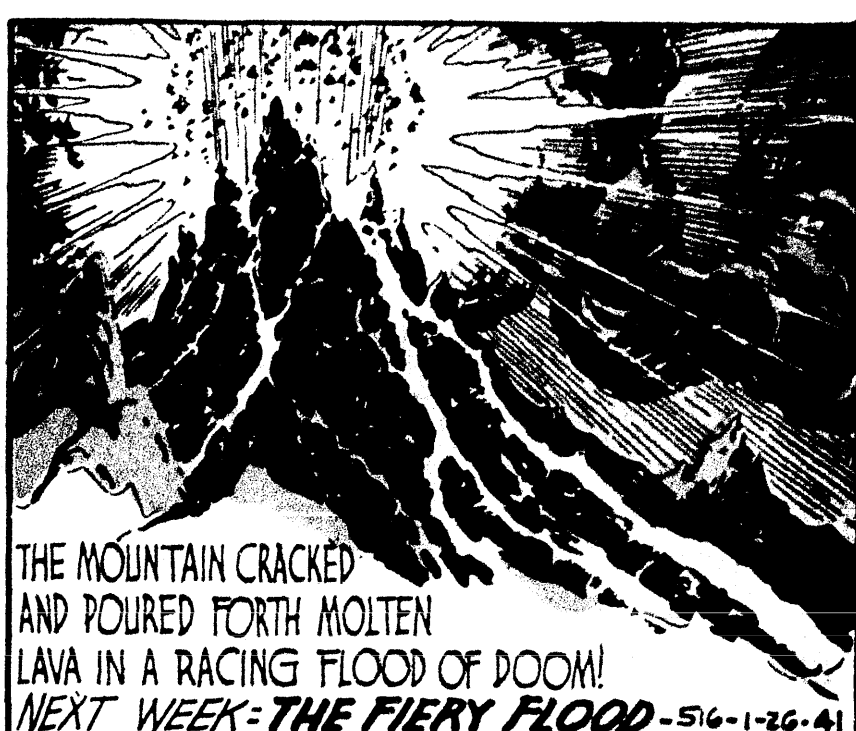

HOGARTH—

ABOVE THE INJURED GNOME, A STATUE ROCKED ON ITS PEDESTAL, THEN TOPPLED.

TARZAN DIVED AND KNOCKED JAXIE FROM ITS PATH. BUT NOW A NEW DANGER ROSE TO THREATEN THEM ALL.

THE MOUNTAIN CRACKED AND POURED FORTH MOLTEN LAVA IN A RACING FLOOD OF DOOM! NEXT WEEK—THE FIERY FLOOD—516-1-26-41

IN A DESPERATE UNDERWATER BATTLE, **YANKEE DOODLE** OVERCOMES THE **BLACK COLUMN** DIVER SENT DOWN TO RAISE THE SECRET NAVY MOTOR FROM THE SUNKEN AIR-LINER "**CARIBEE**"

EXHAUSTED BY LONG MINUTES BENEATH THE SURFACE, YANK IS DRAGGED ASHORE AND HIDDEN BY **JILL CHESTER !!!**

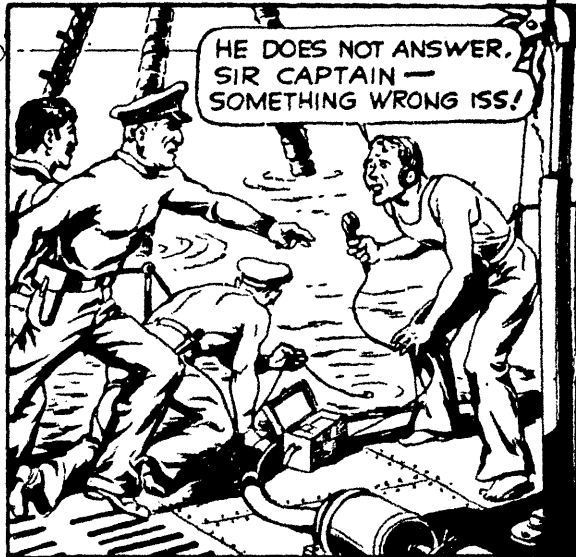

HE'S SAFE HERE - MUST GO BACK AND COVER OUR TRACKS!

MEANWHILE, THE SUB'S CREW GROW ALARMED AT THEIR DIVER'S SILENCE!

HANS - WHY DON'T YOU ANSWER? HANS! HANS!

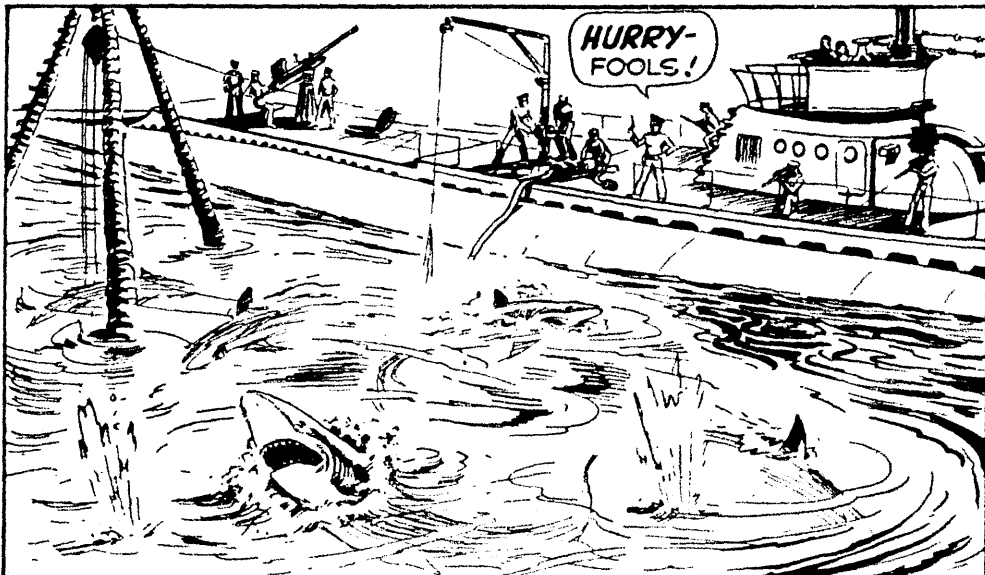

HE DOES NOT ANSWER, SIR CAPTAIN - SOMETHING WRONG IS!

SHARKS!

HAUL HIM UP! QUICK!

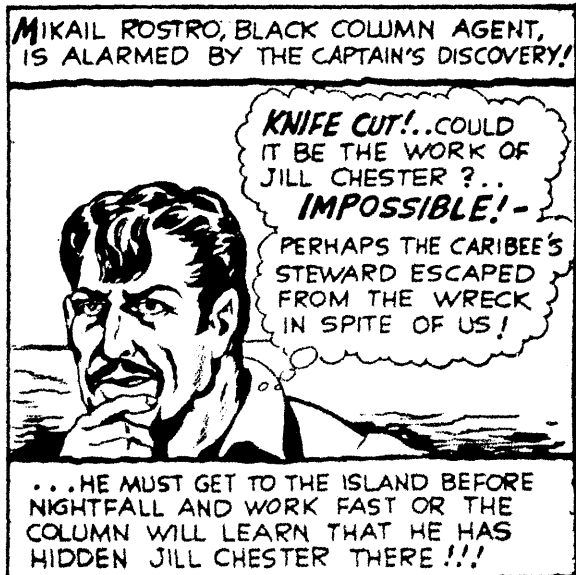

HURRY-FOOLS!

TOO LATE!

FOOLS! DO SHARKS CARRY KNIVES? LOOK AT THIS AIR-HOSE - A CLEAN CUT!

THERE MUST BE SOMEONE ON THE ISLAND!

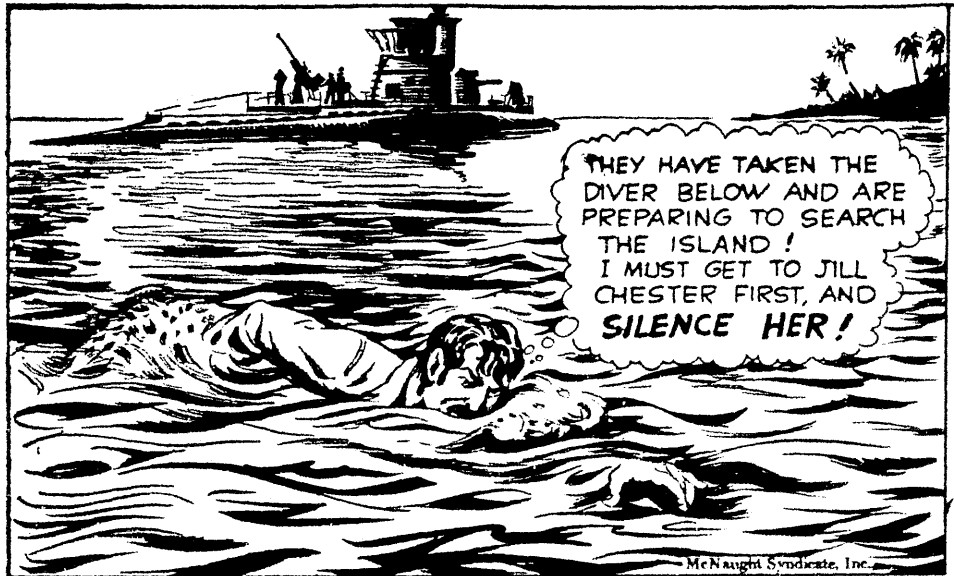

MIKAIL ROSTRO, BLACK COLUMN AGENT, IS ALARMED BY THE CAPTAIN'S DISCOVERY!

KNIFE CUT!... COULD IT BE THE WORK OF JILL CHESTER?... IMPOSSIBLE! -

PERHAPS THE CARIBEE'S STEWARD ESCAPED FROM THE WRECK IN SPITE OF US!

... HE MUST GET TO THE ISLAND BEFORE NIGHTFALL AND WORK FAST OR THE COLUMN WILL LEARN THAT HE HAS HIDDEN JILL CHESTER THERE !!!

THEY HAVE TAKEN THE DIVER BELOW AND ARE PREPARING TO SEARCH THE ISLAND! I MUST GET TO JILL CHESTER FIRST, AND SILENCE HER!

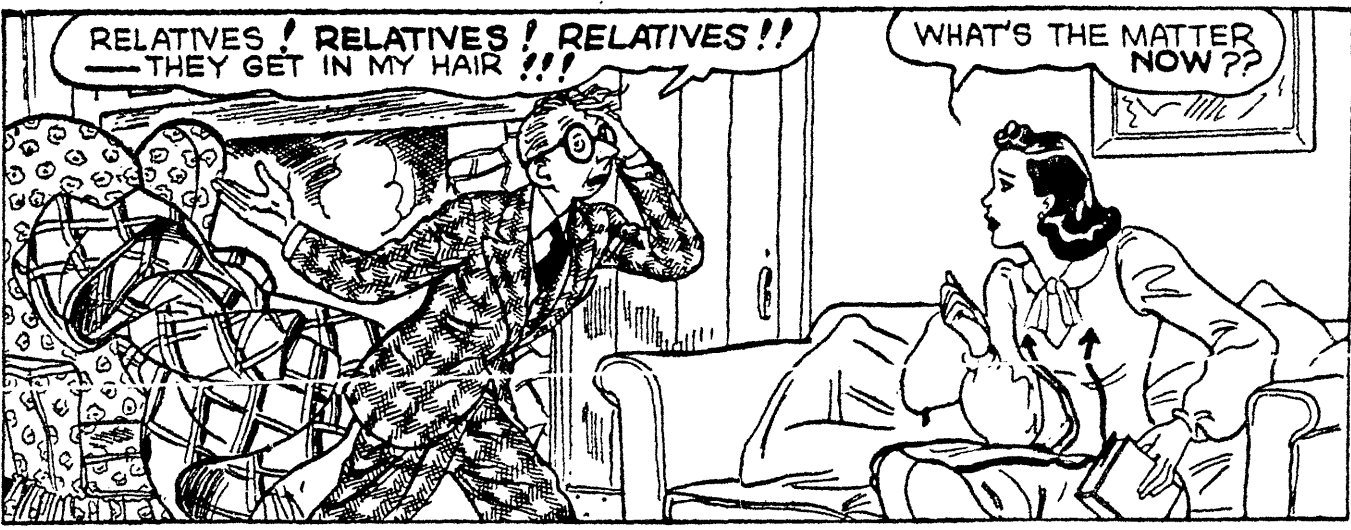

SHE'S COVERING UP... A MAN'S FOOTPRINTS!

## DIXIE DUGAN

By J. P. McEVOY and J. H. STRIEBEL

RELATIVES! RELATIVES! RELATIVES!! - THEY GET IN MY HAIR !!!

WHAT'S THE MATTER NOW??

OH - COUSIN JOE IS ALWAYS ASKING FOR MONEY! UNCLE ED BORROWS MY CLOTHES

AUNT BESS IS ALWAYS ASKING FOR HELP IN SOME WAY! COUSIN SUE IS ALWAYS ASKING FAVORS, TOO -

TSK-TSK-TSK TOO BAD!

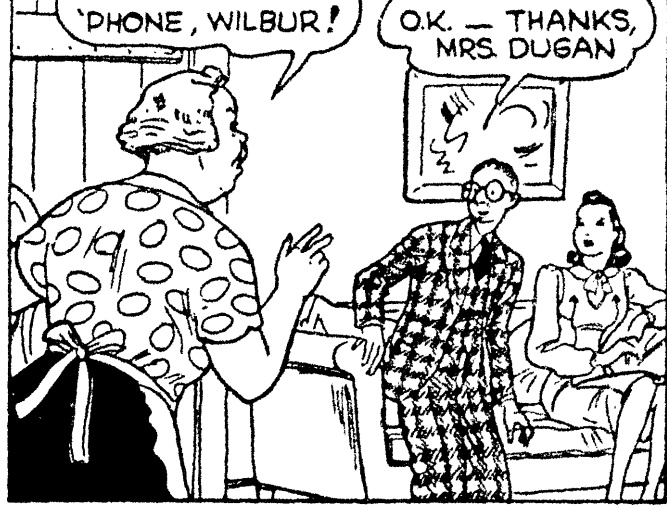

(SIGH) - WHAT CAN I DO??

WHY DON'T YOU MOVE FAR AWAY WHERE THEY CAN'T GET TO YOU?

WHAT?? AND NOT BE NEAR YOU?? NO SIR!

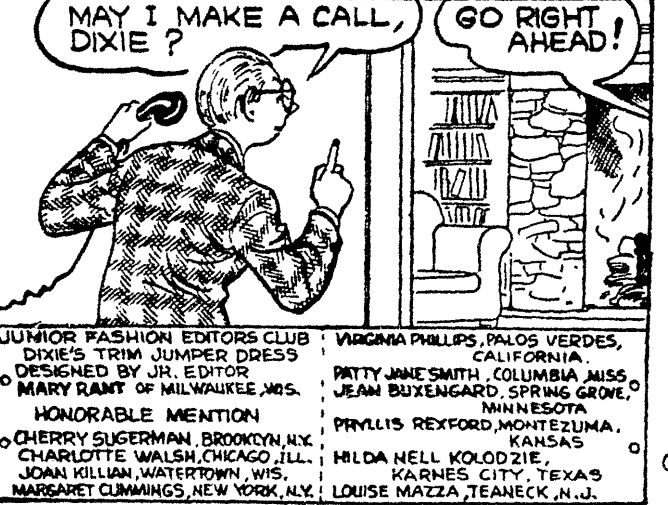

'PHONE, WILBUR!

O.K. - THANKS, MRS. DUGAN

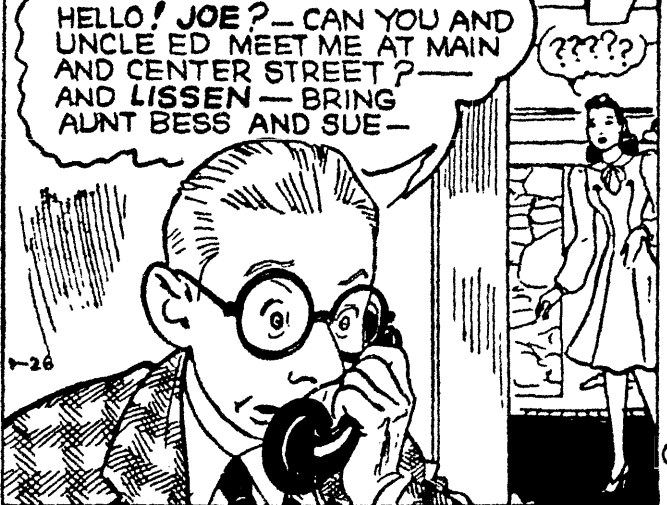

YES ?? THIS IS WILBUR WHIFFLE! - UH - SURE! O.K. - I'LL BE THERE!

MAY I MAKE A CALL, DIXIE?

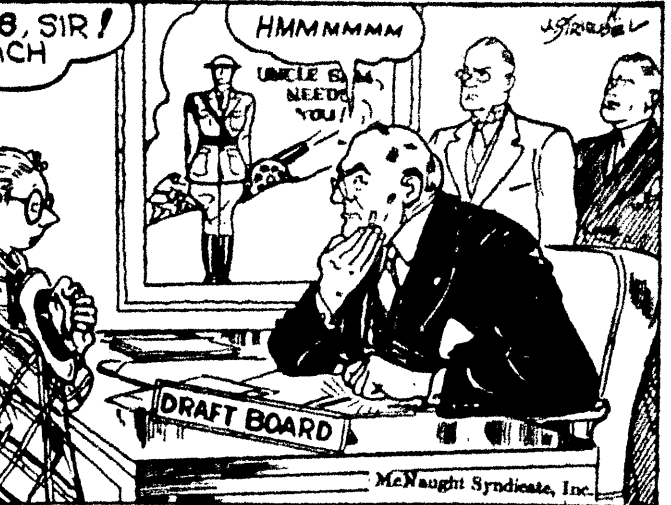

GO RIGHT AHEAD!

HELLO! JOE? - CAN YOU AND UNCLE ED MEET ME AT MAIN AND CENTER STREET? AND LISSIE - BRING AUNT BESS AND SUE -

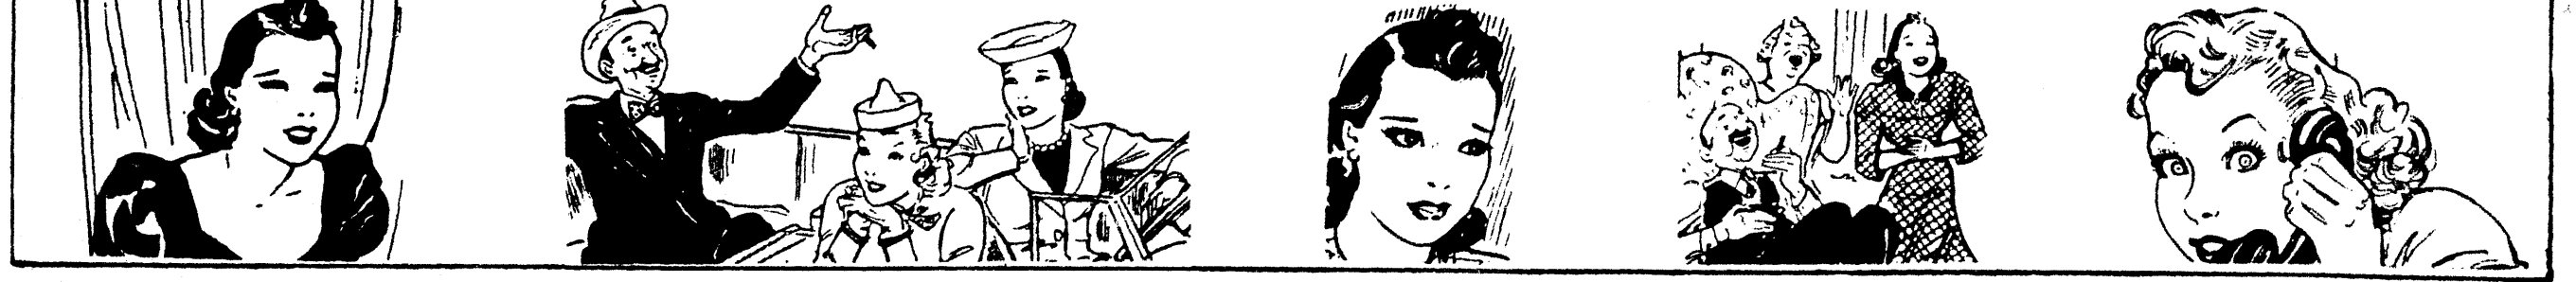

YES! THESE ARE MY DEPENDENTS, SIR! MY DEAR RELATIVES! I LOVE EACH AND EVERY ONE OF THEM!

HMMMMMM

UNCLE ED NEEDS YOU!

## MOON MULLINS

by Frank Willard

PHEEWEE! EMMA, MY DINNER CLOTHES SMELL LIKE THEY HAD SPENT THE BEST YEARS OF THEIR LIFE IN THE BOTTOM OF THE MOTH-BALL BIN OF A FIVE AND TEN CENT STORE.

I WILL HANG IT ON THE LINE AND THE AIR WILL BLOW THAT OUT BY THE TIME WE'RE READY TO STEP OUT TO-NIGHT

BUT, MY DEAR EMMA, YOU CAN'T GO! THIS IS A STAG AFFAIR MY LODGE IS GIVING—

AND WHY, MAY I ASK, CAN'T I GO?

OH, YEAH? WELL, MRS. BOOBLEBAUM TOLD ME HER HUSBAND SAID THEY DID! GIVE ME THAT SUIT. I WILL PUT IT OUT ON THE LINE.

WELL, UH—LADIES JUST DON'T GO TO STAGS, SWEETHEART.

HUMM—PERHAPS THE SUIT WOULD LOOK LESS LIKE SOMETHING THAT CAME OUT OF A GRAB BAG IF I TOOK IT TO THE TAILORS AND HAD IT PRESSED.

I'D GIVE A PARTY IF I KNEW IF MR. BOOBLEBAUM WAS A LIAR, OR LORD PLUSHBOTTOM WAS ASHAMED OF ME SOCIALLY—

WELL, MY HEAVENLY DAYS! I SHALL CERTAINLY NOTIFY POLICE ABOUT THIS!

CALLING ALL CARS! CALLING ALL CARS! SNEAK THIEF JUST TOOK DINNER SUIT FROM 1323 GINK ST—

OH OH!

P.D.

YES, THIS IS A DINNER SUIT, SIR, WHY?

WELL, COME ON WITH US AND WE'LL LET YOU IN ON A SECRET, SONNY.

HELLO—YES, THIS IS LADY PLUSHBOTTOM—WELL SERGEANT, I AND MY HUSBAND ARE GOING OUT TO A EXCLUSIVE AFFAIR TO NIGHT—

THROW TH' BUM IN TH' KLINK, CASEY—LADY PLUSHBOTTOM WILL BE OVER AND IDENTIFY TH GUY AND TH' LOOT LATER

WHEN, SERGEANT, MAY I ASK?

TOMORROW MORNING! TSK-TSK-TSK! WELL, THAT IS ONE SOCIAL FUNCTION WHERE LADY PLUSHBOTTOM WON'T CRASH THE SOCIETY COLUMNS.
